

NIPRO PHARMAPACKAGING

NIPRO
PHARMAPACKAGING

Introduction

Nipro PharmaPackaging (NPP) is specialized in developing and manufacturing advanced pharma packaging products and complete packaging solutions for early development drugs or enhancement of packaging solutions of existing drugs.

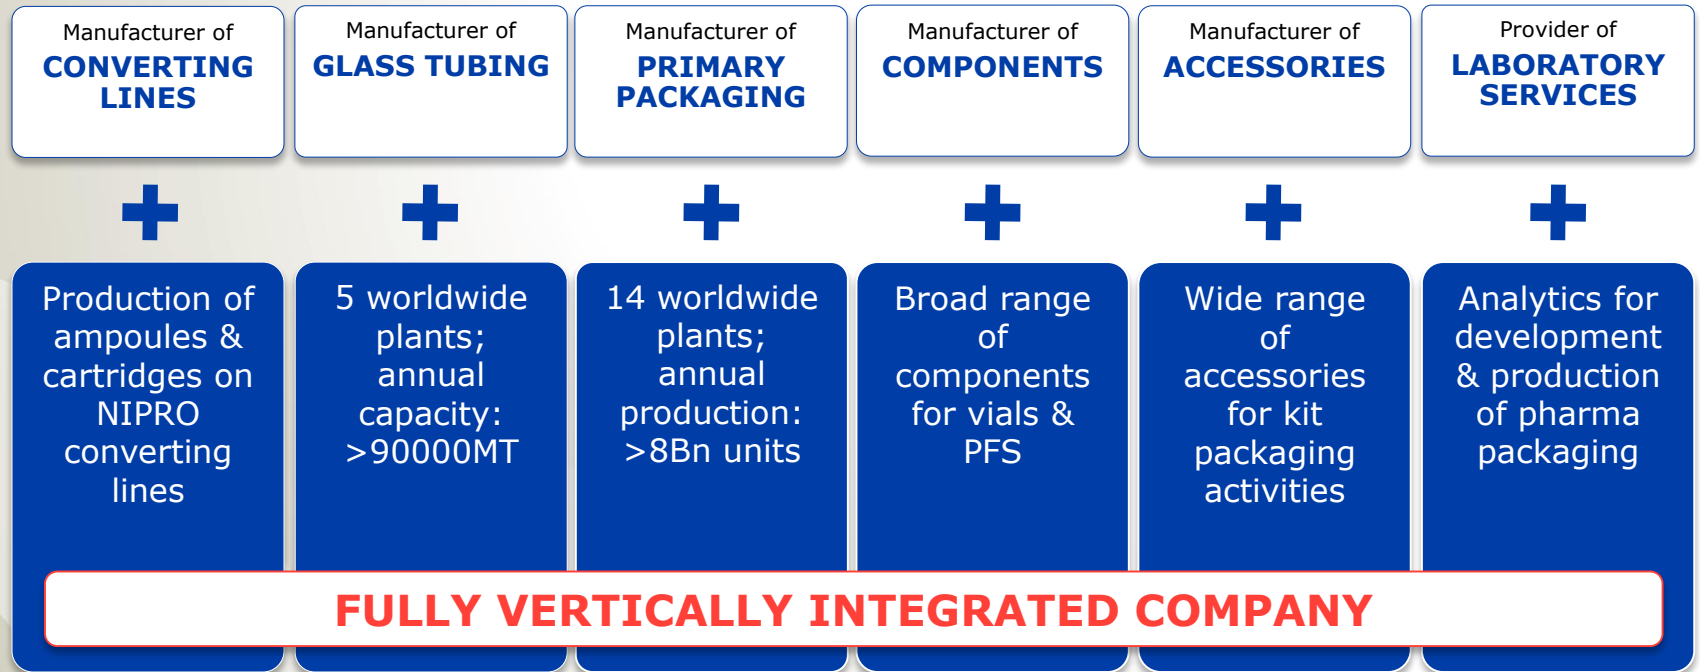

With a worldwide manufacturing footprint of 19 plants, multiple sales offices and lab services, Nipro offers an exceptional service platform. Through its personnel, products and services, Nipro PharmaPackaging enables you to provide a safer and healthier administration to your customers.

NPP is part of the Japanese Nipro Corporation, established in 1954. With over 23.000 employees worldwide, as a leading global healthcare company, Nipro serves the “Pharmaceuticals”, “Medical devices” and “Pharma packaging” industries.
