

## **Products and Pipeline**

2021

## The new Alternative in Energy Market

- The worldwide unique Cogito Soft-Gum for chewing and swallowing
- Innovative formulation for oral intake
- Improves muscle and mental performance
- Improves concentration ability
- Increase your attention and alertness
- Reduces fatigue and tiredness
- **Ultrafast onset of action due to**
  - Buccal adsorption
  - Penetration enhancer
  - Solid solution
- Energy in pocketstyle
- Exact dosing, 100% bioavailability
- Convenient intake, no liquid needed
- Without gas
- Highest available quality due to production under pharmaceutical guide lines
- Sugar-free/fat-free /gas free /preservatives free
- Listed in "Cologne List" to be official used by performance sportsmen.
- Recommend dose: 3 Cogits per day
- Wherever you need it: job, high-school, sport, party, traffic
- Made in Germany

## COGITO® *prolife*, IQ

For the support of memory and mental performance

- Innovative formulation and clinical tested ingredients for optimization of mental performance.
- Contains the lemon balm **extract Bluenesse®**
- To take before important tasks or tests. Can be taken on demand, as its effects are created within one hour of intake and are still measurable after three hours
- Continuous intake for preservation of mental performance
- One Soft-Gums daily or 2 Soft-Gums 1 hours before tasks/test

### Bluenesse® and its positive properties

- Bluenesse® supports immediate, perceptible improvement of cognitive performance, mood and the ability to cope with stress
- This results for example in better ability to solve tasks and assignments
- For adults, pupils and students

### Amount per serving: One Soft-Gum (2.15 g):

300 mg Bluenesse®, 0,9 mg Pantothenic acid\*;  
0,165 mg Vitamine B1 (Thiamin)\*; 1,5 mg Zinc\*  
[\*all correspond to 15% RDA]

Bluenesse®

### COGITO® *prolife* IQ, USPs

- New principle for improvement of brain performance
- Best alternative to pharmaceutical products
- Natural mode of action
- Sugar free, without preservatives
- Easy intake, good taste
- Highest available quality due to production under pharmaceutical guide lines

Made in Germany

## COGITO® *prolife*, Immun<sup>3</sup>

For the support of the immune system

- With the **Vitamins D and K2, B12 and C.**
- One Soft-Gums every second day

**Vitamins D and K have been proven to lower the risk to get severe Covid-19 infections**

- **Amount per serving: One Soft-Gum (1.80 g):**  
25 µg Vitamin D3 (1,000 units), 500% RDA; 75 µg Vitamin K2, 100% RDA, 5 µg Vitamin B12, 100% RDA, 80 mg Vitamin C, 100% RDA,

### COGITO® *prolife* Immun<sup>3</sup>, USPs

- Optimal vitamin composition
- Sugar free, without preservatives
- Easy intake, very good taste
- Highest available quality due to production under pharmaceutical guidelines

Made in Germany

## COGITO® *prolife*, WE

For the support of men performance

- Innovative formulation for the optimization of men performance
- Contains active ingredients **Careflow**®, a 100 % Mango fruit powder (*Mangifera indica* L.)
- **Careflow**® has been tested in different clinical studies and exhibits an improvement of blood microcirculation, physical capacity and heart function.
- Continuous intake for preservation of men performance
- One Soft-Gum daily or 2 Soft-Gums on demand.

### Careflow® and its positive properties

- **Careflow**® combines blood microcirculation boosting effect with additional antioxidative and anti-inflammatory effects.
- This leads to better performance of men
- Additional **Careflow**® is an Inhibitor of PDE5 to achieve and sustain **sexual performance**

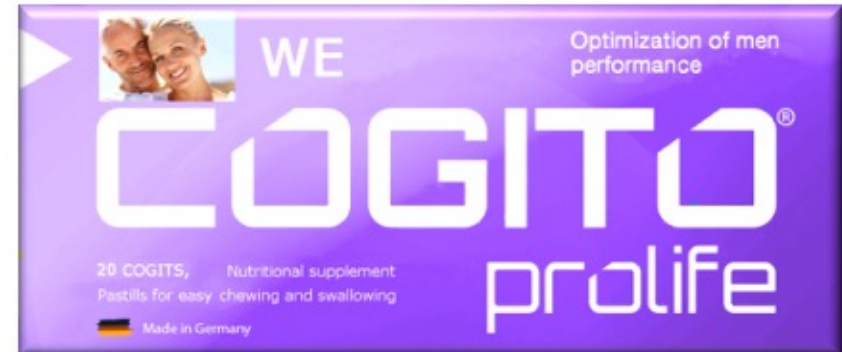

### Amount per serving: One Soft-Gum (0.8 g) per application:

100 mg **Careflow**® Mango powder

0.9 mg Pantothenic acid\*

4.84 mg Zincitrate trihydrate (1.5 mg Zn)\*

(\*all correspondend to 15% RDA)

