

APOTHECON

PHARMACEUTICALS PVT. LTD.

A caring company.....

FOUNDING HISTORY

- Apothecon Pharmaceuticals Pvt. Ltd was founded 11 years ago on May 14, 2007 by Dr. Mahendra Patel (M.S- Pharmacy, Ph.D.- Pharmacy).
- It was his vision of globally supplying medicinal products having the highest quality standards that gave birth to the company.
- He recognized the importance of managing health, safety & environmental matters effectively as an integral part of business activities, which led to the company adopting the tag line of “A caring company..” that holds true in every aspect of our functionality till date.

- *We, at Apothecon commit ourselves on July 19, 2012 at our site Apothecon Pharmaceuticals Pvt Ltd, Dabhasa, Vadodara; to generate clarity in what we do on a continuous basis, to attain quality of all activities in time with economy and effectiveness.*
- *We pray to the Almighty for the fulfillment of this mission to serve our customers, stakeholders and the people of our country and the world with human values."*

MANUFACTURING

ACTIVE PHARMACEUTICAL INGREDIENTS

- **General APIs**

Manufacturing & supply of over 22 generic APIs for niche therapeutic indications including rare diseases.

- **High Potent APIs**

Manufacturing of oncology APIs in a dedicated facility with containment safety systems for various types of carcinomas.

- **API custom manufacturing**

Contract manufacturing for small & large volume APIs as per customer requirement.

WHERE OUR PRODUCTS ARE MADE..

- **SVAPI I & II**

Small Volume Active Pharmaceutical Ingredient manufacturing for *general* APIs.

Products manufactured:

Carglumic Acid

Penicillamine

Fomepizole

Asenapine Maleate

Trientine HCl

Benztropine Mesylate

Argatroban

Fosaprepitant Dimeglumine

Phytonadione

Ropivacaine HCl

Hydralazine HCl

Nicardipine HCl

Phenoxybenzamine HCl

WHERE OUR PRODUCTS ARE MADE..

- **SVAPI III**

Small Volume Active Pharmaceutical Ingredient manufacturing for high potent APIs

Products manufactured:

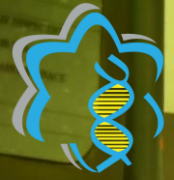

Bendamustine HCl Monohydrate

Carmustine

Cyclophosphamide Monohydrate

Melphalan HCl

WHERE OUR PRODUCTS ARE MADE..

- **LVAPI (I-IV)**

Large Volume Active Pharmaceutical Ingredient manufacturing for API volumes up to 450 TPA (upcoming facility)

Products to be manufactured:

Sevelamer Carbonate

Sevelamer HCl

Colesevelam HCl

Colestipol HCl

Sucroferric Oxyhydroxide

Iron Sucrose Complex

Sodium Ferric Gluconate Complex

WHERE OUR PRODUCTS ARE MADE..

- **LVAPI V**

Manufacturing for intermediates up to 216 MTA.

Products manufactured:

Polyallylamine HCl

FORMULATIONS

- **Oral solids**

Manufacturing of oral solid dosage forms like tablets, capsules & lozenges for renal care, cardiac care, rare diseases and smoking cessation. We also undertake contract manufacturing as per customer requirements.

- **Parenterals**

Manufacturing of 14 + injectable products for niche therapies at our certified CMO facilities.

WHERE OUR PRODUCTS ARE MADE..

- **Generic Oral Solids**

Manufacturing of oral solid drug products with batch sizes ranging from 10 to 300 kg.

Products manufactured:

