

- Established in 2010, Bills Biotech is family owned private limited company promoted by Ranjit Buildcon Group.
- It's ISO 9001:2015 and WHO-GMP certified specialty bulk drug manufacturing company based on fermentation technology.
- Our **vision** is to be viewed as one of the leading specialty biopharmaceutical companies at the global level.
- Ours **mission** is to provide quality APIs of international standards to our clients with minimum impact on environment.

Total Land Area : 9000 Sq Meter
Zero Discharge Facility

Two separate sterile areas with LAF
Double door sterilizer with data printer
Incubator shakers
BOD incubator
Centrifuge
Microscope with Camera
Liquid nitrogen storage
-80 °C Freezer

HPLC systems with 21 CFR Server

GC system

Stability Chambers

Spectrophotometer

Micro balance (MT)

KF moisture analyzer

2 x 100 Ltr Fermenters

Microfiltration
(Pilot)

Nano filtration
(Pilot)

40 KL Fermenter
4KL Fermenter + Seed vessel
400 Ltr Fermenter + Seed vessel
2 KL Dosing vessel
500 Ltr Dosing vessel

20 KL Broth Harvester
58 M² Microfiltration system
Decanter Centrifuge
2 x 28 KL Reactor vessel
5KL Vacuum Distillation
3KL Vacuum Distillation
Sparkler filtration
Nutch Filter
Crystallizer

340 Ltr Chromatography Column
2500 Ltr Chromatography Column
Gradient Preparation tanks
Solvent storage tanks
Fraction collection tanks

Class 100000 Area
Basket Centrifuge
Vacuum Tray Dryer
Multimill
Vibro sifter
Sealing machine