### COGITO® *prolife* WE, USP's

- New principle for improvement of men performance
- Best alternative to pharmaceutical products
- Natural mode of action
- Sugar free, without preservatives
- Easy intake, good taste
- Highest available quality due to production under pharmaceutical guide lines
- Approved for use in food supplements & food
- Safe, well-tolerated food ingredients
- Clinical proven efficacy

Made in Germany

## COGITO® *prolife*, ANTI AGING

For the support of a normal heart function, normal nerve function and a healthy mind.

### Red Wine, its positive properties and the French Paradoxon

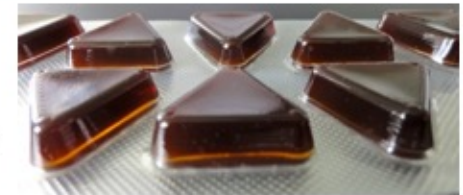

- French population have a lower incidence of coronary heart diseases compared to other European countries or the US (less than 40%)
- This phenomena is known as "French Paradoxon"  
Contains ingredients of red wine.
- Daily intake: One soft-gum per day

### Ingredients and function

- Contains natural Resveratrol, produced by qualified fermentation processes
- High anti-oxidative protection
- Anti-oxidative potency means enhancement of cell protection
- 75 mg Resveratrol per soft-gum.
- Thiamin is supporting the normal heart function

### Amount per serving: one Soft Gum (0.8 g):

75 mg Resveratrol (equivalent to approx. 7 liter red wine),  
0,44 mg Vitamin B1 (Thiamin, equivalent to 40% RDA),

### COGITO® *prolife*, ANTI AGING, USPs

- Innovative formulation for convenient daily intake
- Delivers the ingredients of red wine
- Solved active ingredients (solid solution) with highest bioavailability
- Sugar free, alcohol free, no preservatives
- Easy intake, good taste
- Highest available quality due to production under pharmaceutical guide lines

## COGITO® *prolife*, REC

For the support of muscle recovery after exercises

- Innovative formulation for intake on demand
- Contains Recoverben®, a 100 % native Lemon verbena extract
- To take after after exhaustive exercise for fast muscle recovery and prevention of muscle strength loss and reduction of muscle soreness.
- 2 Soft-Gums daily

### Recoverben® and its positive properties

- Recoverben® significantly reduced exercise related muscle strength loss
- The reduced loss of muscle strength is due to less muscle fatigue and damage
- Recovery time is shortened and full recovery can be reached
- Recoverben® supports antioxidative defense

### Recoverben® helps to support:

- Strength exercise and functional fitness
- High intensity training
- General physical activity and team sports
- Body building

**Amount per serving: Two Soft-Gums (1.6 g):**

400 mg Recoverben®,

1,8 mg Pantothenic acid\*; [\* corresponding to 30% RDA]

### Recoverben®

Recoverben® has been tested for banned substances by LGC's world-class sports anti-doping laboratory. None of the listed drugs could be detected.

### COGITO® *prolife*, Rec USPs

- New principle for fast and enhanced muscle recovery
- Natural mode of action
- Sugar free, without preservatives
- Easy intake, good taste
- Highest available quality due to production under pharmaceutical guide lines
- Approved for use in food supplements & foods
- Safe, well-tolerated food ingredient

## COGITO® *prolife*, PROTECT

**For the reduction of free radicals and the protection of body cells for oxidative damages**

Berries are containing antioxidative components like polyphenols in significant amounts. These radical scavengers are used by the plants for their own protection, for example of UV light, free radicals or other oxidative

All kind of berries are using these substances as weapon for defending. For this reason **COGITO® *prolife* PROTECT** is using the same ingredients as extracts from berries and with highest content of antioxidants.

