Your sourcing needs...

With Bazayan you benefit from our longstanding experience in the international market for active pharmaceutical ingredients (API). You will gain access to top notch active ingredient manufacturers and suppliers from Asia Pacific Region.

Providing the critical India advantage to formulators across the world.

Company Profile

From the inception of Bazayan GmbH in Zürich, Switzerland in 2011, the company has never looked back, growing at a very decent pace year after year. Bazayan is trading and distributing chemical raw materials for various industries with the main focus on the pharmaceutical and personal care industry.

The objective of Bazayan is to become a leading player in the Active Pharmaceutical Ingredients Distribution business through a very dedicated & qualified team. The Company is domiciled/registered in Basel, Switzerland with established sales and distribution office in Mumbai, India since 2015. More expansion plans for the group are lined up.

Within a short time, Bazayan has already established its reliable product sourcing/ principles in India, China and the Far East. At present the company has strategic tie up with more than 15 companies that are GMP/WHO Certified/ EU GMP Model manufacturers in India & China for production of Human Health APIs and Animal Health APIs. Apart from APIs the company is already exporting various Excipients like Waxes, Lanolin, Essential Oils and other ingredient for personal care industry In Africa, Middle East, South America and Asia Pacific regions.

It is our pledge to provide quality products and services to our ever-growing delighted customers through our core principles of accountability and reliability in all aspects of our dealings, both internally and externally.
