Shanghai Acebright Pharmaceuticals Group Co., Ltd.

Shanghai Acebright Pharmaceuticals Group Co., Ltd. (formerly Shanghai Desano Group) was founded in 1996. We are an innovative pharmaceutical enterprise with influential brand in the healthcare industry. Headquartered in Shanghai Zhangjiang Hi-Tech Park, Acebright focuses on the business of pharmaceutical intermediates, APIs, nutritional ingredients, CRO and CMO services.

Acebright has set up an integrated and highly efficient operation system from R&D, manufacturing to sales & marketing to provide high quality products and professional services to our customers and partners in the pharmaceutical and nutraceutical business.

Acebright has 13 manufacturing sites covering an area of more than 573 acres for finished dosage forms, chemical synthesis, genetic-engineering, fermentation, etc. Seven sites have obtained GMP certificates of NMPA and six sites are approved by US FDA. Now Acebright has been one of the leading global suppliers of HIV APIs, Oncology APIs and Nutritional supplements with huge capacity and good quality.

Acebright has established a National Enterprise R&D Center and a National ARV Engineering Research Center, and we have built up a satellite industrialization platform in each of the manufacturing sites. In this well-equipped R&D center, 4 professional R&D technology platforms have been established including Chemical Synthesis, Crystallization Technology, Microorganism Fermentation, Biotechnology, and Formulation Technology.
