

Milestone

2003

Established with a vision to be a globally integrated and admired Pharmaceutical & Healthcare company.

2004

Started Iodine Derivatives manufacturing plant at Gujarat, India.

2010

Set up R&D Unit certified as ISO 9001-2008

2011

Penetrated the pharmaceutical market with the CRAMS Model.

2014

Upgraded Plant to a GMP compliant large scale manufacturing facility.

2015

FDA approval for manufacturing of APIs

2016

Certified as ISO 9001-2015 & ISO 14001-2015

2017

Product Portfolio of 170+ Iodine Derivatives & 7+ APIs

Overview

**14+ Years of
Experience in
Iodine Chemistry**

**170+ Iodine
Derivatives**

**7+ Active
Pharmaceutical
Ingredients**

**Constant Innovation
of Complex Iodine
Compounds**

**Global Leadership
in key products,
exported to over
11+ countries**

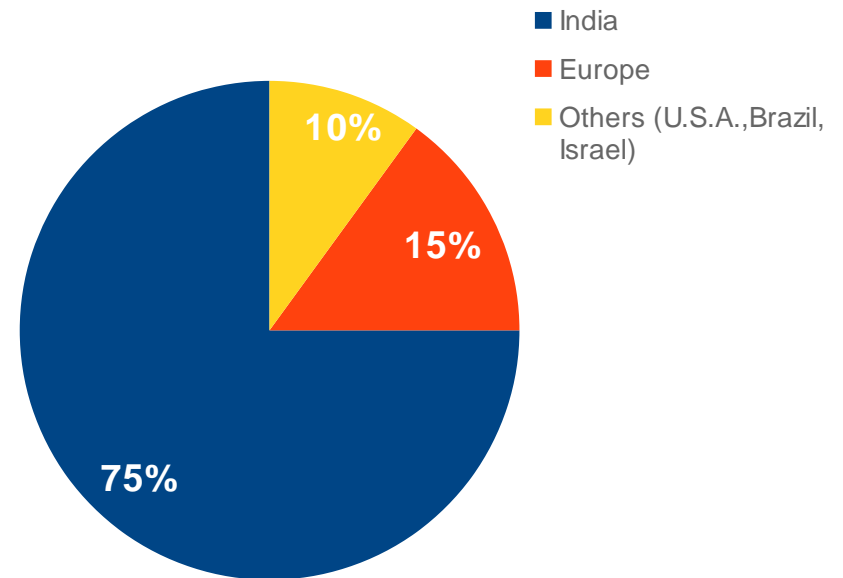

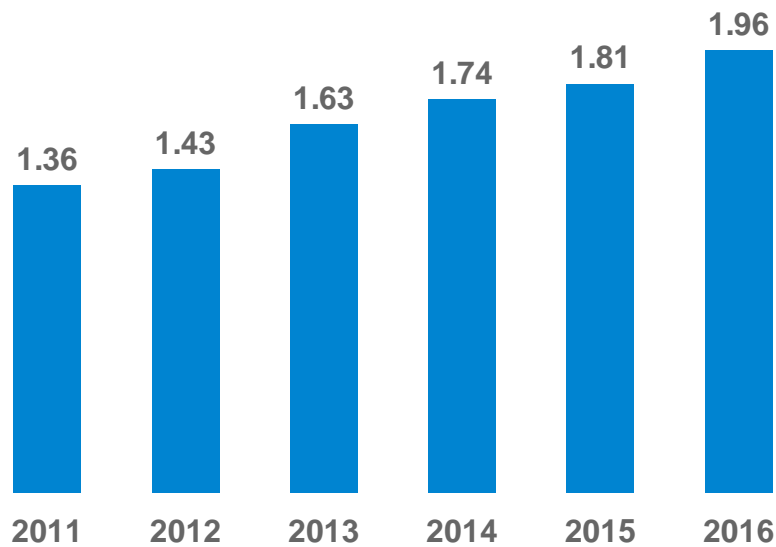

**Preferred
Business Partner
for
Pharmaceutical
Industries**

Growth & Global Position

Revenue \$1.96 Million, FY 2017

Global Business Review FY 2017

Vision & Mission

To be a globally integrated & admired
Pharmaceutical & Healthcare company.

