

**Ambition, Agility &
Resilience!**

This presentation (the “Presentation”) contains selected information pertaining to the business and operations of Kimia Biosciences Limited (the “Company”). It does not constitute an offer to sell or the solicitation of an offer to buy any securities or assets of the Company, nor should the information in this Presentation be used as the basis for any investment decision regarding the Company or its securities. Nothing should be construed to indicate that the business of the Company remains unchanged since the date of this Presentation.

This Presentation may express intentions, beliefs, expectations, or predictions of the future regarding the Company. These are forward-looking statements and do not relate to historical or current facts and as such, anticipate results based on management’s plans. Such statements are inherently subject to risks, uncertainties and assumptions. Forward-looking statements use words like “believes,” “plans,” “expects,” “intends,” “will,” “would,” “anticipates,” “estimates” and similar words or expressions in discussions of the Company’s future operations, financial performance or the Company’s strategies. They are based on the current beliefs and assumptions of Company management and do not guarantee future performance. There is no guarantee that any forward-looking statement will be accurate and no representation, warranty or other assurance that any of the projections or examples will be realized, and if underlying assumptions prove inaccurate or unknown risks or uncertainties materialize, actual results could vary materially from the expectations expressed in this Presentation. In furnishing this Presentation, the Company undertakes no obligation to provide additional information or to correct or update any of the information set forth in this Presentation.

Human Ambition is the Story of Determination with a Purpose!

To craft human wellbeing with chemical innovation!

Our higher purpose

Kimia's tag line "Chemistry of well-being" speaks volumes about the founder's Vision to leverage chemistry for the well-being of the people across the globe.

Our Values

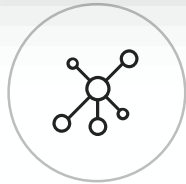

Empathetic

We take **empathetic approach** towards **every human** we interact with and that how we craft our customer's success

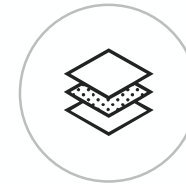

Invent And Pioneer

We are eager to **invent and pioneer** for our **customers** for the larger mission of human wellbeing.

Working Together

We work with our **customers as true partners** and co-create the story of human wellbeing with them.

Sustainability

Every decision we take, we think about **creating a better planet** for the generations to come.

Consistent

We take **pride in being consistent** with our effort, communication and commitments we make to customers

Excellence

We are **driven by excellence**, we set high quality benchmarks for ourselves and put constant effort to beat them.

Our Vision & Promise

Our promise

With the purpose of human wellbeing we deliver high quality chemistry solutions, by blending our empathetic research expertise with agile production and delivery processes.

