

## About Us

### A Leader in High Quality Generic APIs

21st Century economic, social, technical and regulatory dynamics are dramatically changing the pharmaceutical world making it more challenging than ever to find profitable opportunities. That's why it's important to work with a supply-partner who knows how to navigate through the tough issues, help you overcome obstacles and get you to the market fast to gain competitive advantage. ChemWerth is that supply-partner!

Established in 1982, ChemWerth is a full service generic drug development and supply company providing high quality Active Pharmaceutical Ingredients to regulated markets worldwide.

Through exclusive development and partnerships with API manufacturers, ChemWerth provides expertise in product selection & development; analytical and regulatory services and strong project management to ensure the highest standards of quality.

Our knowledgeable, responsive pharmaceutical professionals are committed to providing our customers with a distinct competitive advantage. Our team of technical, analytical, regulatory and marketing experts can enhance your business by:

- **Advancing your product development** and saving time in the ANDA approval process.
- **Ensuring the manufacturing facilities** we represent maintain a high level of compliance with ever-evolving cGMPs.
- **Collaborating with manufacturers** in establishing appropriate protocols & methodologies to prepare a sound and complete Drug Master File (DMF).
- **Sourcing APIs** from China, India, Germany & the US to provide our customers with the best value.
- **Advancing your Paragraph IV filings** through our exclusive API development and supply partnerships.
