

AMUNA PHARMACEUTICALS LLP

Vision

To emerge as a 'global partner of choice' to leading consumers of API's and Intermediates.

Mission

To become a customer-driven organization by providing customized solutions.

Cost effective manufacturing methods supported by proven, eco-friendly and safe technologies.

About Us

We are a "Quality Conscious" Pharmaceuticals Manufacturer. We are specialized in R & D, manufacturing and marketing of Active Pharmaceutical Ingredients (APIs) and its Intermediates. With strong experience and network in Pharmaceuticals across the globe, Amuna is your ideal partner for development of multi-scale synthesis projects as well as manufacturing activities, by ensuring reliable sourcing of raw materials, at competitive pricing. Our customer-oriented approach coupled with good and consistent quality helps us build long term relationships with our esteemed customers.