**COGITO® *prolife* PROTECT** is concentrating the useful components of different berries in one soft-gum.

- Daily intake: one to two COGITS.
- Content: One Box is containing 20 COGITS = 43 g

### Amount per serving: One Soft-Gum (2.15 g):

200 mg extract of Powerberries-extract\* \*  
0.4 mg folic acid\*.\*.\*.\*  
1.5 mg zinc.\*

\* according to EFSA

\*\* from cranberry, blueberry powder and extract, grape powder and grape seed extract, raspberry powder, prune- and tart cherry powder, wild bilberry powder and extract, strawberry powder

### COGITO® *prolife*, PROTECT, USP's

- **COGITO® *prolife* PROTECT** contains a high diversity of antioxidants originated from different berries and fruits\* \*.
- One COGIT is containing the selected ingredients corresponding to 125g berries und fruits.
- Easy intake, good taste
- Zinc contributes to the protection of body cells from oxidative damages.
- Sugar free, fat free, no preservatives
- Highest available quality due to production under pharmaceutical guide lines
- Made in Germany

## COGITO® *prolife*, Salt Gums, Supplement of electrolytes during endurance sports and strong sweat loss

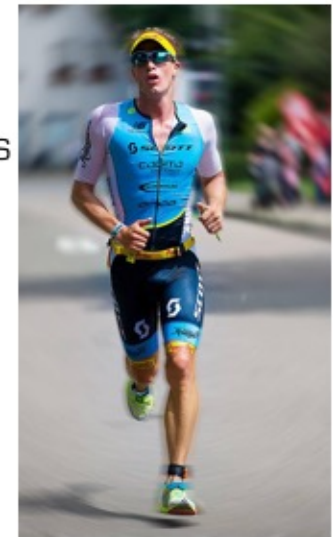

- For active women and men for supplementation of electrolyte body balance during endurance sports.
- Contains sodium, potassium, calcium and magnesium.
- Buffered system for optimal stomach tolerance
- Waterresistant and hygienic packaging to carry at all endurance competitions (marathon, triathlon, bike, crosscountry ski etc.)
- Easy and burden/sweat adaptable dosing
- Easy intake, good taste
- Intake: Depending on personal burden and sweat loss up to 10 gums during a competition, training.
- Highest available quality due to production under pharmaceutical guide lines.

Dietary Supplement. 30 Salt Gums.  
30 x 2.15 g = 64.5 g

Amount per serving: 10 COGITS

800 mg Natrium  
400 mg Potassium  
15 mg Calcium  
30 mg Magnesium

Made in Germany

**Astaxanthin-B12 Soft-Gums**

Energy kick for body and soul plus  
Double protection of body cells

**ASTA-B12**  
Double strength!

The new formulation fighting tiredness and fatigue, exhaustion, listlessness and lack of concentration. For faster ability of regeneration induced by the combination of astaxanthin und vitamin B12.

**Astaxanthin is improving muscle endurance**

- Improving muscle regeneration, lowering muscle fatigue
- Lowering concentration of lactic acid
- Reducing muscle inflammation and damages
- Improving blood circulation und quality of red blood cells
- Enhancement of fat metabolism by optimized function of mitochondria.

**Astaxanthin is supporting the cardiovascular system**

- Reduces oxidative stress
- Improves blood circulation
- Reduction of LDL-oxidation and reduction of plaques at vessel walls
- Optimization of blood lipids profile.

**Astaxanthin is strengthening the immune system**

- Faster immune response.
- Stimulation of macrophage-activity leading to better immune defense.

**Vitamin B12, 100µg**

- contributes to normal energy-yielding metabolism
- contributes to normal functioning of the nervous system
- contributes to normal psychological function
- contributes to the reduction of tiredness and fatigue
- contributes to the normal function of the immune system

**COGITO® *prolife*, ASTA-B12, Special features**

- Highest bioavailability
- Easy to chew, good taste
- Sugar free, preservative free
- Highest quality guaranteed due to pharmaceutical production.

