# TRUSTED SINCE 1976

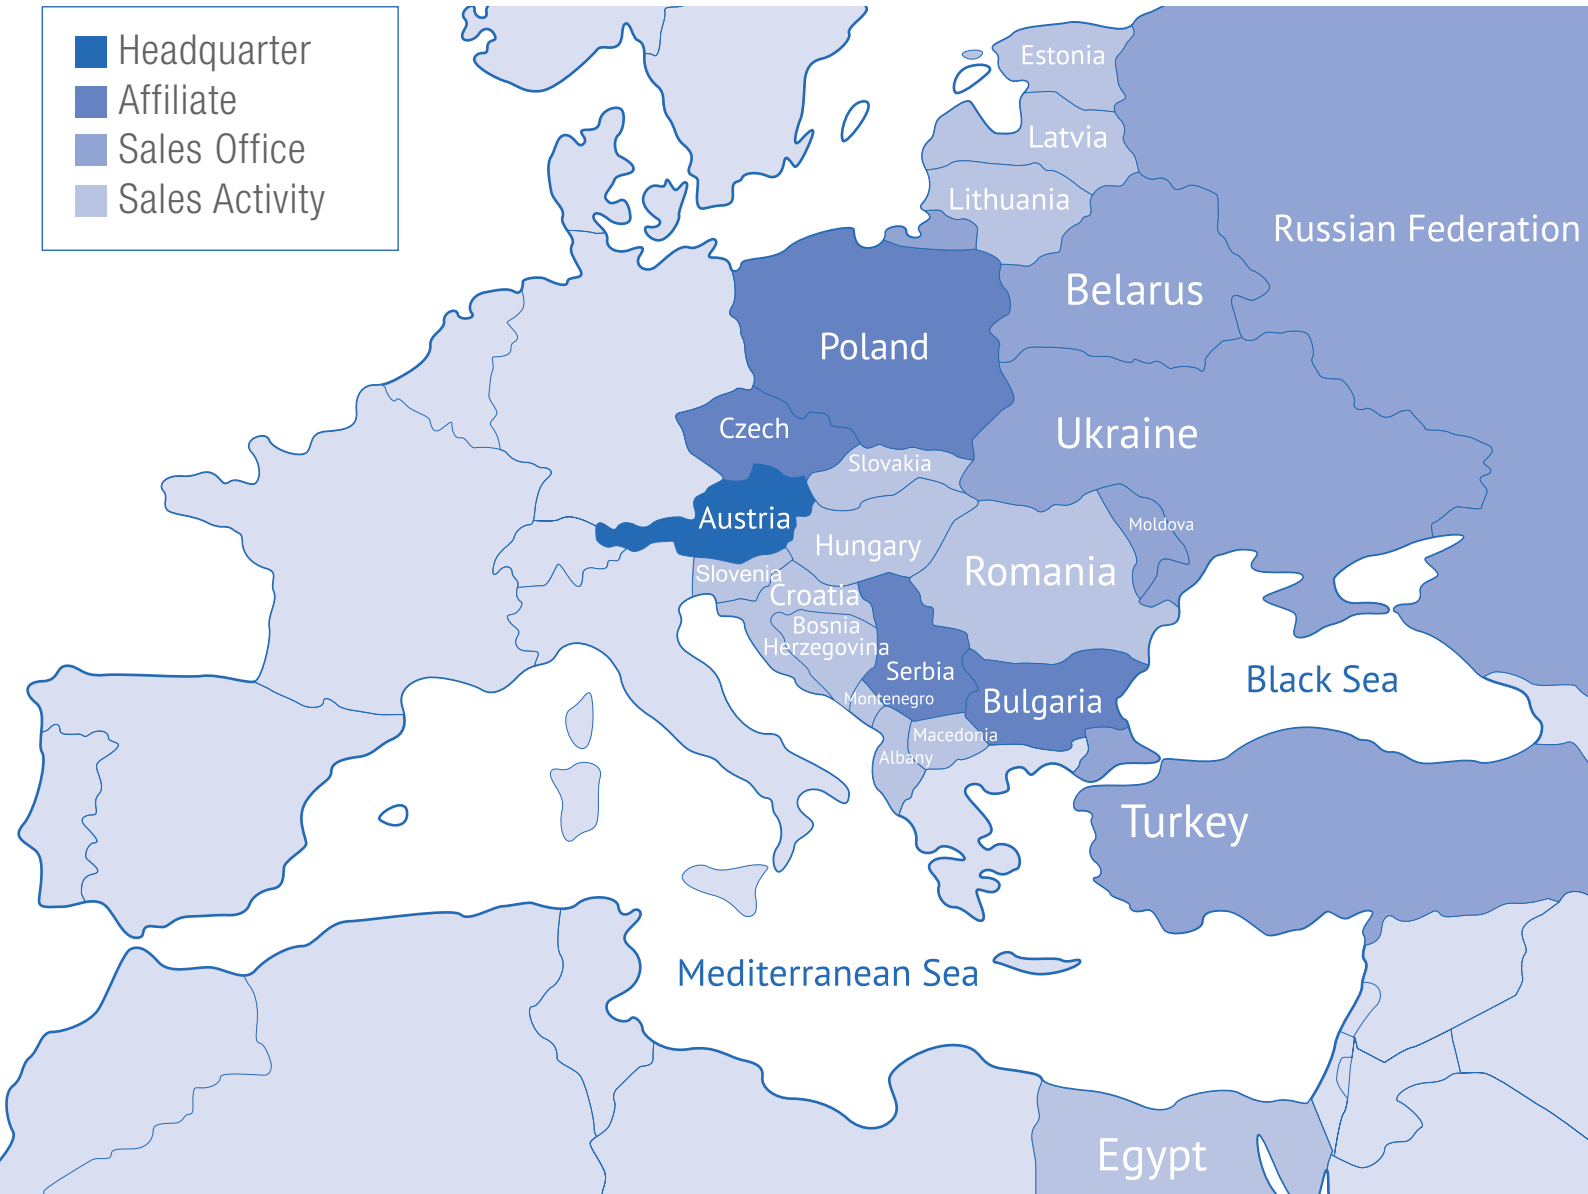

Founded by Ing. Peter H. Andlinger, Chemopharma Chemikalien- & Pharmazeutika GmbH is a family-owned company specialized on trade with various specialties and raw materials. Our products range from pharmaceutical raw materials and veterinary products to products for the cosmetics industry, plant extracts, nutritional supplements and paper industry.

With over 25 highly skilled employees, over 35 years of trading experience and operating in Central, Eastern and South-Eastern Europe, Chemopharma focuses on products with a high quality and a broad range of specialized services tailored to your needs.

With affiliates and representing offices in various countries, we guarantee short communication paths whilst providing excellent customer service.

Our policy is simple, but effective. An extensive range of products, strategic partnership agreements and global contacts to manufacturers ensure a ready supply of needed materials. Central GDP-certified warehouses in Schwechat/Vienna (AUT) and Hamburg (GER) as well as sophisticated logistics allow for a flexible worldwide purchase and distribution of products. Our high standards regarding product safety and quality during distributions are reflected by our GDP certification – as well as by the trust placed in us by our customers.

Our sourcing office in China enables us to receive first-hand information and ensures excellent relationships with local manufacturers as well as high quality.

## COSMETIC AND HOUSEHOLD INGREDIENTS

Apart from pharmaceutical raw materials, veterinary products and food supplements, CHEMOPHARMA also offers cosmetic and household ingredients. Whether active substances, antioxidants, colours, pigments or oils, all our products are globally sourced and adhere to international standards.

