

GANGWAL

Corporate Presentation

Mr. Anil Jain (Director)

- **Passionate First generation Entrepreneur, started journey into Pharma business since 1986 post completing Chartered Accountancy**
- **Founded in 1987 Gangwal Chemical as a innovative & visionary business group for distributing Specialty Pharmaceutical Ingredients**
- **2009 Pioneering and manufacturing of Cyclodextrin under brand “Complexol” at State of art cGMP API’s & Pharma Ingredients facility Tarapur N-5**
- **2015 Launched “Dicom-DC” a compressible grade of excipients at Facility T-7**
- **2016 Incorporated the GLAS (Gangwal Laboratory Analytical Services) a public testing lab (PTL)**
- **2019 Incorporated Gangwal Healthcare T1 Facility for Contract Manufacturing of Nutraceutical products**

“Manaa Manaa Hai” (Never say no under any circumstances)

- Mr. Anil Jain

Gangwal Healthcare – a solutions provider for Complex, Innovative & Cutting-edge technological formulations!!

The building of a “best in class” solutions provider starts with understanding the complexities of a customer’s need and identifying gaps. New technologies and Drug Delivery Systems are studied and appropriate excipients or raw-materials are identified to resolve the problem. Working closely with our esteemed customers for over 35 years, Gangwal Healthcare made this possible due to a team of highly technical and committed Marketing professionals with decades of experience in problem solving.

Gangwal Healthcare is a dynamic team of youth and experience with a “Vision”. The objective being to try and be the “first” to offer a solution to new technologies and make a tangible impact in the areas of Fitness, Wellness and Health.

Vision

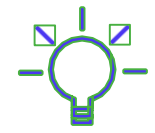

To become a global healthcare company through **innovation, quality** and **competence**

Mission

To build a healthier society by innovation and quality products. To be recognized as the most preferred channel partners

