

## ASG Biochem Private Limited

Executive Summary

# ASG BIOCHEM Expert in Hormones & Steroids

ASG Biochem, an expert in Steroids and Hormones, is a bulk API manufacturing company under aegis of the leading industrial conglomerate Apeejay Stya Group, headquartered in New Delhi. The unit was acquired from AKZO Nobel N.V., Netherlands in 2004.

### Our Values

- Quality is an attitude and process, not a checklist
- We look at our customers as long-term partners
- The end-user is our key priority
- Ethical actions speak louder than words
- No project is too big or too small

### Facility

- A 12-acre Ganganagar premise in Kolkata, West Bengal
- Three world-class plants dedicated to the production of APIs and intermediates
- Well-equipped Q.C. departments to ensure strict quality standards as per sch.-L1
- Manufacturing capacity of over 100 tons per annum/ 150 million liter hours

### R&D Research Center

- Two state-of-the-art research and development centers in Delhi and Kolkata
- A rich intellectual base of Ph.Ds and PGs in Synthetic and Analytical Chemistry
- Privileged access to University Research departments across the country

### Regulatory Status

The unit has global exports including intermediates/pennultimates to the European Union apart from supply to internal Group companies.

- US-FDA audited plant
- Schedule M GMP
- ISO 9001-2015 certification
- ISO 14001-2015 certification

### Environment & Safety

- First in the country to set up modern effluent treatment facilities in line with global standards
- Commitment to environment and safety standards
- Unit recognized for environmental excellence and occupational health
- Focus on prevention and risk management

### Documentation

ASG has an in-house dedicated team to provide customer documentation as per requirement. We can provide:

- COA
- MSDS
- MOA
- Technical Package
- Open part of DMF
- DMF for large orders

### Finished dose formulations

- Strong network of loan license and contract manufacturers
- Ability to provide turn-key formulations and dossiers through our associates

### Client base

- Rich global clientele. Strong supply chain including "USA, Europe, Japan, Asia, Latin America, Australia, Africa"

## ASG BIOCHEM Our Range of Products

**• APIs AVAILABLE •**  
*(BP/EP/USP/IP Specifications as applicable)*

### Progestogen Series

- Progesterone
- Allylestrenol
- Ethylestrenol
- Levonorgestrel
- Lynestrenol
- Norethisterone Acetate
- Norethisterone
- Norethindrone
- Norethindrone Acetate

### Estrogen Series

- Estradiol
- Estriol
- Estradiol Benzoate
- Estradiol Valerate
- Estradiol Hemihydrate
- Ethinyl Estradiol

### SERMs

Clomifene Citrate

### List of Products Under Development

- Alternogest
- Danazol
- Drospirenone
- Enclomiphene Citrate
- Estradiol Cypionate
- Ethisterone
- Hydroxy progesterone Caproate
- Medroxy progesterone Acetate
- Mifepristone
- Norethisterone Enanthate
- Norgestimate
- Ospemifene
- Oxandrolone
- Tamoxifen Citrate
- Trenbolone
- Trenbolone Acetate
- Trilostane

### Customer Synthesis & Manufacturing Services Offered

Full ICH compliance with elemental analysis, impurity, microbiology, TSE/BSE

DMF available as well as under preparation

All transactions are carried out in conformity with Patent Laws applicable in the user country. Responsibility with respect to third parties patent rights in a specific country lies exclusively with the user.

All non-steroidal / non-hormonal products are manufactured in separate manufacturing unit of the plant as per GMP norms. Three world-class plants housed in the same campus.