One soft-gum ASTA-B12 (1.2 g) contains:  
glycerol, gelatin, vitamin C, inulin, astaxanthin (4mg), lecithin, vitamin E, flavor, sucralose  
100 µg vitamin B12 (according to 4000% NRV)

## COGITO® *prolife*, SKINFORM

For skin beauty and health

- Containing **Bioactive Collagen Peptides**
- Improving skin's moisture and elasticity
- Refills the natural loss of collagen in deeper skin areas
- Slows down the loss of collagen in skin
- After 4 weeks intake a significant reduction of wrinkles has been shown
- Innovative formulation for daily intake
- Easy intake, good taste
- Clinical proofed efficacy
- Beauty from inside
- Daily intake: 3 Cogits

Amount per serving: 3 COGITS  
(each 1,9 g):  
1,5 g bioactive collagen peptides  
2,8 mg Riboflavin (200% NRV)  
100 µg Biotin (200% NRV)

A clinical study, with more than 100 women aged approximately 55 years, demonstrated that the oral administration of Bioactive Collagen Peptides significantly reduces wrinkles after only four weeks and resulted in substantially higher skin procollagen concentration.

- Bioactive Collagen Peptides contributes to a reduction of wrinkles and improve the skin appearance.
- Bioactive Collagen Peptides help to conserve skin elasticity.
- Riboflavin and Biotin contribute to sustain normal skin consistency.
- Sugar free, fat free, no preservatives
- Solved active ingredients (solid solution) with highest bioavailability
- Highest available quality due to production under pharmaceutical guide lines

Soft-Gum for the treatment of mouth dryness,  
Slight inflammations of oral mucosa

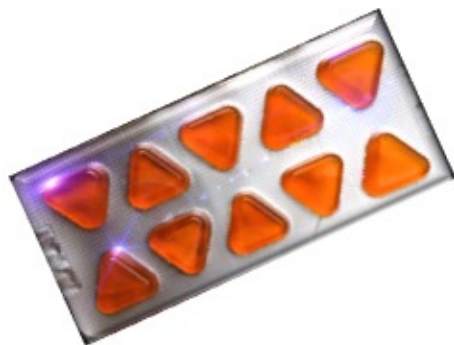

**Soft-Gum:**

**Ingredient:**

- Dexpanthenol, 2% to 5%
- Hyaluronic acid, 0.2% to 0.5%
- Glycerol
- others (Dimethicone, natural oils)

**Formulation:**

- Soft-Gum

- oral application
- long lasting effekt
- alcohol free
- Sugar free, alcohol free, no preservatives
- Easy intake, good taste
- Highest available quality due to production under pharmaceutical guide lines

Made in Germany

**COGITO® *prolife*, GUT**

**For the treatment of motion sickness and undefined abdominal discomfort**

- Innovative formulation und **clinical tested** ingredients for the treatment of motion sickness and bowel related discomfort .
- Contains **Benegut®**, a new and natural ingredient, 100 % native extract derived from Japanese basil.
- **Benegut®** improves gastrointestinal discomfort, like e.g. bloating, passage of gas, GI rumbling, feeling of fullness or abdominal discomfort
- **Ginger** is well known as natural ingredient for the treatment of nausea. The here used extract is highly concentratet, highly effective and of best quality.
- (Soft-Gums).
- 2 Soft gums on demand.

**Benegut® and ist positive properties**

- **Benegut®** is an innovative, natural, gut health ingredient, which combines prokinetic as well as antispasmodic and anti-inflammatory efficacy leading to an immediate, perceptible balancing effect on bowel function.
- **Benegut®** Benegut® leads to an immediate, perceptible relief of GI discomfort and contributes to overall quality of life
- **Benegut®** reduces chonical inflammations for example in the case of IBD

**COGITO® *prolife*, GUT  
USPs**

- New principle for immediate and sustained improvement of GI discomfort
- Natural mode of action
- Sugar free, without preservatives
- Easy intake, good taste
- Highest available quality due to production under pharmaceutical guide lines
- Approved for use in food supplements & foods
- Safe, well-tolerated food ingredient

**Amount per serving: 1 Soft-Gums (1.6 g):**  
150 mg Benegut®, 25 mg ginger extract

bioqio®  
balance

Mitsubishi Life Science, 09 2015:

"The focus right now is in gummies because that is the hottest confectionary delivery form"\*

\*Mitsubishi's new Immuno LP-20 product]

## bioqio Soft-Gum

Probiotic Nutritional Supplement

**One bioqio Gum Soft Gum contains 1 billion living Bacillus subtilis organismen**

Vitamine B6 (1,4mg/100% NRV), folic acid (200µg/100% NRV) and Vitamine B12 (2,5µg/100% NRV)

- The probiotic was developed in Germany based on the cultures of Bacillus subtilis.
- The probiotic **bioqio** exhibits bactericide efficacy against escherichia, salmonella, proteus, clebsiella, citrobacter, enterobacter, staphylococcus, streptococcus, clostridium, pseudomonias, candida, coccidia, etc.