**OUR CUSTOMER
VALUE
ASSOCIATING
WITH US**

**OUR PEOPLE
WANT TO INVEST
THEIR CAREERS
WITH US**

Our vision
To be the Clear Choice

**OUR
COMMUNITIES
TRUST US**

Our strategy

**Constant investment in R&D
for product and service
innovation**

Stringent quality benchmarks

**Making our processes agile
for faster value delivery**

**Nurture and develop our
people capabilities**

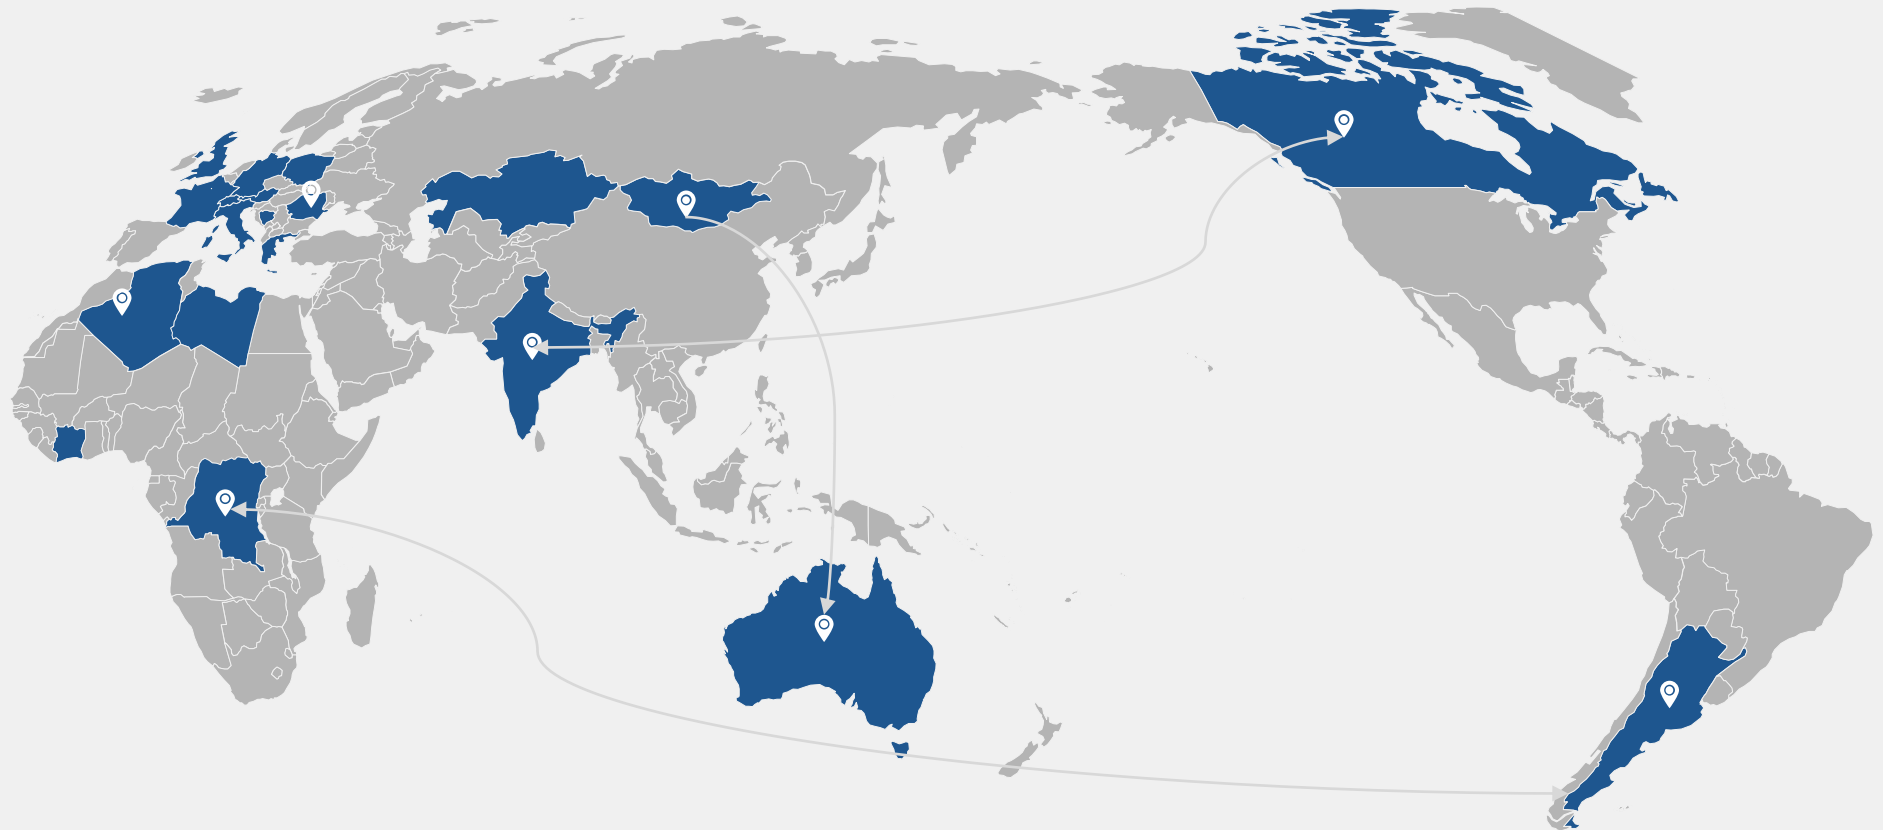

**Expanding product and
service ecosystem with
strategic partnerships**

**Embracing sustainable
practices to reduce
environmental impact**

The Global Plot

The World Certified our **Ambition**

Success is not when we talk
about our greatness! Success
is when the world talks about
our greatness!

COPP & WC – ACOTIAMIDE
HYDROCHLORIDE HYDRATE

COPP & WC –
PRUCALOPRIDE SUCCINATE

COPP & WC – OBETICHOLIC
ACID

COPP & WC – FIMASARTAN
POTTASIUM TRIHYDRATE

COPP & WC – BENFOTIAMINE

COPP & WC – VILDAGLIPTIN

**Agility is the ability of crafting
the big change.**

Innovate fast! Manufacture fast! Deliver fast!

The Agile People

Purpose driven agility is all about an agile mindset, skillset and discipline!

The Agile Processes

Reinventing processes to deliver excellence with speed & agility!

Regulatory Practice

- Approved by Department of Scientific & Industrial Research and follows WHO guidelines for GMP.
- WHO GMP (COPP) and (WC) for Acotiamide, Benfotiamine, Prucalopride Succinate, Obeticholic Acid, Fimasartan, Vildagliptin .
- ISO Certified- 9001.205
- ISO Certified-14001
- ISO Certified -18001.2007

Quality Control

- cGMP standards
- Constant upgradation of technology and people capability
- Achieving the organization quality objective by using the resources effectively and efficiently

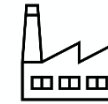

The Technology

**Blending technology with the
purpose of human wellbeing!**

Research & Development

- Specialization in CNS, CVS, GIT, anti – diabetic, anti – coagulant, Nutraceuticals