Core Values

Innovation

Team Work

Quality

Excellence

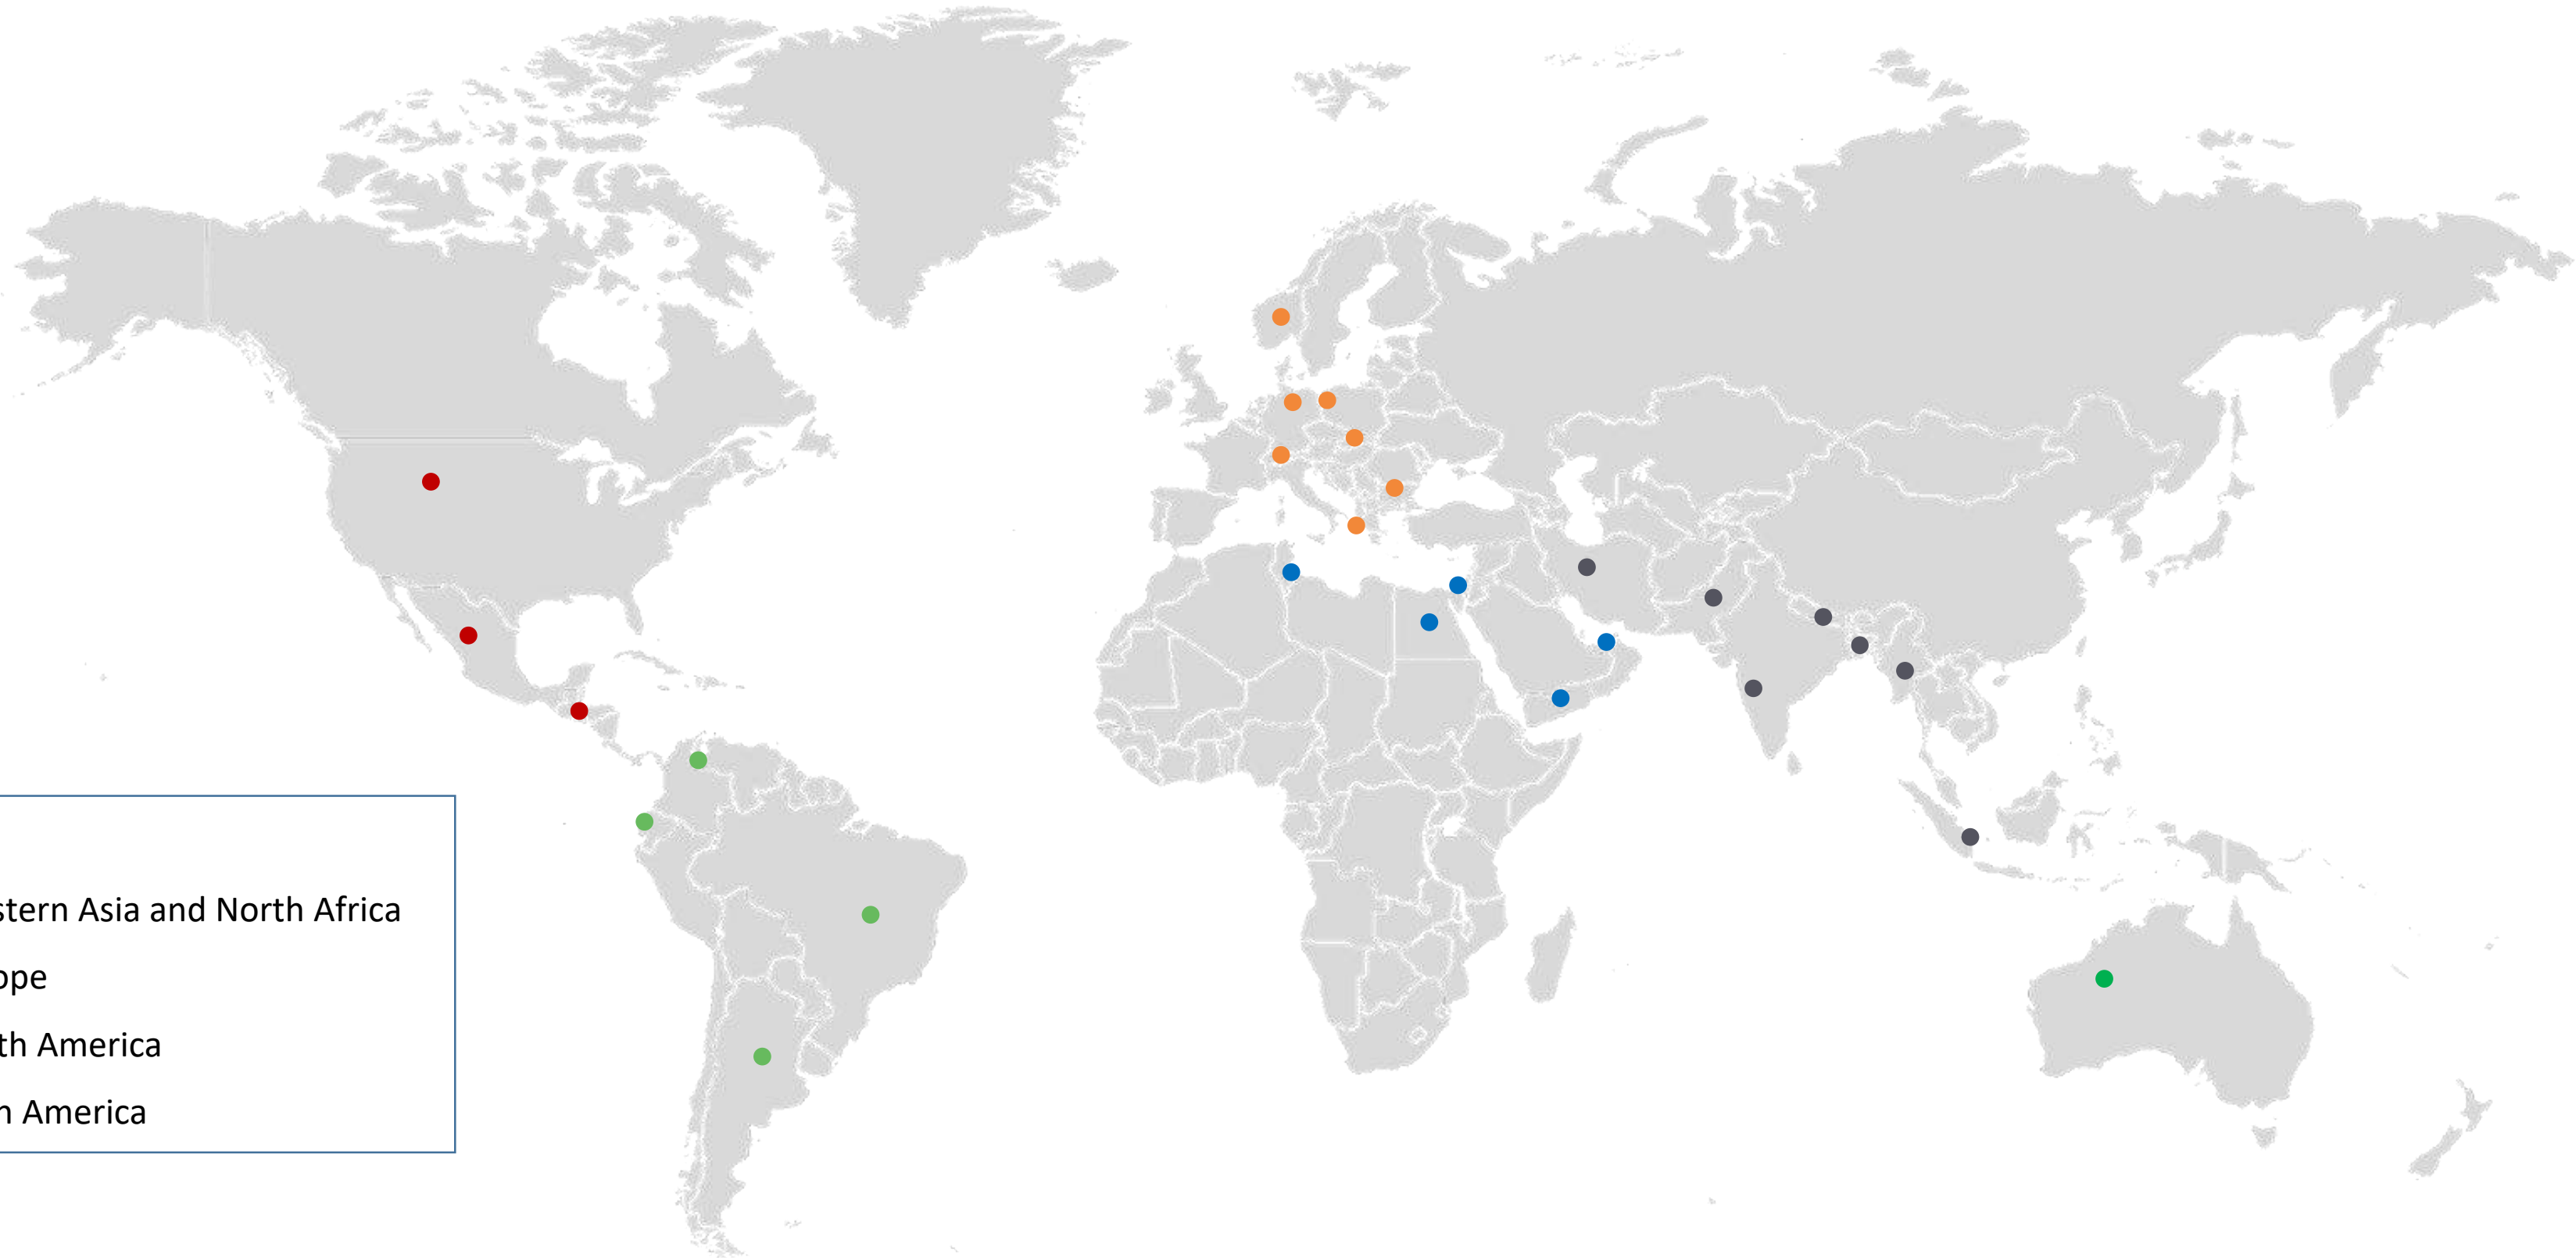

Accountability

Collaboration

Presence Around The Globe

- Asia
- Western Asia and North Africa
- Europe
- North America
- Latin America

Our Manufacturing Units

T1

PLANT SIZE
22980 sqft

T7

PLANT SIZE
26811 sqft

N5

PLANT SIZE
10763 sqft

Quality Certificates

**Storage Solutions &
Services Integrated For
Maximum Proficiency**

**Warehouse Size: 20000 sqft
Storage Capacity: 500 MT**

By consolidating our expertise
& innovative products with
greater reach and presence,
**we are poised to craft a thriving
world full of possibilities**

Centralized Digital Systems

Competence That's Life Changing

Our Objective is to help our customers achieve industrial excellence by increasing efficiency. Our highly qualified team of professionals delivers product/process-specific solutions, and our Technical Competence Centers provide global technical support (TCCs).

Our services are tailored to the demands of our clients:

- Formulation development support
- Troubleshooting for individual formulations, either in one of our TCCs or at Customer site
- Technical Seminars
- Solubility enhanced PFIs

We Believe Quality Is More Important Than Making a Good Product

- Safety is the prime concern (priority), quality is the culture
- We believe in innovation - the only way to win
- For us quality, safety and efficacy is not an act, its an habit
- Our products are outcome of quality and intelligent efforts