- Vitamine B6, Vitamine B12 and folic acid as important ingredients for the support of the immune system.

### bioqio USPs

**The formulation of probiotics in soft-gums is new and exhibits highly competitive performance compared to hard capsules and drinks due to its very convenient intake, especially for kids.**

Our technology allows safe and stable formulations of probiotics in soft-gums.

Made in Germany

## Health Chocolate Chogito

The Health Chocolate Chogito is an alternative drug delivery concept to tablets and capsules. Here we offer a dietary supplement for daily intake serving the most important vitamins and minerals for women and men.

In a first step three different products have been developed:

### Men's chocolate

Amount per serving,  
1 piece, (1.4 g)

- vitamin A, vitamin C, vitamin D,  
vitamin E, vitamin B6, folic acid, vitamin B12, biotin, Ca-Pantothenate, iodine, zinc, selenium, choline, inositol

### Women's chocolate

Amount per serving,  
1 piece, (1.4 g)

vitamin A, vitamin C, vitamin D,  
vitamin E, vitamin B6, folic acid,  
vitamin B12, biotin, calcium, Ca-Pantothenate, iodine, zinc

### Osteoporosis Prophylaxis

Amount per serving,  
1 piece, (2.5 g)

- vitamin D  
- Calcium

## The new World of Coffee

Our Soft Gums with different high quality coffee beans from all over the world.

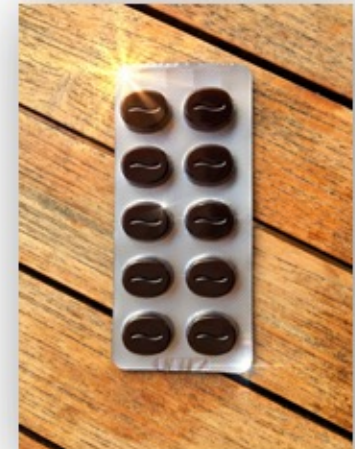

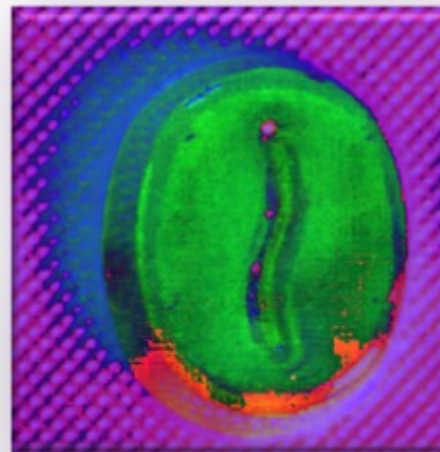

Plus additional caffeine [25mg/Gum].

Coffee enjoyment without water.

Very flavorful, very stimulative.

**5 different coffee beans,  
5 different products**

solid liquids, made by captagel

## Weight reduction

### SHAPESTICKS® USP's

- ♣ New and unique composition
- ♣ 2 different and independent modes of action
- ♣ Excellent taste
- ♣ Natural sweeteners
- ♣ According to EFSA rules
- ♣ Safe and clinical tested ingredients
- ♣ Highest Quality, produced in a pharmaceutical plant
- ♣ Made in Germany

### Nutrition Facts

Ingredients	per 3 Shapesticks	% of daily value	Energy per 3 Shapesticks
<b>Glucomannan</b>	3,0 g	100	Energy: 51 KJ/12,2 kcal
<b>Mango extract</b>	300 mg	--- <sup>a)</sup>	Protein: 0,0 g
<b>Vitamine C</b>	80 mg	75	Carbohydrates: 3,0 g - Sugar: 0,0 g
<b>Vitamine A</b>	24 µg	300	Fat: 0,0 g - Fatty acids: 0,0 g
<b>Pantothenic acid</b>	6 mg	100	

<sup>a)</sup> Daily value not established; 300mg tested in clinical study

### 2 different modes of action

#### 1. Glucomannan

Glucomannan is a natural polymer with good water solubility. Due to its polymer structure, Glucomannan leads after solving in water to a very viscous liquid/pulp remaining in the stomach, and is reducing the hungry feeling tremendously.