To research , develop & successfully
market extremely customized
Pharmaceuticals & Healthcare
products & services while strictly
adopting

- (1) Highest level of Efficiencies
- (2) Effectiveness
- (3) Health & Safety standards
- (4) Corporate ethics
- (5) Environment friendly approach
across every course of action.

CORE ACTIVITIES

- Focused to Iodine chemistry, it revolves around Iodine derivatives or Iodination.
- Manufacture & supply wide range of value added APIs & Iodine Derivatives since 2003.
- Working as CRAMS for the Pharmaceutical, Agrochemical, Nutraceutical, Specialty Chemicals & various other chemical Industries from R&D to commercial scale.
- We are open to Non Disclosure Agreements either on an exclusive contract manufacturing or an outright client/ supplier basis for products developed for specific applications.

Core Products

Featured Iodine Derivatives

1-Iodo-2-Bromobenzene

Imidazolium Iodide

Iodobenzene

2-Iodoxybenzoic Acid, Stabilised

Zinc Iodide

N-Iodosuccinimide

2 Iodobenzoic acid

Ammonium Iodide

Diiodomethane

Tatrabutylammonium Iodide

1-Iodopropane & 2-Iodopropane

Chloriodomethane

Active Pharmaceutical Ingredients (API)

Potassium Iodide (IP, BP, USP, JP, ACS)

Sodium Iodide (BP, USP, JP)

Povidone Iodine (IP, BP, USP)

Iodine (BP, USP)

Iodoform (USP)

Pralidoxime Iodide

Thymol Iodide

Industries We Serve (contd..)

Lab Chemicals

2-Iodoxybenzoic Acid

Sodium Iodide

Hydriodic Acid

Methyl Iodide

Periodic Acid

Sodium Metaperiodate

2 Iodo Benzoic Acid

Ethyl Hexyl Iodide

Pharmaceutical

Di-Iodomethane

Iodine Monochloride

Trimethyl Sulfoxonium Iodide

3,5 -Diiodo Salicylic Acid

Chloriodomethane

Copper Iodide

Animal/Human Nutrition

Potassium Iodide Stabilised

Calcium Iodate Monohydrate

Calcium Iodate Anhydrous

Potassium Iodate

Iodine

3,5 -Diiodo Salicylic Acid

Industries We Serve

LCD/Electronics

N-Iodosuccinimide
4-Iodoaniline
Lithium Iodide
Lead Iodide

Life Science

Propidium Iodide
1-Iodopropane
2-Iodopropane

Sanitation

Iodine
Povidone Iodine
Iodoform
3 Iodotoluene

Photographic Chemicals

Potassium Iodide
Ammonium Iodide
Silver Iodide
Cesium Iodide

Nylon Tire Cord Fabric

Potassium Iodide
Copper Iodide

Solar Energy

Methyl Ammonium Iodide
Formamidinium iodide
Imidazolium Iodide

Cientele List

- Cadila Pharmaceuticals Ltd.
- Torrent Pharmaceuticals Ltd.
- Cadila Healthcare Ltd.
- Virupaksha Organics Ltd.
- Metrochem API Pvt.Ltd.
- Neuland Laboratories Ltd.
- Lupin Ltd., Mumbai..
- Richter Themis Medicare (I) Pvt.Ltd.
- MSN Laboratories Ltd..
- Sun Pharmaceuticals Industries Ltd.
- Gennex Laboratories Ltd.
- Polydurgs Laboratories Pvt.Ltd.
- Piramal Entepries Ltd.
- Glenmark Pharmaceuticls Ltd.
- Thomas Backer (Chemicals) Pvt.Ltd
- Laurus Labs Pvt. Ltd.
- Mylan Laboratories Ltd..
- Innogent Laboratories Pvt. Ltd.
- Hetero Drugs Ltd..
- Syngene International Ltd..
(A Division of BIOCON)

Contract Research & Manufacturing Services (CRAMS)

- Highly focused on Iodine Chemistry
- Process Optimization
- Develop/ Manufacture products specifically as per customer's requirement and final application.
- Customized Packaging/ Labelling
- Reliable Supply of final product

Facility Available...

