**ISO 9001:2015 CERTIFIED**

## ABOUT US

We are an ISO 9001:2015 integrated, fastest-growing, and reputed pharmaceutical bulk drug (API) and pharmaceutical Intermediates exporting company based in India. We have a strong track record of providing high-quality APIs to our customers around the world.

We are committed to providing our customers with the highest-quality APIs at competitive prices. We have a team of experienced personnel to ensure the quality of our products. We have the industry's broadest portfolio of more than 80 high-quality API (Active Pharmaceutical Ingredient) products and more than 50 pharmaceutical intermediates.

We export APIs to a wide range of countries, including Europe, MENA countries, LATAM countries, China, etc. We are a trusted supplier to many leading pharmaceutical companies and have a reputation for providing high-quality products and excellent customer service.

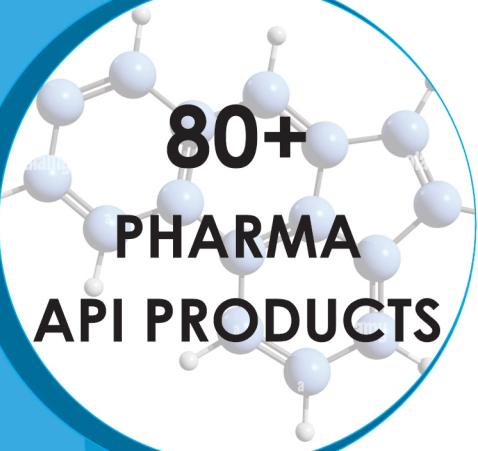

We ensure that our manufacturing partners have the valid approval of FDA regulatory bodies and international certifications like EUFMP, cGMP, USFDA, GMP, Halal, Kosher, and Korea FDA, along with the documentation and systems that are required for a regulated market. We have been supporting several international customers with these documents for the registration of products in their respective countries.

### Our Products

We offer a wide range of APIs, including antibiotics, anti-inflammatories, analgesics, and cardiovascular drugs. We also offer APIs for veterinary and animal health products and intermediates for Pharmaceutical, dye, and agrochemical products.

### Our Customer Service

We are committed to providing our customers with excellent customer service. We have a dedicated team of customer service representatives who are available to answer your questions and help you with your orders.

## VISION

To be the leading supplier of high-quality pharmaceutical APIs and Intermediates to the global market, providing our customers with the products and services they need to improve the health and well-being of people around the world.

We envision a world where everyone has access to the high-quality pharmaceutical APIs they need to live a healthy life. We will provide our customers with the products and services they need to improve the health and well-being of people around the world. We will do this by:

**Leadership:** We aspire to be the leading supplier of pharmaceutical APIs in the global market.

**Quality:** We are committed to providing high-quality APIs that meet or exceed international standards.

**Customer service:** We will always provide excellent customer service to our customers.

## MISSION

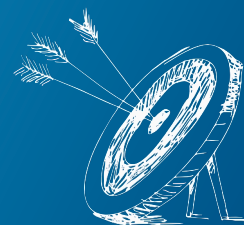

To be a leading provider of high-quality pharmaceutical APIs and Intermediates to the global market. We are committed to providing our customers with the highest-quality APIs at competitive prices while also upholding the highest ethical standards. We believe that by providing our customers with the best possible products and services, we can help improve the health and well-being of people around the world.

We will achieve Our vision by being the leading supplier of pharmaceutical APIs and Intermediates in the global market. We will do this by:

Maintaining the highest standards of quality in our products and services.

Providing excellent customer service to our customers.

Expanding our global reach to reach more people in need.
