NEUTRACEUTICALS

Adhering to cGMP we are a leading manufacturer and exporters of Exipients and APIs offering a wide selection of products viz Calcium Phosphate, Sodium Phosphate and Ammonium Phosphate, Silver Sulfadiazine and Silver Nitrate.

Quality:

Trained and experienced team with relevant technical education supported with modern lab equipped with contemporary tools and apparatus like Karl-Fisher apparatus, Laminar airflow etc. enables us to offer a tested and proven quality product. Third party testing are from recognized labs are offered on demand.

Manufacturing:

Supported by 20 years of manufacturing experience and state of the art production facility, we can offer Quantity, quality, precise delivery schedule and unmatched prices. 30,000 SqFt of manufacturing area with precision machines, warehousing and RM storage system and independent tool room for maintenance enables us to offer consistent quality and large quantity on demand.

We manufacture:

Active Pharmaceutical Ingredients:

Product	Grade	Formula	CAS No.
1 Silver Sulfadiazine	USP	$C_{10}H_9AgN_4O_2S$	22199-08-2
2 Silver Nitrate	AR/LR/Industrial	$AgNO_3$	7761-88-8
3 Dried Ferrous Sulphate	IP/BP	$FeSO_4$	7720-78
4 Iron III Hydroxide Poly Maltose complex	Food/Pharma		1310-14-1

Exipients:

1 Di Calcium Phosphate Dihydrate	IP, BP, EP, USP	$CaHPO_4 \cdot 2H_2O$	7789-77-7
2 Di Calcium Phosphate Anhydrous	IP, BP, EP, USP	$CaHPO_4$	7757-93-9
3 Tri Calcium Phosphate Anhydrous	IP, BP, EP, USP		
4 Tri Calcium Phosphate	EPS/Suspension/ Microfine	$Ca_3(PO_4)_2$	7758-87-4
5 Mono Calcium Phosphate	Monohydrate	$Ca(H_2PO_4)_2 \cdot H_2O$	7758-23-8
6 Di Calcium Phosphate	Food, Confirming to US FCC, NF	$CaHPO_4$	7757-93-9
7 Di Calcium Phosphate	Suspension/ Toothpaste/Feed		
8 Mono, Di, Tri Sodium Phosphate			
9 Sodium Citrate	IP/BP

Why India Phosphate ?

- MESH size - From DC to Microfine, we offer multiple mesh size of DCP and TCP enabling us to cater all sectors of application like Pharma, Food, Feed and Neutraceuticals.
- ONLY SS apparatus and equipments for no degradation and standard processing.
- Fully automated processing fueling ZERO contamination and minimum human integration.
- Customized products development on demand.
- Nationwide dealer network.
- Centralized location for effective transportation.
- In house microbiology lab.
- Latest 2014 GMP.
- DMF available