- Manufacturing Plant spans across 4100 Sq. Mtr. Area
- GMP Compliant Manufacturing Plant
- Small Scale/ Bulk Scale Manufacturing
- Strong Process & Chemistry Skills
- Expertise in Iodination Reaction

Plant Equipments

- Glass Line Reactor with Distillation unit (5,10,20,50,100,200,500,2500 Ltr)
- SS-316 Reactor with Column, Condenser & Receiver (200, 500, 2500 Ltr)
- SS-316 Blender (500 Ltr)
- SS-316 Rotocone Vaccum Drier (500 Ltr)
- SS-316 Centrifuge - 24" & 36"
- Thermic Fueled Heater (200000 K.Cal.)
- Pulverizer for fine mess powder
- SS 316 Multi Mill & Ball Mill
- SS-326 Tray Drier (24-Trays)
- Crystallizers (450, 650 Ltr)
- Other Utilities

Strong R&D & Quality Control

- Well equipped with Modern Infrastructure
- Team comprises with Experienced Lead Scientist and other Lab Assistants working under them
- Continuously strive for the development of new Iodine Compounds
- Provide cost effective Technology development
- 170+ Iodine Derivatives Researched & Developed
- Weighing balance
- PH Meter
- Hot Plate
- Melting Point Automated Apparatus
- Karl Fischer
- Lab Oven
- Distilled Water Unit
- TLC- UV Cabinet
- Magnetic Stirrer
- GC & HPLC – Installation by June- 2017

**Proud of our Research Accomplishments.....
Look forward to many more R&D Challenges!!!**

Quality & Regulatory Compliance

- **GMP** Compliant Manufacturing Plant and Production
- **ISO 9001-2015** Certified standards for following Contract Services in Research, Development and Manufacturing of Active Pharmaceutical Ingredients & Complex Iodine Compounds.
- **ISO 14001:2015** focus on environmental systems
- **Global Harmonized System** for Labeling and Packaging
- Registered as a **FDA** Approved manufacturing site that protects public health.
- Our facilities are routinely **Audited** by many of our **Esteemed Clients**.
- QA & QC Dept. plans , organizes, directs, monitors & controls across all of our departments, ranging from early stage development to document control and pilot scale validation to bulk scale manufacturing.
- **WHO – GMP** Certification (Under Implementation)

- Ongoing installation of **MEE (Multi Effect Evaporator)** with **AFTD (Agitated Thin Film Dryer)** is to maintain Zero Discharge Status.
- Periodical **Health Check-up** for employees by certified physician and tie-up with Hospital for free Medical Treatment.
- Workers are trained to use and provided with required **Safety Wares** and **Safety Equipments**.

Customized Packaging & Labeling

- Customized Packaging (1kg, 5kg, 10kg, 25kg to 50kg)
- Packaging available in Aluminum Bottle, Glass Bottle, HDPE Carboy, HDPE Drum

Why to Choose Infinium...

- Working as CRAMS & providing Cost Effective Solutions in Iodine Chemistry
- Portfolio of 170+ Iodine Derivatives
- Excellent Technical Support
- Reasonable & Logical Pricing
- Audited manufacturing facilities
- GM to MT scale production capacity
- Customized Packaging & Labeling
- Prompt Shipment
- Excellent After Sales Support
- A to Z Vendor documentation
- Technical support in Regulatory Compliance
- Development of rare Iodine Compounds
- Confidentiality & Non-Disclosure Agreement