### COSMETIC AND HOUSEHOLD INGREDIENTS (AMONGST OTHERS)

- Active substances
- Colors and pigments
- Cosmeceuticals
- Fatty- and essential oils
- Preservatives
- Thickeners and stabilizers

## EXTRACTS

We offer a broad range of plant extracts renowned as alternative medical treatments and extracts used as nutrition supplements or in the pharmaceutical industry. Wherever possible, we provide documentation, DMF and organic certification to guarantee highest quality.

We also offer tailor made premixes, ready to use for tableting and capsules.

### PLANT EXTRACTS (AMONGST OTHERS)

- Boswellia Serrata
- Garcinia Cambogia
- Gentian
- Gingko Biloba
- Ginseng
- Green Coffee
- Guarana
- Hops
- Passiflora Incarnata
- Tumeric
- Valerian
- Yerba Mate

## FOOD INGREDIENTS, HEALTH FOOD AND NUTRITION

CHEMOPHARMA also offers a broad range of health food and nutritional supplements to support a healthy way of life. These include acidulants, antioxidants, enzymes, vitamins and pro-vitamins as well as nutraceuticals and fruit powders. Thanks to

our flexibility, we are able to provide you with the right product in the right quantity at the right time. For your convenience, we also provide you with blended mixes of various additives, ready to use for tableting and capsules.

### OUR RANGE OF PRODUCTS INCLUDE:

- Amino acids
- Food colors and pigments
- Enzymes
- Essential oils
- Oleoresins
- Phosphates
- Food preservatives
- Vitamins & pro-vitamins
- Thickeners

## PHARMACEUTICAL RAW MATERIALS AND VETERINARY PRODUCTS

With over 35 years of experience in the trade of pharmaceutical raw materials and products destined for veterinary use, CHEMOPHARMA is considered one of the experts in this field. Excellent worldwide contacts enable us to deliver only the highest quality; not only in the selection of raw materials. We are audited and certified by the Austrian Ministry of Health as well as by GDP (Good Distribution Practice). Detailed documentation is daily routine for us and further guarantees high quality.

Our product range is extremely diverse, offering over 350 APIs and a wealth of excipients. These include Atenolol, Chlorthalidone, Ibuprofen, Furosemide, Mefenamic Acid and many more as well as binders, coatings, lubricants and preservatives.

We offer customized solutions from one source – so feel free to contact us should you have any special requests.

### APIs

- Analgesics & anti-inflammatory agents
- Anti-infective & anti-protozoal medications
- Anti-parasitics
- Antiseptics & disinfectants
- CNS agents
- Insecticides & repellents
- Metabolic agents

- Vitamins

### EXCIPIENTS

- Binders
- Coatings
- Disintegrants
- Fillers
- Lubricants
- Preservatives
- Thickeners
- Sweeteners

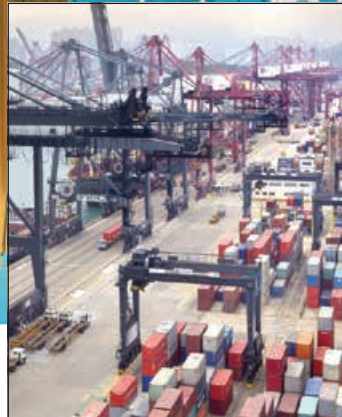

## LOGISTICS

Our logistics policy is simple, but effective. An extensive range of products, strategic partnership agreements and global contacts to manufacturers ensure a ready supply of needed materials. Central GDP-certified warehouses in Schwechat/Vienna (AUT) and Hamburg (GER) as well as sophisticated logistics allow for a flexible worldwide purchase and distribution of products.

We offer first-class service in the transport, the storage and the handling of all products and are specialized in the carriage of pharmaceuticals, cosmetics, food additives and hazardous materials. Correct documentation of all products as well as correct labelling is a further standard procedure for us. We are proud to accompany your product from its source to its destination.

**We'd like to thank our partners for the long years of successful collaboration**

### LOGWIN

Logwin provides efficient logistics and transport solutions for its customers from industry and retailing. Logwin operates in all main markets worldwide and has over 200 locations on six continents.