Carglumic Acid tablets

Trientine HCl capsules

Penicillamine capsules

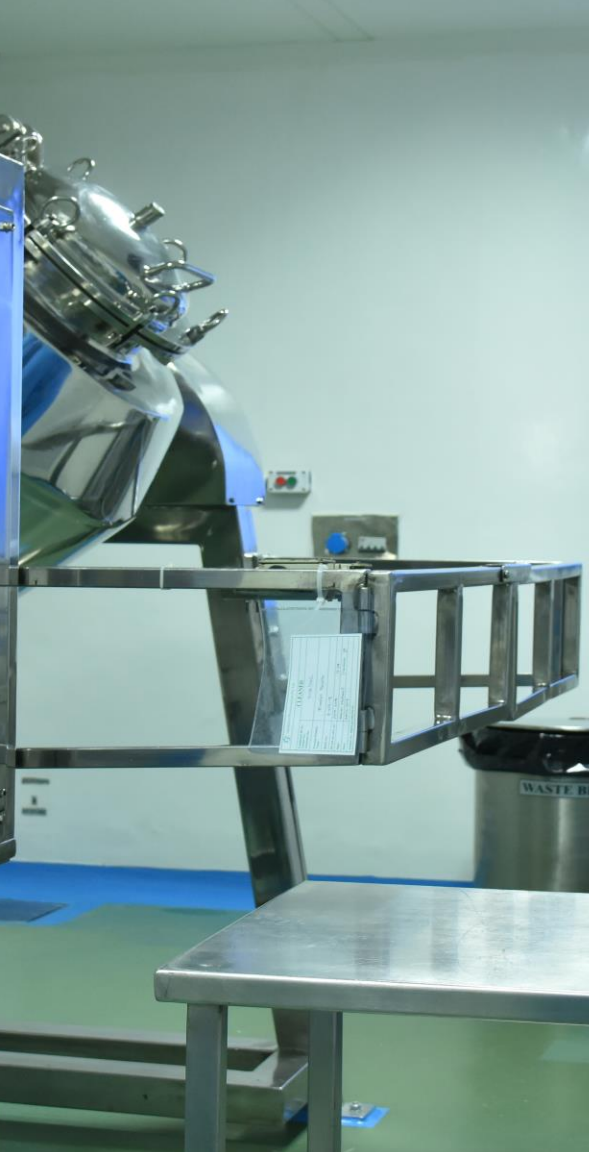

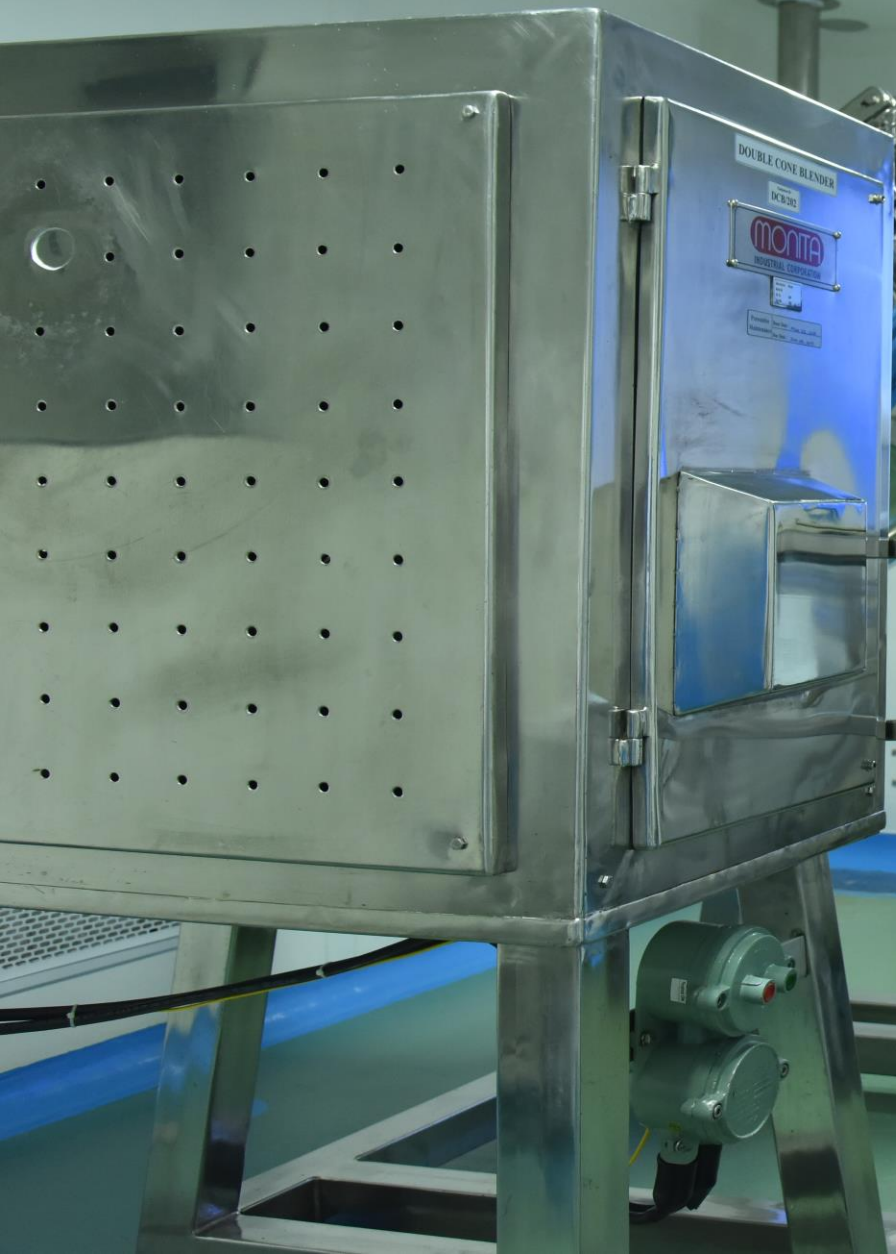

Sevelamer Carbonate tablets

Sevelamer HCl tablets

Colesevelam tablets

Nicotine Polacrilex lozenges

WHERE OUR PRODUCTS ARE MADE..

- **Generic Parenterals**

Manufacturing of 14 + injectable drug products at US & EU approved CMO facilities

Products manufactured:

Carmustine injection

Fomepizole injection

Iron Sucrose injection

Fosaprepitant injection

Ropivacaine injection

WHERE OUR PRODUCTS ARE MADE..

