

『 Hybloom™ Minitrue 』

A New Generation of Micromolecular Hyaluronic Acid

【Molecular Weight<1000 Da】

【Ceramide Booster】

Efficient Penetration

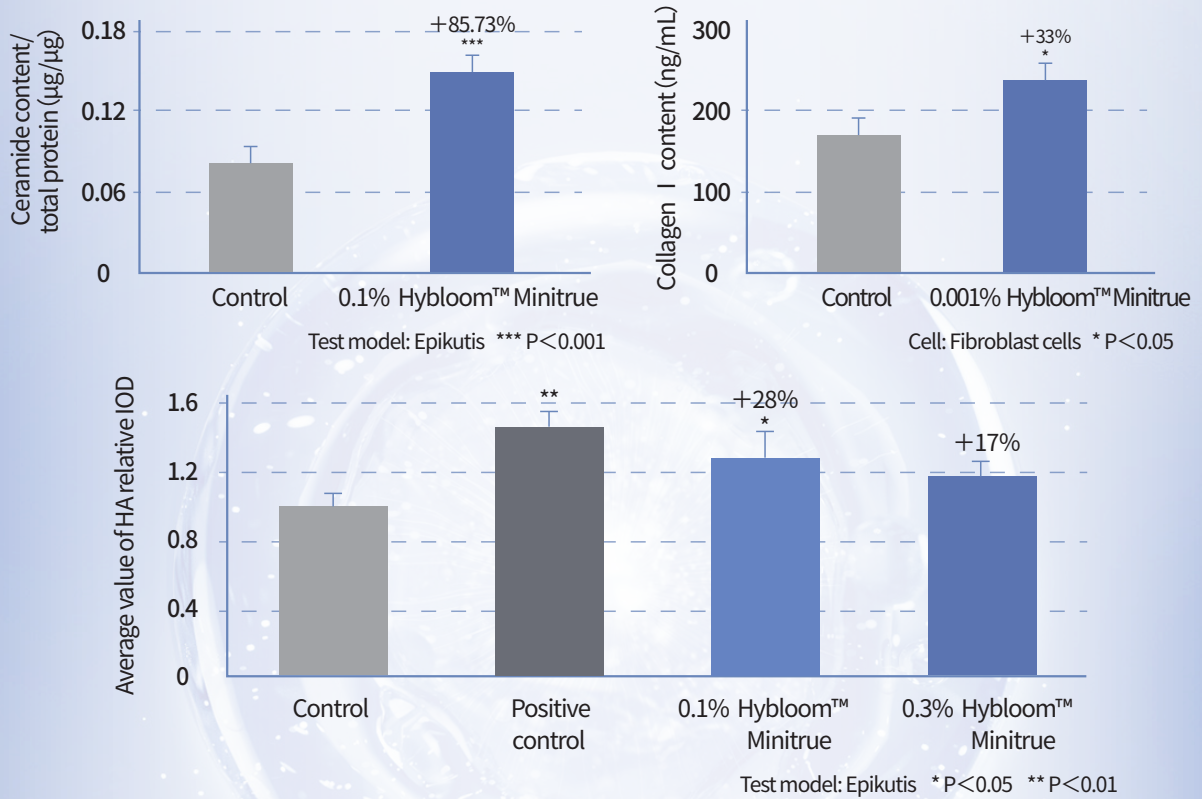

Fast Hydration

Endogenously Promoting Ceramide And Collagen

Strong Repair

Promote the endogenous synthesis of Ceramide, Collagen and HA

In-vitro test shows that Hybloom™ Minitrue can promote the synthesis of endogenous ceramide by 86%, HA by 28% and collagen by 33%.
