**Import Alert** # 99-32

Published Date: 11/17/2017

Type: DWPE

## **Import Alert Name:**

"DETENTION WITHOUT PHYSICAL EXAMINATION OF PRODUCTS FROM FIRMS REFUSING FDA FOREIGN ESTABLISHMENT INSPECTION"

#### **Reason for Alert:**

NOTE: Revision to this Import Alert dated July 21, 2014 revises the Reason for Alert and Charge sections to change the word "agency" to "agent". Changes are bracketed by three asterisks (\*\*\*).

As part of FDA's activities intended to protect the health and safety of US consumers, FDA often conducts establishment inspections of foreign manufacturers who produce FDA-regulated articles intended for sale in the US.

As part of FDA's foreign inspection process, the Agency may contact the foreign manufacturer and schedule the establishment inspection; however, there is no such requirement to do so. Access to these facilities is a critical aspect of protecting the health and safety of US citizens from unsafe products of foreign origin.

The refusal to permit inspection of a foreign facility or provide reasonable access to FDA's inspectional personnel, combined with other evidence, provides an appearance that the firm's products are manufactured, processed, or packed under insanitary conditions.

The Red List identifies firm(s) that have offered FDA-regulated articles for import into the United States and yet refused to allow the completion of an FDA inspection of their foreign establishment(s) for the purpose of determining establishment conditions and compliance with applicable laws and regulations, for example compliance with FDA's Low-Acid Canned Food regulation, 21 C.F.R. Part 113. On the basis of a refusal from the firm(s), listed on the Red List, combined with other evidence, it appears that their articles were manufactured, processed, or packed under insanitary conditions for purposes of section 801(a)(1) of the act; therefore such articles are subject to refusal of admission into the US.

The Food Safety Modernization Act (FSMA) was signed into law on January 4, 2011. Section 306 of FSMA, codified in section 807 of the FD&C Act (21 U.S.C. 384c(b)), provides FDA with the authority to refuse admission of food into the United States if it is from a foreign factory, warehouse, or other establishment of which the owner, operator, or agent in charge, or the government of the foreign country, refuses to permit entry of United States inspectors or other individuals duly designated by the Secretary, upon request, to inspect such factory, warehouse, or other establishment. For the purposes of this charge, such an owner, operator, or agent in charge shall be considered to have refused an inspection if such owner,

operator, or agent in charge does not permit an inspection of a factory, warehouse, or other establishment during the 24-hour period after such request is submitted, or after such time period, as agreed upon by FDA and the foreign factory, warehouse, or other establishment.

Foreign factories, warehouses, or other establishments who refuse to permit entry of United States inspectors or other individuals, duly designated by the Secretary, to inspect their factories, warehouses, or other establishments will be listed on the Red List of this Import Alert, food products from those facilities are subject to refusal of admission as set forth in section 807 of the FD&C Act.

The Food and Drug Administration Safety and Innovation Act (FDASIA) was signed into law on July 9, 2012. Section 707 of FDASIA added a new section 501(j) to the FD&C Act, making a drug adulterated if it has been manufactured, processed, packed, or held in any factory, warehouse, or establishment and the owner, operator, or \*\*\*agent\*\*\* of such factory, warehouse, or establishment delays, denies, or limits an inspection, or refuses to permit entry or inspection. Articles of drug that have been manufactured, processed, packed, or held in any factory, warehouse, or establishment of which the owner, operator, or \*\*\*agent\*\*\* has delayed, denied, or limited an inspection, or refused to permit entry or inspection, appear to be adulterated and are subject to refusal under section 801(a)(3) of the FD&C Act.

#### Guidance:

Districts may detain without physical examination all products from the firm(s) identified on the Red List to this import alert.

NOTE: If an article is subject to Refusal of Admission per Section 801(a)(1) or 807(b) of the FD&C Act, FDA considers submission of analytical results to be insufficient to overcome the appearance of the product having been prepared, packed, or held under insanitary conditions. In addition, the appearance of a violation per Section 801(a)(1) of the FD&C Act precludes reconditioning under Section 801(b) of the FD&C Act.

Products imported from the firm(s) listed on the Red List to this import alert should remain subject to detention without physical examination until an FDA inspection is completed. Firms may provide copies of inspection reports for inspections performed by third parties only to assist FDA in prioritizing inspection requests.

A manufacturer wishing to schedule an FDA inspection or to provide a copy of an inspection report conducted by a third party, should do so by submitting a request or documentation to the following address:

Food and Drug Administration Division of Import Operations 12420 Parklawn Drive ELEM 3109 Rockville, MD 20857