- Expertise in filing process patent & developing non-infringing process
- Development & validation of test method and genotoxic impurities evaluation
- Collaborative Programs under Confidentiality agreements

Infra & Manufacturing

- Multi-product cGMP manufacturing units
- Designed to conform to cGMP
- Powder processing areas, High vacuum distillation, Centrifuges, Dryers, Blenders, Air jet mill, Micronizer and multi mill, Purified water system

R&D

Blending technology with the purpose of human wellbeing!

- Highly skilled and diverse team comprising of PhD's, Postgraduates and Chemical Engineers
- Expertise in handling multi-step complex chemistry, extended coupling reactions, stereoselective and chiral complex products
- Full-scale patent evaluation & developing non-infringing processes
- Collaborative Programs under confidentiality agreements
- Development & Validation of test methods and Genotoxic Impurities evaluation
- Air Jet mill Micronizer and Multi-mill
- Purified water system to meet current USP quality

Infra & Manufacturing

Blending technology with the purpose of human wellbeing!

- Multi-product cGMP manufacturing units.
- Five powder processing areas as per class ISO 8 (Class 100,000)
- Reaction Temperature ranging from -90°C to +220°C
- Blenders with 300 L to 3000 L volume
- High vacuum distillation at 1 Torr and high-pressure reactions at 20 Bar in combination of 200°C temperature
- Installed reaction capacity of 214,000 L with 68 reactors-31 SSR, 36 GLR, One Cryogenic reactor, ranging from 100 L to 8,000 L
- 15 Centrifuges - (24-60") stainless steel, halar-coated and peeler
- 18 Dryers : RCVD, VTD, FBD, ANFD, TD and Nauta
- Air Jet mill Micronizer and Multi-mill
- Purified water system to meet current USP quality

Resilience is the ability to stand strong to the test of purpose

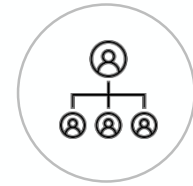

Designing high quality product and service experience with
empathy and continuous experimentation!

