We are a leading CSV Consultant of India working all round the world Let us explore Mutually Beneficial area.

Data Integrity issues are like Diabetes it is not hard to controlled by better life style. If not controlled it can be source of many diseases when combined with other disease attack. Now as full GMP slowly coming to computers Data Integrity issue has become like Diabetes. If not controlled it can harm ever where and it can be dangerous. Only way to control is to live controlled and better compliance life style and medication (Training in case of data Integrity from Good Trainer).

Please start Independent Third party Audit of Data Integrity. It can help reduce 483 and warning letter by great amount.

When we see lot of company getting 483 and warning letter. We feel real bad.

Infra Control Systems (ICS) & KVS Technologies (KVS) were created to help people get benefit of good Automation with quality product. We teach people Why and How of Compliance. The very basics employees learn they will do everything at their disposal to do quality work as it reflects their own existence.

We have been helping companies of India and Mother Earth on Software Validation, Data Integrity and Training on Compliance. ICS Does Independent GAP Analyses, and data integrity Audit for the automated systems.

Good CSV can help you Reduce CAPA, Change Control, Batch Recall and give all people on earth a good Peace of mind including your shareholders. Data Integrity, Security, Patient safety and Product Quality is a key thing.

we are regarded as No.1 software validation company of India with presence in India and abroad. 80% of Top Pharma Company is client of Infra Control Systems or KVS Technologies. Good Care needed to be taken while selecting the Software validation consultant in checking their Facility, Company Management, Management Goals, Ranking Industry wise and Pharma Sector Wise, Experience of working with Top companies of the world, Vision and Team strength.

We have tie up with world renowned team like Premier Validation UK , FDASmart , Life Science Expertise - France, Atachi USA (MES) ,   Learn About GMP Online Platform from USA and many more..
