

IOL Chemicals And
Pharmaceuticals Limited

**Allied
+ Committed**

WHO WE ARE

IOL Chemicals and Pharmaceuticals Limited (IOL) is amongst India's leading innovation-driven pharmaceutical and specialty chemicals-based company, that has grown into a highly integrated and volume efficient player on the back of a transformative journey over three decades.

Our key route to growth and success has been our promise to be a trusted partner for delivering world class products with reliable guarantees for delivery. We believe in establishing win-win relationships with all our clients that are lasting and rewarding.

OUR VISION

To be amongst the most admired companies in APIs, Intermediaries, and Specialty Chemicals globally.

OUR MISSION

To provide top quality products in APIs and intermediate specialty chemicals through continuous innovation and cutting-edge technological means, that also keeps safety and our environmental impact to optimal levels.

OUR PROMISE

“When you deal with IOL, you do so with ultimate peace of mind.”

We are a trusted partner for delivering high quality products with reliable guarantees for delivery. Our fundamental value system dictates that we stand by our commitments. We have strict manufacturing protocols to comply with and we produce our products to the highest quality standards. We emphasise on maintaining after-sales service by ensuring meaningful support and assistance to our customers, irrespective of time zones or global location.

WHAT MAKES US DIFFERENT?

1 World Scale Manufacturing

We are the largest fully integrated manufacturers of Ibuprofen and leading manufacturers of Metformin and Ethyl Acetate across the globe.

2 Robust Operating Practices

Our manufacturing facilities follow the highest GMP standards.

3 Uncompromising Quality Control

We adopt strict practices to monitor and assess the quality of all our products.

4 Service Excellence

We ensure flawless business operations, timely delivery and hassle-free after sales service.

OUR HERITAGE, OUR FUTURE

IOL Chemicals and Pharmaceutical Limited was incorporated in 1986 and established Acetic Acid Plant.

1986 - 91

Commencement of Ethyl Acetate Plant

1996

Commencement of Acetic Anhydride Plant

1999

Commencement of Ibuprofen Unit-1

2000

Established Unit- 1 dedicated for Ibuprofen

Established Multi fuel captive co-generation power plant of 4MW capacity

2007

Commencement of Iso Butyl Benzene, Mono Chloro Acetic Acid and Acetyl Chloride Plant

2009

2010

IOL gets listed on the National Stock Exchange (NSE) Established Multi fuel captive co-generation power plant of 13MW capacity

2012

Commencement of Unit-2 for Multi product

2013

Received EUGMP certification

2015

USFDA EIR for Ibuprofen

2016

Commencement of Unit 3 for new product launches

2017

Conversion of Unit-2 as dedicated facility for Ibuprofen

2018

Established Unit-4 dedicated for Metformin Hydrochloride
Unit-5 dedicated for Clopidogrel Bisulfate Form II & Fenofibrate

2019

Established Unit-6 dedicated for Pantoprazole Sodium

2020

Established Unit-7 dedicated for Metformin

2021

Established Unit-8, Unit-9 and Unit-10 for Multi Products

2022

Began commercial production of Paracetamol

2023

Recommencement of Acetic Anhydride plant

OUR PRODUCTS

ACTIVE PHARMACEUTICAL INGREDIENTS

CURRENT API PORTFOLIO

API PIPELINE

Products	Therapeutic Category	CAS No.	Under Development	Under Validation
Sitagliptin M Phosphate	Anti-Diabetic	654671-77-9	Completed	Completed
Vildagliptin	Anti-Diabetic	274901-16-5	Completed	Completed
Quetiapine Fumarate	Anti-Psychotic	111974-72-2	Completed	Completed
Valsartan	Anti-Hypertensive	137862-53-4	Completed	Completed
Valsartan Sacubitril	Neprilysin Inhibitor	936623-90-4	Completed	Completed
Minoxidil	Anti-Hypertensive	38304-91-5	Completed	Completed
Allopurinol	Xanthine Oxidase	315-3-0	Completed	Completed
Fenofibrate Choline	Antilipemic agent	856676-23-8	Completed	-
Clopidogrel Besylate	Antiplatelet	744256-69-7	Completed	Completed
Edoxaban	Anti-Coagulant	480449-70-5	Completed	-
Apixaban	Anti-Coagulant	503612-47-3	Completed	Completed

Unit Packs & Packaging:

Our regular packing of all API's is 25 kg & 50 Kg HDPE drums. However, in case of Ibuprofen & Metformin we can also offer Corrugated boxes, Jumbo bags, Fiber drums & HDPE laminated paper bags. In case any other packaging configuration is required the same can be discussed.