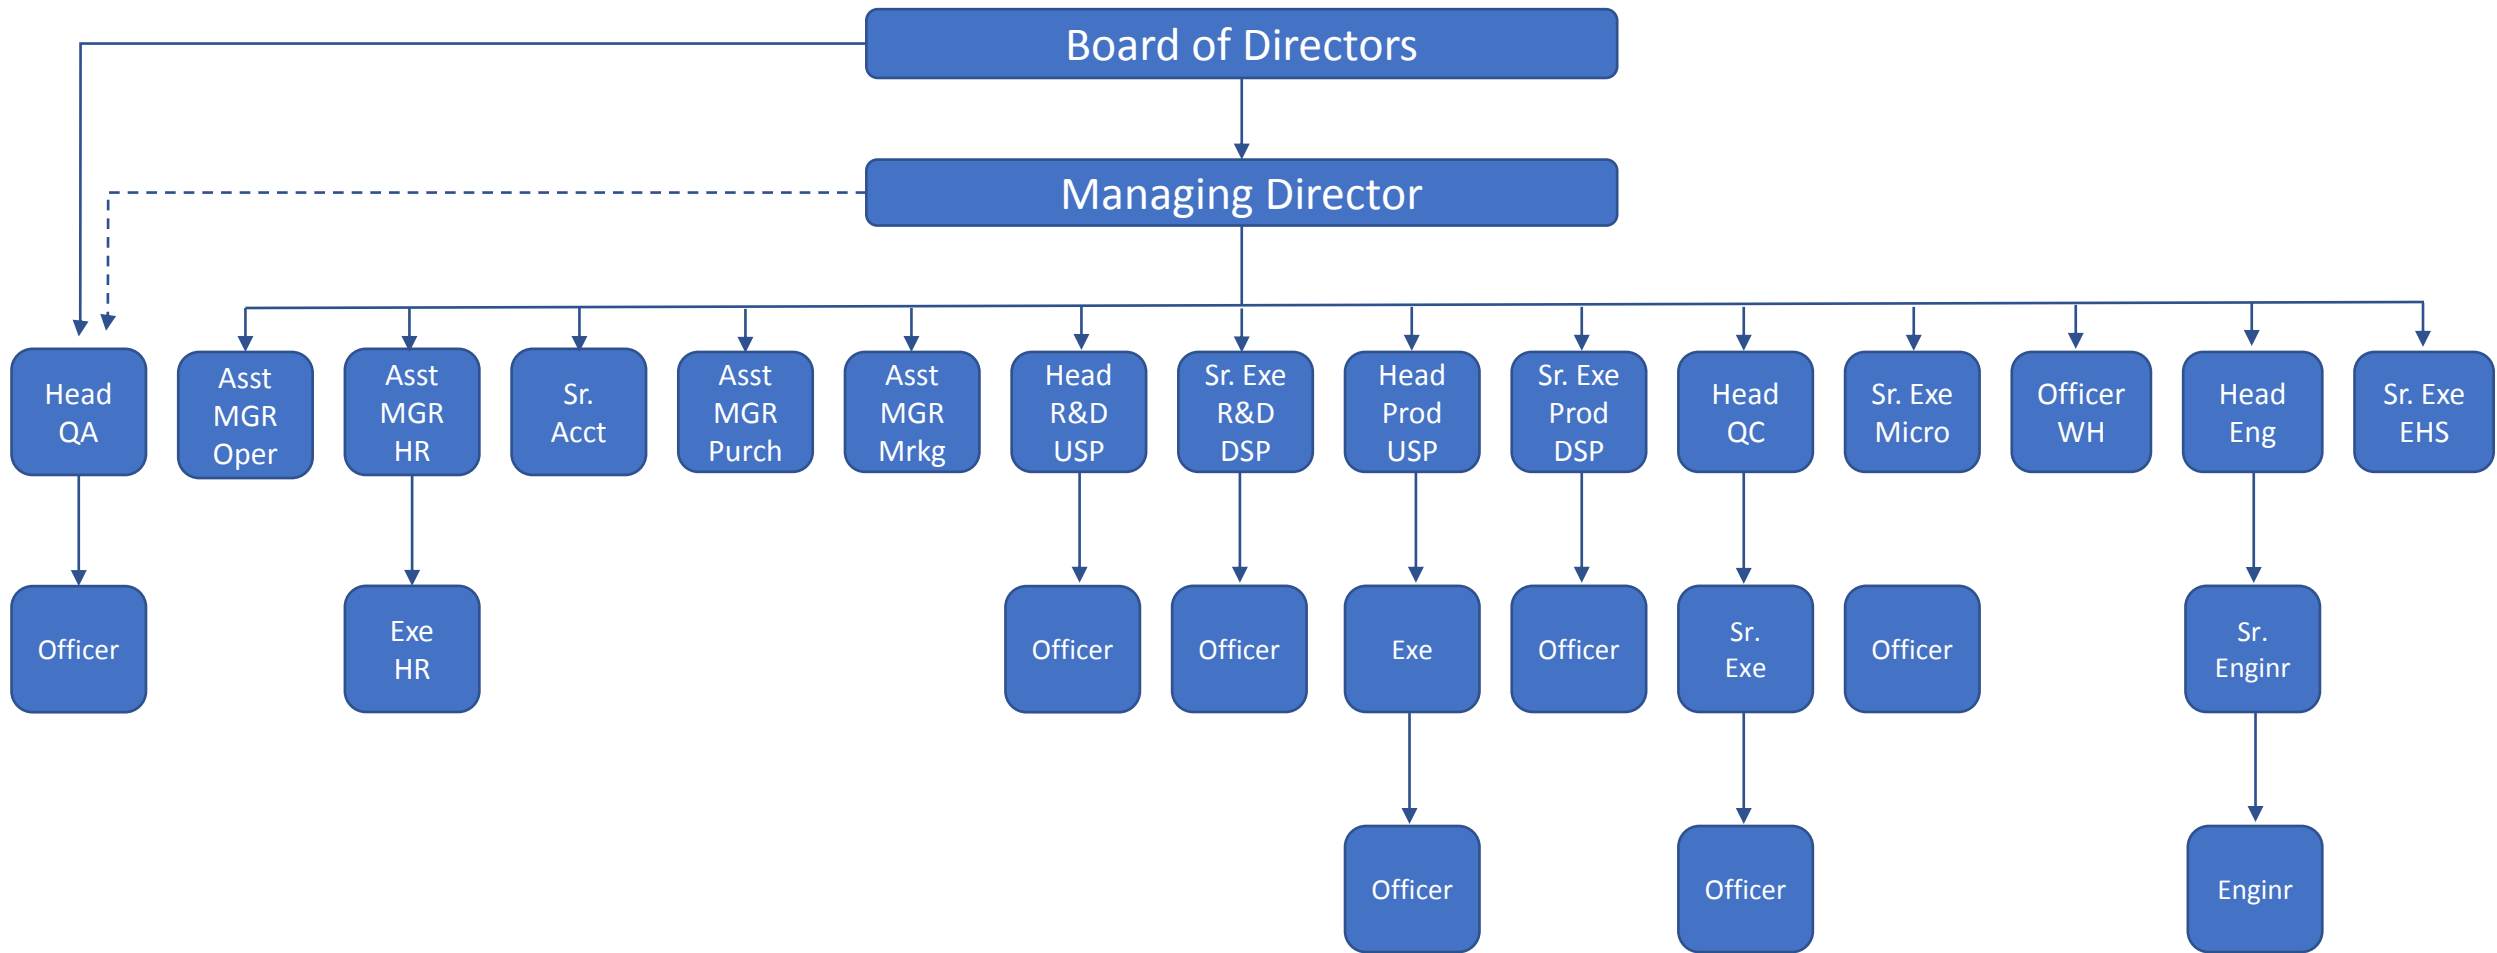

- Two separate climate control area for FP storage
 - (1) 2-8 °C
 - (2) 25 °C
- 0.3 micron Finish Product Packaging Area with HVAC

Boiler
Chiller
Brine Chiller
Air compressors
DG set
Water cooling towers
Vacuum pumps
RO and DM water plant
Water Distribution loop system

Zero discharge facility
10 KL per day treatment capacity
Online monitoring system for CPCB

Product	Pharmacopeia	Therapeutic Segment	Status of DMF
Mupirocin	IP/USP/BP/EP	Topical Antibiotic	Available
Mupirocin Calcium	USP/EP/BP	Topical Antibiotic	Tech Pack
Tacrolimus	IP/USP	Immunosuppressant	Tech Pack

- Strong process R&D based biotech company having experience in manufacturing and marketing of it's own products (Orlistat, Mupirocin and Tacrolimus).
- Strong team of senior personnel with diverse background propelling the young team towards excellence.
- Company with young and enthusiastic staff.
- Strong financial backup.
- Being privately own company it has a flexibility to work with partners to realize the common goals.

Thank You