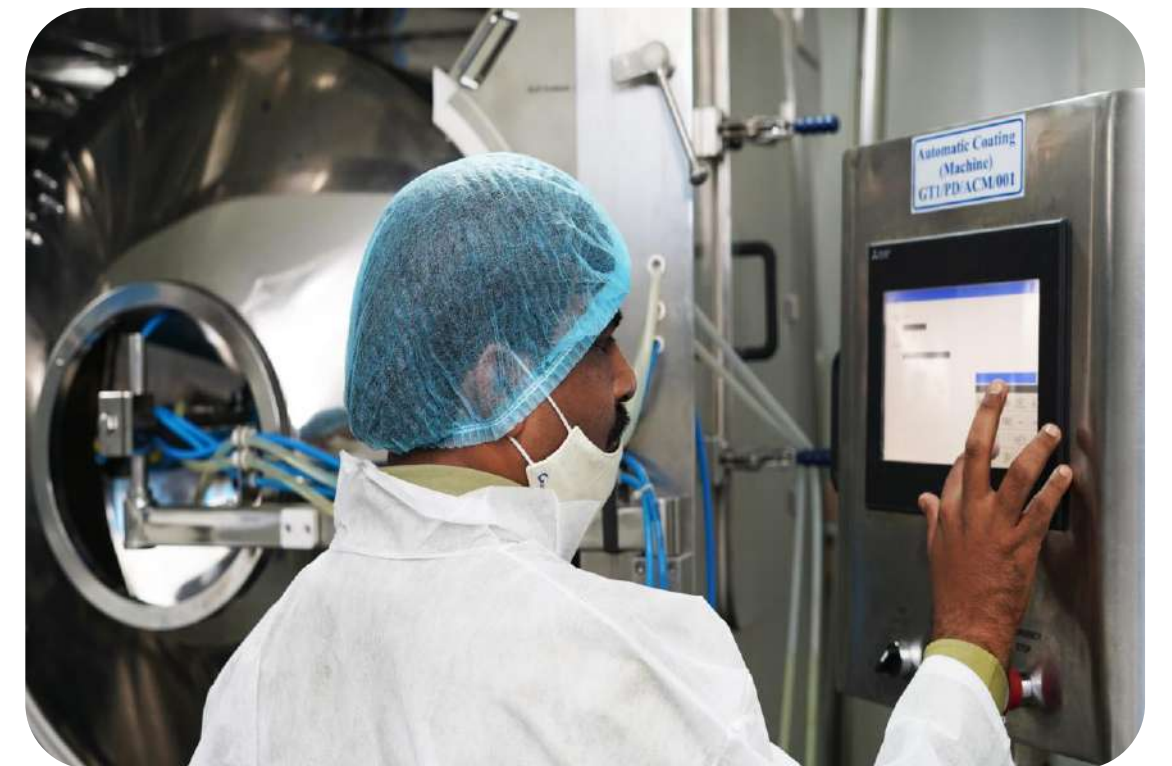

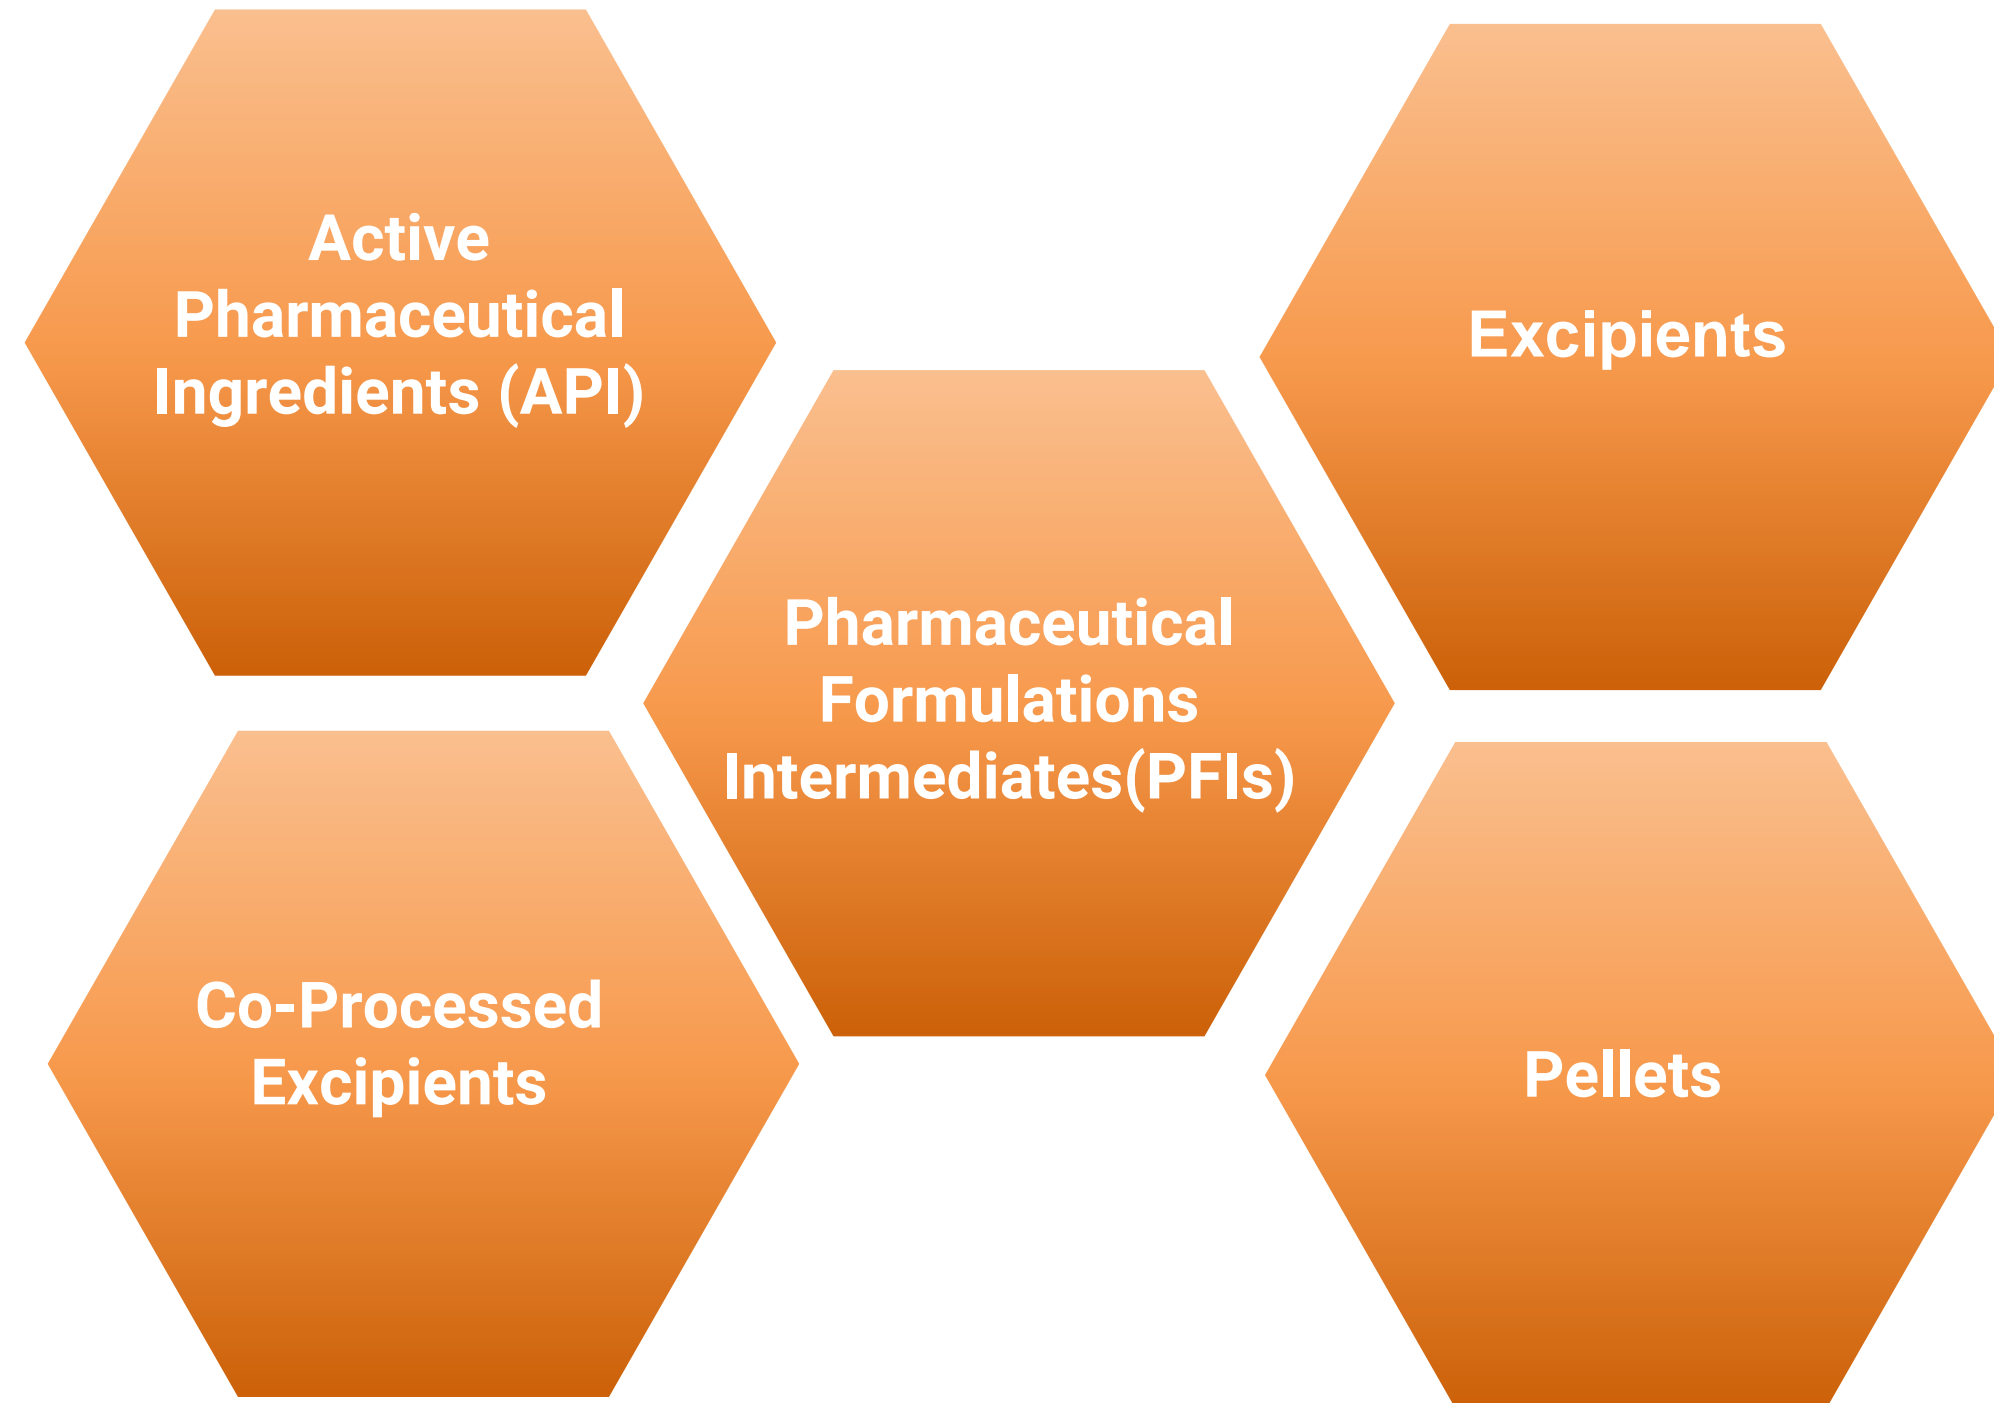

Pharmaceuticals

Nutraceuticals

**Contract
Manufacturing**

Active Pharmaceutical Ingredients (API)

- **Isoxsuprine Hydrochloride**
- **Timolol Maleate**
- **Salmeterol Xinafoate**
- **Formoterol Fumarate**
- **Modafinil**
- **L Carnitine L Tartrate**