CURRENT INTERMEDIATES PORTFOLIO

Products	CAS No.	API
3- Amino-1-adamantanol	702-82-9	Vildagliptin
3- (Trifluoromethyl)-5,6,7,8-tetrahydro [1,2,4] Triazolo[4,3-a]pyrazine Hydrochloride	762240-92-6	Sitagliptin
BCFI	83857-96-9	Losartan
4- Chloro-3-methoxy-2-methylpyridine	107512-34-5	Pantoprazole
Azacyclonol	115-46-8	Fexofenadine
4- Isobutylacetophenone	38861-78-8	Ibuprofen
2-(2,3-Dichlorophenyl)-2-Guanidinylimino Acetonitrile (Schiff's base)	84689-20-3	Lamotrigine
(s)-(+)-4-phenyl-2-oxazolidinone	99395-88-7	Ezetimibe
5, 6-dihydro-3-(4-morpholinyl)-1-(4-nitrophenyl)-2(1H)-Pyridinone	503615-03-0	Apixaban
1-(4-Aminophenyl)-5-morpholin-4-yl-2,3-dihydropyridin-6-one	1267610-26-3	Apixaban
2-chloro-2-[2-(4-methoxyphenyl)hydrazinylidene]-, ethyl ester Acetic acid	27143-07-3	Apixaban
MICA Ester	246035-38-1	Cefixime

SPECIALTY CHEMICALS

Products	Chemical Formula	CAS NO.	Std. Batch Size (kg)
Ethyl Acetate**	C ₄ H ₈ O ₂	141-78-6	Continuous production
Acetic Anhydride	C ₄ H ₆ O ₃	108-24-7	Continuous production
Iso Butyl Benzene	C ₁₀ H ₁₄	538-93-2	Continuous production
Acetyl Chloride	CH ₃ COCl	75-36-5	Continuous production
Mono Chloro acetic Acid	ClCH ₂ COOH	79-11-8	

**REACH CERTIFICATE AVAILABLE

Unit Packs & Packaging:

Our regular packing size for Chemicals is 190 kg, 210 kg in UN approved MS Drums, HDPE drums. However, in case of Bulk Quantities we can also offer upto 21000 Kg in ISO tanks & 25000 Kg in Tanker.

OUR RESEARCH PHILOSOPHY

At IOL, we constantly focus on the importance of having an effective research and development system in place that helps us to innovate and find solutions to complex needs of the pharmaceutical industry. Since research is a prominent activity, we have developed a state-of-the-art laboratory that uses eco-friendly methods of research and innovation. This ensures that we create in a sustainable manner.

IOL focuses on creating, securing, and leveraging a portfolio of high-value patents, products, and research pipeline projects.

OUR SUSTAINABLE INITIATIVES

We continuously monitor our operations to ensure that they have minimal impact on the environment. While we do this, we also endeavour to minimise the adverse effects of our business on our surrounding.

DEVISING INITIATIVES

Year after year, we develop meaningful efforts that are directed towards the betterment of the environment. We aim to conserve the existing natural resources through optimum utilisation and damage repair. We do this by adopting crucial steps towards practicing and promoting eco-friendly methods of business.

The Company has been awarded Bronze Medal by EcoVadis in recognition of sustainability achievement.

OUR ENVIRONMENTAL RESPONSIBILITIES

ZERO LIQUID DISCHARGE (ZLD) FACILITY

ENERGY CONSERVATION

WATER AND AIR QUALITY IMPROVEMENT

EFFECTIVE WASTE MANAGEMENT SYSTEM

PRESERVATION OF NATURAL RESOURCES

PLANTATION AND GREENERY

GO GREEN

Environmentally-friendly practices adopted

40 acres

Land used for plantation

At IOL, we always strive to promote and sustain environmental growth through our regular plantation drives, which helps us to ensure that we create a positive ecological impact on the communities that surround us.

OUR SOCIAL INITIATIVES

As a responsible company, we aim to serve the communities that surround us. Through our social benefit initiatives, our endeavour is to improve the quality of lives of those who remain unserved and underprivileged. We constantly look for ways to contribute to the overall development of the society.

Through our continued efforts and meaningful investments towards the betterment of the larger society, we aim to eradicate issues such as poverty, malnutrition, and poor living conditions, amongst others. Through our focused efforts, we endeavour to enrich the lives of the unserved people by providing them with the basic necessities that are crucial to live a balanced life.

OUR FOCUS AREAS

Healthcare

At IOL, we recognise healthcare as a crucial requirement. Therefore, we implement various initiatives that are focused on providing healthcare support to the marginalised sections of the society.

Education

We believe that education is the cornerstone of a good life. Access to education is not a luxury, but it is a necessity to improve quality of life. This is why we work directly with local communities to discover better possibilities and provide them with the education that they need to earn a sustainable living.

Social Upliftment

As part of our CSR, we believe in empowering the marginalised sections of the society. Our efforts are, therefore, directed towards improving their quality of life by providing them with the basic necessities and requirements that are important for a stable life.