#### 2. Mangopowder Careless®

- ♣ significant reduces body weight and fat gain, serum lipid levels, particular LDL and subcutaneous/visceral fat ratio 2 different and independent modes of action
  - ♣ improves microcirculation long-term
  - ♣ shows a significant improvement of glucose tolerance
  - ♣ is a well tolerated and safe food ingredient
- Combination of Careless® and Glucomannan is exclusively only in Shapesticks!  
Content: 45 Sticks, 2g, Folding Box

## systemic treatment of Wrinkles

### Skinform® Sticks

- Containing 3 different ingredients where each of them exhibits clinical proven anti wrinkle efficacy
- Easy intake
- Excellent Taste
- Reduction of skin wrinkles

### Ingredients

- **Bioactive Kollagenpeptidse** for reconstitution and regeneration of the epidermis
- **Astaxanthin** for enhancement of skin elasticity and skin moisture and skin protection
- **Ceramide** for enhancement of skin elasticity

Each ingredient exhibits clinically proven anti wrinkle activity.

Solve the content of one Skinform-Stick in one glass of water and drink. Serving size: 2 a day.

Content: 30 Sticks, 4g, Folding Box

### New and unique composition!

### 1. Fish-oil Soft-Gums (omega-3-fatty acids)

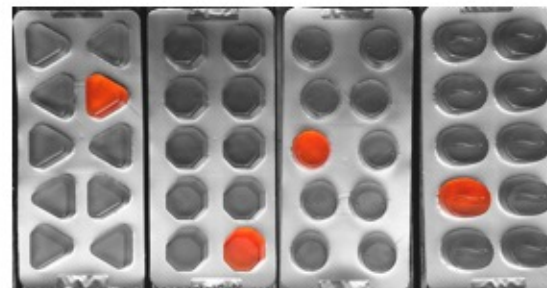

Ingredients: glycerol, gelatine, lecithine (sun flowers), **fish oil EPAX 0460FG 453 mg**, Ca-silicate, sucralose, orange oil, citric oil, peppermint oil

### 2. Q10 Soft-Gums

Ingredients: glycerol, gelatine, lecithine (sun flowers), **Ubichinon-10 (Q10) 25mg**, zink citrate, **ascorbic acid**, sucralose, citric oil

### 3. Hyaluronic acid Soft-Gums, cosmetic

Ingredients: glycerol, gelatine, lecithine (sun flowers), **hyaluronic acid 100 mg**, **verisol 80 mg**, **ascorbinsäure 40 mg**, **vitamin E 10 mg**, **vitamin D3 2,5 µg**, **biotin 25 µg**, **astaxanthin L10 20 mg**, sucralose, orange oil

#### 4. Vitamin B12 Soft-Gums

Ingredients: One Soft Gum (1.8 g) contains:  
glycerol, gelatine, **vitamin C (80mg)**, inulin, lecithine, flavor,  
sucralose, **vitamin B12 (500 µg)**, **folic acid (200µg)**

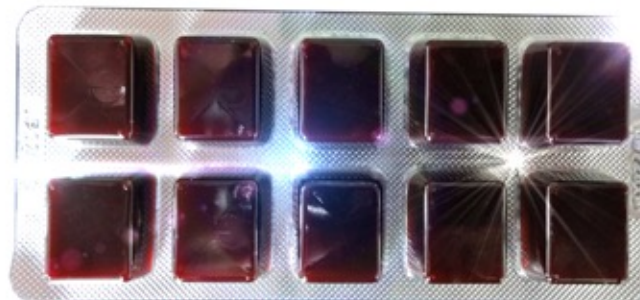

#### 5. Iberogast - Generic

Application: gastro-intestinal

Ingredients: Extracts from: iberis amara, angelica, caraway, holy thistle, celandine, licorice,  
chamomile, melissa, peppermint

Excipients: glycerol, gelatine, lecithin (sun flower), sucralose, aroma
