

PRESS RELEASE

Eurofins Amatsigroup announces company rebrand to Eurofins CDMO

Fontenilles, FR, July 08, 2019

July 8, 2019 (Fontenilles, FR) - In 2017, Eurofins Scientific (EUFI.PA), a world leader in biopharmaceutical testing acquired Amatsigroup SAS (“Amatsigroup”) to support Eurofins’ extensive drug development platform. Starting July 2, 2019 the commercial brand for Eurofins Amatsigroup is now Eurofins CDMO (Contract Development Manufacturing Organization) falling under the CDMO umbrella in conjunction with Eurofins operations in North America and India. Eurofins CDMO provides integrated, end-to-end solutions for Pre-Clinical and Clinical outsourcing services of both Drug Substance/API and Drug Product manufacturing for biologics and small molecules.

Science represents the foundation of our business and Eurofins CDMO’s agility and customized support services allow us to:

- Support clients to move rapidly through the drug development value chain
- Perform complex formulation screening and development for sterile and non-sterile manufacturing
- Accelerate process development and scale-up under GMP compliance
- Supply clinical trial materials including packaging and logistics
- Provide regulatory compliance throughout each stage of the development cycle

About Eurofins Amatsigroup

Eurofins Amatsigroup provides drug development services for biologics and small molecules. We are experts in breakthrough technologies for highly potent compounds, poorly soluble drugs, lyophilisation processes and specific therapeutic areas (immunotherapies, orphan drugs, paediatric dosage forms...). Our European facilities are perfectly designed for small batches either for sterile or non-sterile dosage forms. Involved in the earliest steps, our highly-qualified project management team proposes a complete drug development strategy in compliance with regulatory requirements (EMA, FDA, ANSM, ANSES, FAMHP, PMDA). Our goal is to build sustainable partnerships with our customers to support their drug development pathways.