Excipients

Super Disintegrant

- Sodium Starch Glycolate
- Cross Carmellose Sodium (In Pipeline)

Binder

- Innogel 9500
- Innogel 9000
- Rice Starch

Sweeteners

- Sucralose
- Acesulfame Potassium
- Neotame

Solubilizer / Stabilizer

- Hydropropyl Betadex
- Betadex
- Tyloxapol

Lubricant

- Sodium Stearyl Fumarate

Plasticizer for Soft Gel Capsule

- Sorbitol

Spheres

- Microcrystalline Cellulose Pellets

- **ProBlend®**, **ProBlend-HD**, **ProBlend-LD**
- **STARLOSE®**
- **MICROLOSE®**
- **DiCOM-DC® PL009 P60**
- **DiCOM-DC® PL005**
- **DiCOM-DC® SP204**
- **DiCOM-DC® SR300**
- **DiCOM-DC® S-604**
- **DiCOM-DC® S-Star**

Low Solubility APIs

- Telmisartan
- Albendazole
- Rivaroxaban
- Metronidazole
- Diclofenac sodium

High drug loading APIs

- Paracetamol
- Metformin
- Azithromycin
- Albendazole
- Metronidazole

Difficult to handle/ hygroscopic APIs

- Divalproex Sodium
- Metoprolol Succinate
- Ibuprofen

Photo & moisture sensitive APIs

- Pantoprazole
- Rabeprazole

Pellets

Gellets-P®

NUTRACEUTICAL
INGREDIENTS

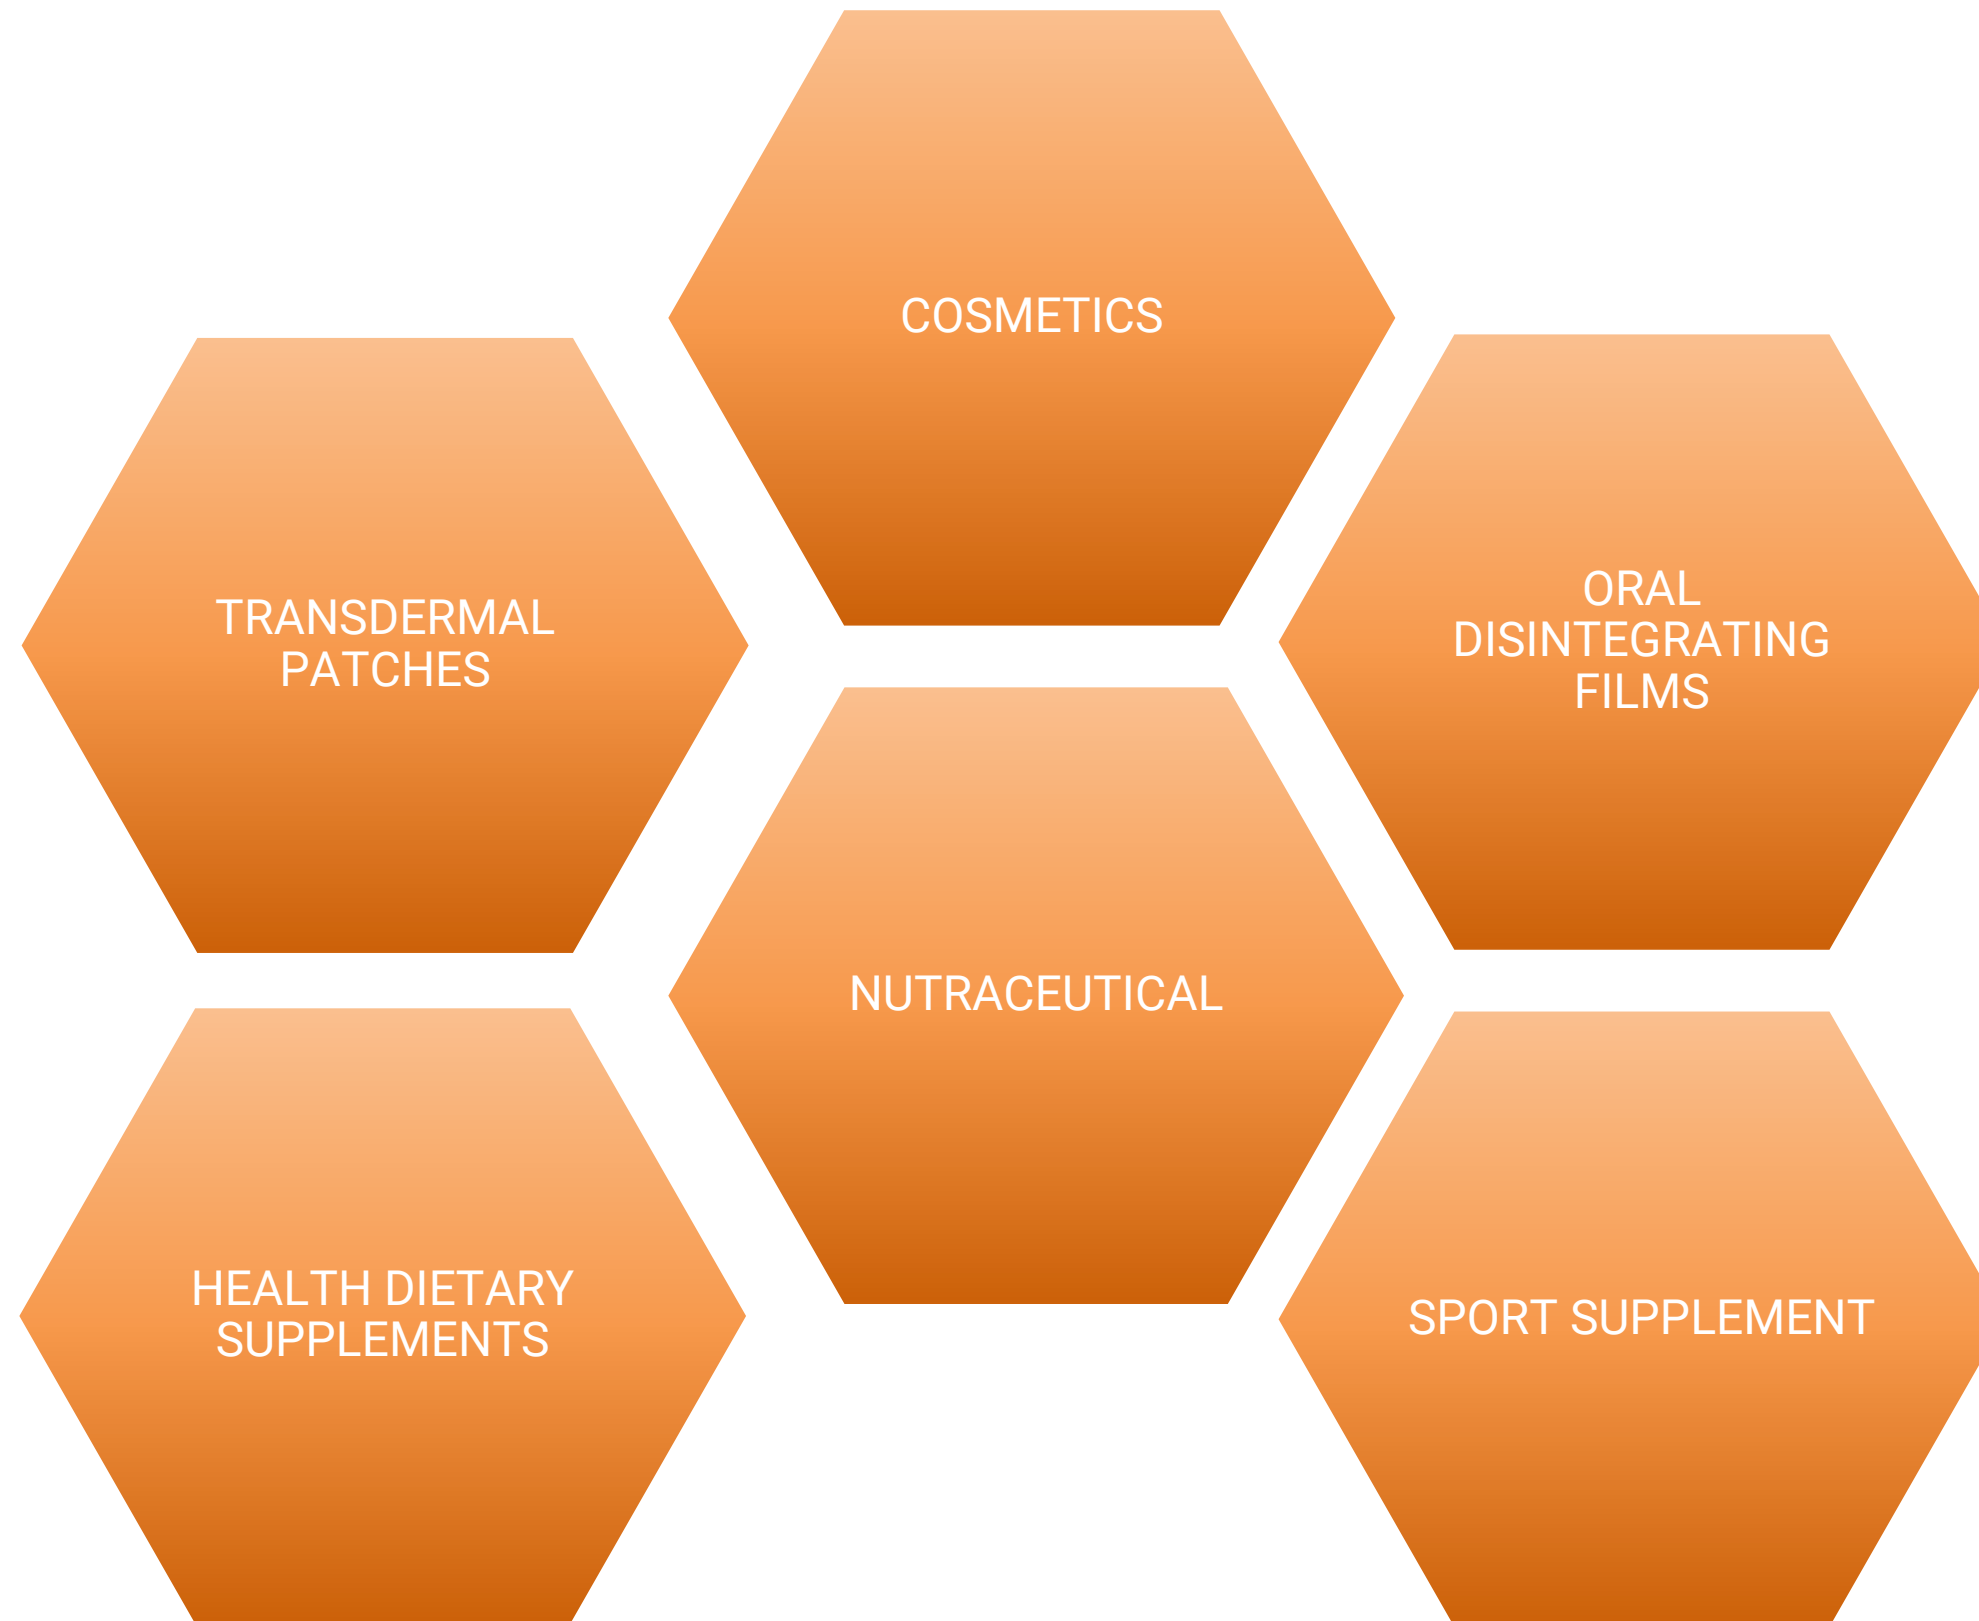

NUTRACEUTICAL
EXTRACTS

Ingredients

- **DHA Powder 10% 20% 30%**
- **Vitamin E Powder 50%**
- **Beta Carotene Powder 10% 20%**
- **Flaxseed Powder 50%**

Extracts

- **Organic Wheat Grass Powder**
- **Organic Barley Grass Powder**