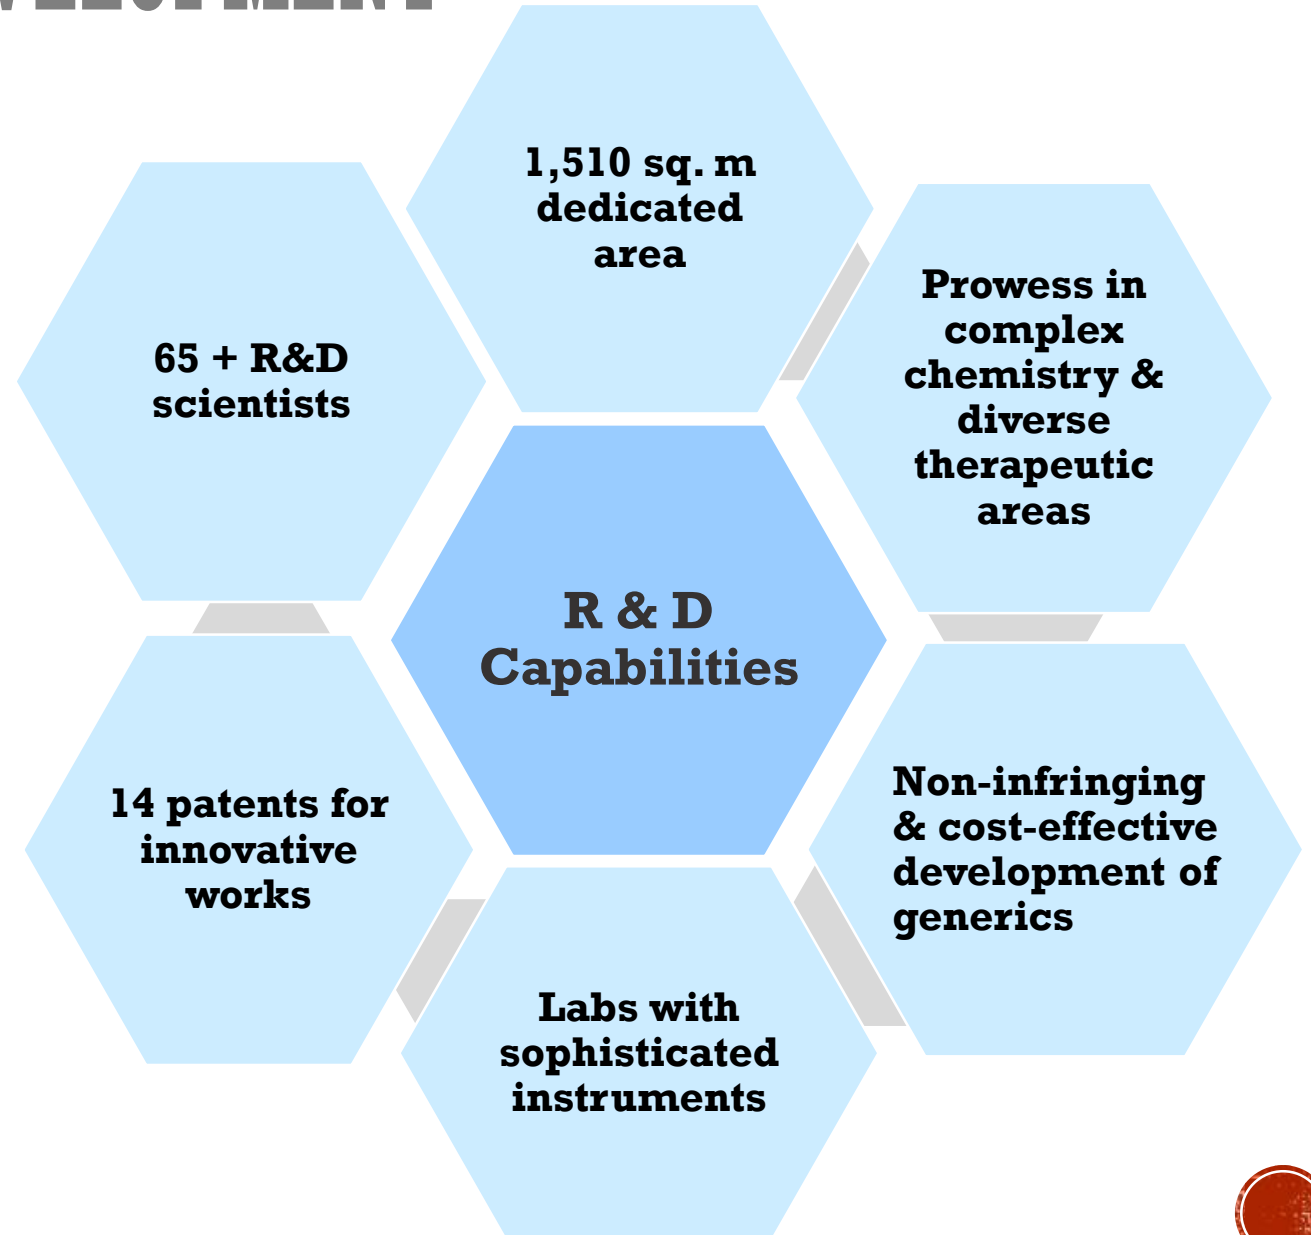

- **Topical Semi Solids**

We are soon expanding our facility to manufacture topical semi solid formulations

RESEARCH & DEVELOPMENT

ANALYTICAL DEVELOPMENT & TESTING

- Analytical method development, validation & transfer
- Structural elucidation for drug substance and impurities.

PIPELINE

Type II Diabetes Mellitus

Linagliptin

High BP/Angina

Nicardipine
(oral)

QUALITY

Stability Testing

**Microbiological
Analysis**

**Chemical
Analysis**

**Instrumental
Testing**

*Quality is one of the core philosophy
at Apothecon*

- C-GMP compliant facility meeting international regulatory requirements.
- Stringent quality checks at each stage to ensure consistent quality.

ICPMS TESTING

GLP compliant laboratory with ICPMS & capabilities to provide elemental impurity testing services as per USP & ICHQ3D requirements.

WHY PARTNER WITH US?

Strong operational infrastructure & expertise

Sustained growth trajectory

Competitive prices & high quality products

Uncompromising standards & business ethics

One stop for all key products in diverse categories