Business verticals

Crafting high quality products for human wellbeing

We began producing Active Pharmaceutical Ingredients (APIs), KSM's and Intermediates in 2016 as a vital input in the manufacture of complex formulations. Today, our list of API consists of 36 products which is marketed to customers in over 30 countries. Our product list includes generics and complex APIs that covers Gastrointestinal agent, anti-hypertensive, anti-convulsant, central stimulant, anti-fungal, anti-coagulant, cholelithiasis agent, anti-diabetic, anti-viral, antibiotics.

The enablers

Strong bonds get nurtured under the umbrella of purpose and empathy!

The secret of strong partnerships lies in the molecular magic

When combined, the molecules create the magic called chemistry!

Why partner with Kimia

The purpose

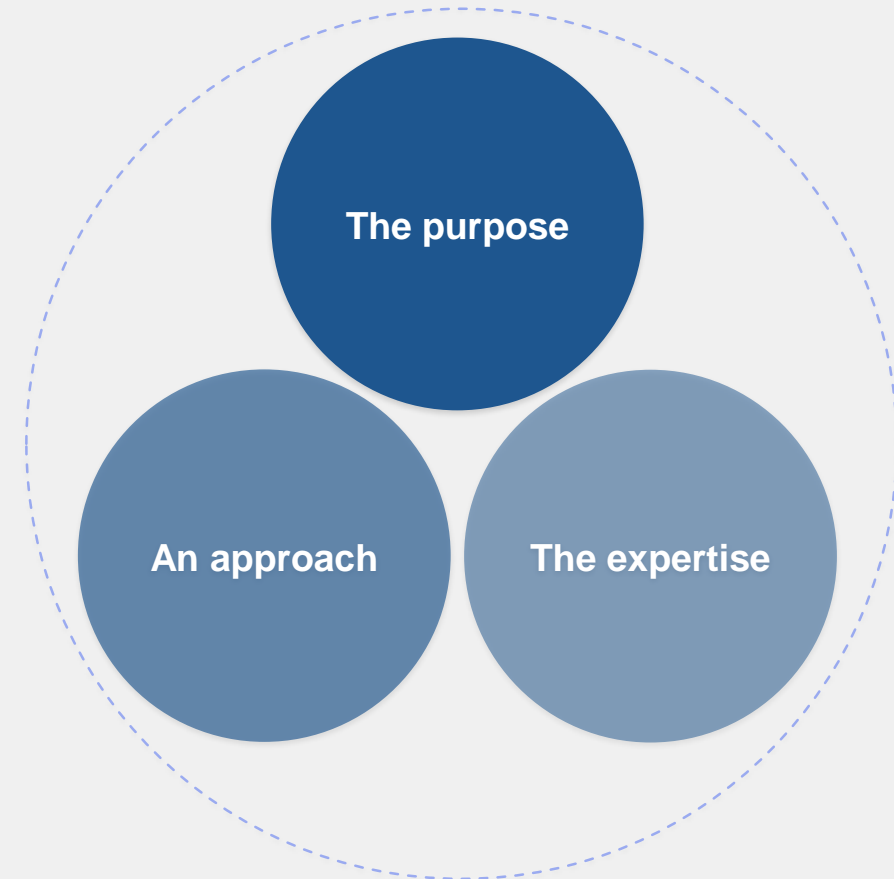

Every innovation we craft, is aimed to enable humans across the globe, live a healthy and fulfilling life.

An approach

An empathetic and agile approach to creating value

The expertise

We bring deep expertise by integrating people, process, technology with strong partners

A proven history

We have delivered commercial and emotional value through high quality product and service experience

Financial

People

Technical

Deep customer impact

We are driven by, crafting stories of trust and commercial impact.