- **Organic Alfalfa Powder**
- **Organic Moringa Powder**
- **Spinach Powder**
- **Vegan Coconut Powder**
- **Bamboo Shoot Extract**
- **Green tea Extract**

Allopathic Patches

- **Diclofenac Patch**
- **Ketoprofen Patch**
- **Flurbiprofen Patch**
- **Tolbuterol Patch**

Ayurvedic patches

- **Herbal Pain Relieving Patch**
- **Feminine Pain Relieving Patch**

- **Sildenafil Citrate**
- **Ondansetron**
- **Simethicone**
- **Vitamin D3 (Cholecalciferol)**
- **Mouth Freshener Strips**
- **Tadalafil**

Marketing & Communication Trends

- Digital Marketing
- Campaign Marketing
- Exhibition & Trade Shows
- Technical Seminars
- Inbound Marketing
- Direct Marketing

Complexol HP[®]
HydroxyPropyl Betadex USP-NF/Ph.Eur./BP
JS-DMF Available
Manufactured at WHO-GMP & ISO Certified Facility

APPLICATIONS

- FORMULATION DEVELOPMENT WITH
 - > Tablets
 - > Nasal Sprays & Eye drop
- > Aqueous parenteral solutions
- > Topicals
- > Rectal

UNIQUE BENEFITS

- > Improvement in Solubility of Substances
- > High Complexation ability

LUBRISTAR
Sodium Stearyl Fumarate
WHO, GMP & ISO Certified
USDMF available in USP/BP/EP/IP

Timolol Maleate:
IP/BP/EP/USP-NF
Used in Ophthalmic preparation for treating Glaucoma
Therapeutic Category: Antihypertensive Agent
Molecular Formula: $C_{13}H_{20}N_4O_5S$
CAS No: 26921-17-5

Formoterol Xinafoate:
Asthma & obstructive Pulmonary diseases
Therapeutic Category: Bronchodilator
CAS No. 26921-17-5

Formoterol Fumarate:
BP/EP/USP-NF
Helpful in Asthma & obstructive Pulmonary diseases
Molecular Formula: $C_{42}H_{42}N_4O_{12}$
Therapeutic : bronchodilator
CAS No. 43229-80-7

PHARMACEUTICAL FORMULATION INTERMEDIATES
DIRECTLY COMPRESSIBLE API GRANULES
MANUFACTURED AT WHO-GMP, ISO CERTIFIED FACILITY

Mod... (Morphine)
IP/BP/EP/USP-NF
It is used in narcolepsy
It activates glu... circuits while...
Molecular Form... $C_{15}H_{15}NO_2S$
Therapeutic : ...
CAS No. 6869...

sucres[®]
SUCRALOSE
DMF AVAILABLE
Manufactured at WHO-GMP & ISO Certified Facility
Grades available in USP/BP/EP/IP

•ZERO• CALORIE SWEETENER

HIGH INTENSITY SWEETENER 600 TIMES SWEETER THAN SUGAR

sucres[®] IS COMPATIBLE WITH

- > ALCOHOLS
- > CANNING
- > BAKING
- > UHT
- > VITAMINS AND MINERALS
- > METAL SALTS
- > BASES
- > PASTEURIZATION
- > ALDEHYDES AND KETONES
- > FOOD PROCESSING
- > STERILIZATION

Environmental & Social Responsibilities

- Gangwal has efficient manufacturing processes due to which minimum energy consumed.
- Competence in being environmentally sustainable and safe to operate.
- All the effluents generated at the plant is treated as per regulatory standards.

Thank **you!**

LET'S START GROWING TOGETHER
