

WELCOME

to the Unique world of
Pharmacare Premium

A person wearing a white lab coat and blue nitrile gloves is holding a petri dish. The petri dish contains a grid of small, yellowish, crystalline or granular samples. The background is a laboratory setting with a blue light source and various pieces of equipment.

THE UNIQUE WORLD OF
PHARMACARE PREMIUM

PHARMACARE
PREMIUM

WHO WE ARE

Pharmacare Premium Limited is a Malta-registered Company, with an EU-GMP approved site for:

- Manufacturing and Packaging of solid dosage forms (High Potency)
- Testing and Certification of Medicinal Products (Conventional, High Potency, Chemical and Microbiological)
- Investigational Medicinal Products (Manufacturing, importation, testing and certification)

Manufacturing/Importation License No. ML029. GMP Certificate No. MT/011HM/2013

Pharmacare Premium's current business activities include:

- Development/Co-Development and out-licensing of high-potency products
- Supply of the company's portfolio of High-Potency products in the EU, MENA and other markets
- Contract Development
- Contract manufacturing
- Contract testing and EU batch release

A close-up photograph of a scientist in a white lab coat and blue nitrile gloves. The scientist is holding a test tube containing a purple liquid. The lab coat has a logo on the left chest that consists of a stylized 'P' in blue and purple, with the text 'PHARMACARE PREMIUM' below it. The background is a blurred laboratory setting with various pieces of equipment.

Pharmacare Premium's Pipeline

Generic Name	Brand Name	Molecule Patent Exp.	EU Patent Exp.	Malta Patent	Status	Dossier Ready
Sorafenib	Nexavar (Bayer)	1/2020	7/2021	No patent	Bio-Trial Pass	Q1-2020
Sunitinib	Sutent (Pfizer)	2/2021	7/2021	No patent	Bio-Trial Pass	Q1-2020
Pazopanib	Votrient (Novartis)	12/2021	6/2025	No patent	Pending	Q2-2020
Teriflunomide	Aubagio (Sanofi)	4/2022	2/2027	No patent	Pending	Q3-2020
Nilotinib	Tasigna (Novartis)	7/2023	7/2023	No patent	Pending	Q2-2021

Contract Services

High Potency Manufacturing and Packaging

- ✓ 0.5Kg – 150Kg batch size
- ✓ Dry and wet granulation
- ✓ Tableting and capsule filling
- ✓ Aqueous film-coating
- ✓ Packaging of tablets and capsules in both thermoformed and cold-formed blisters
- ✓ Serialization

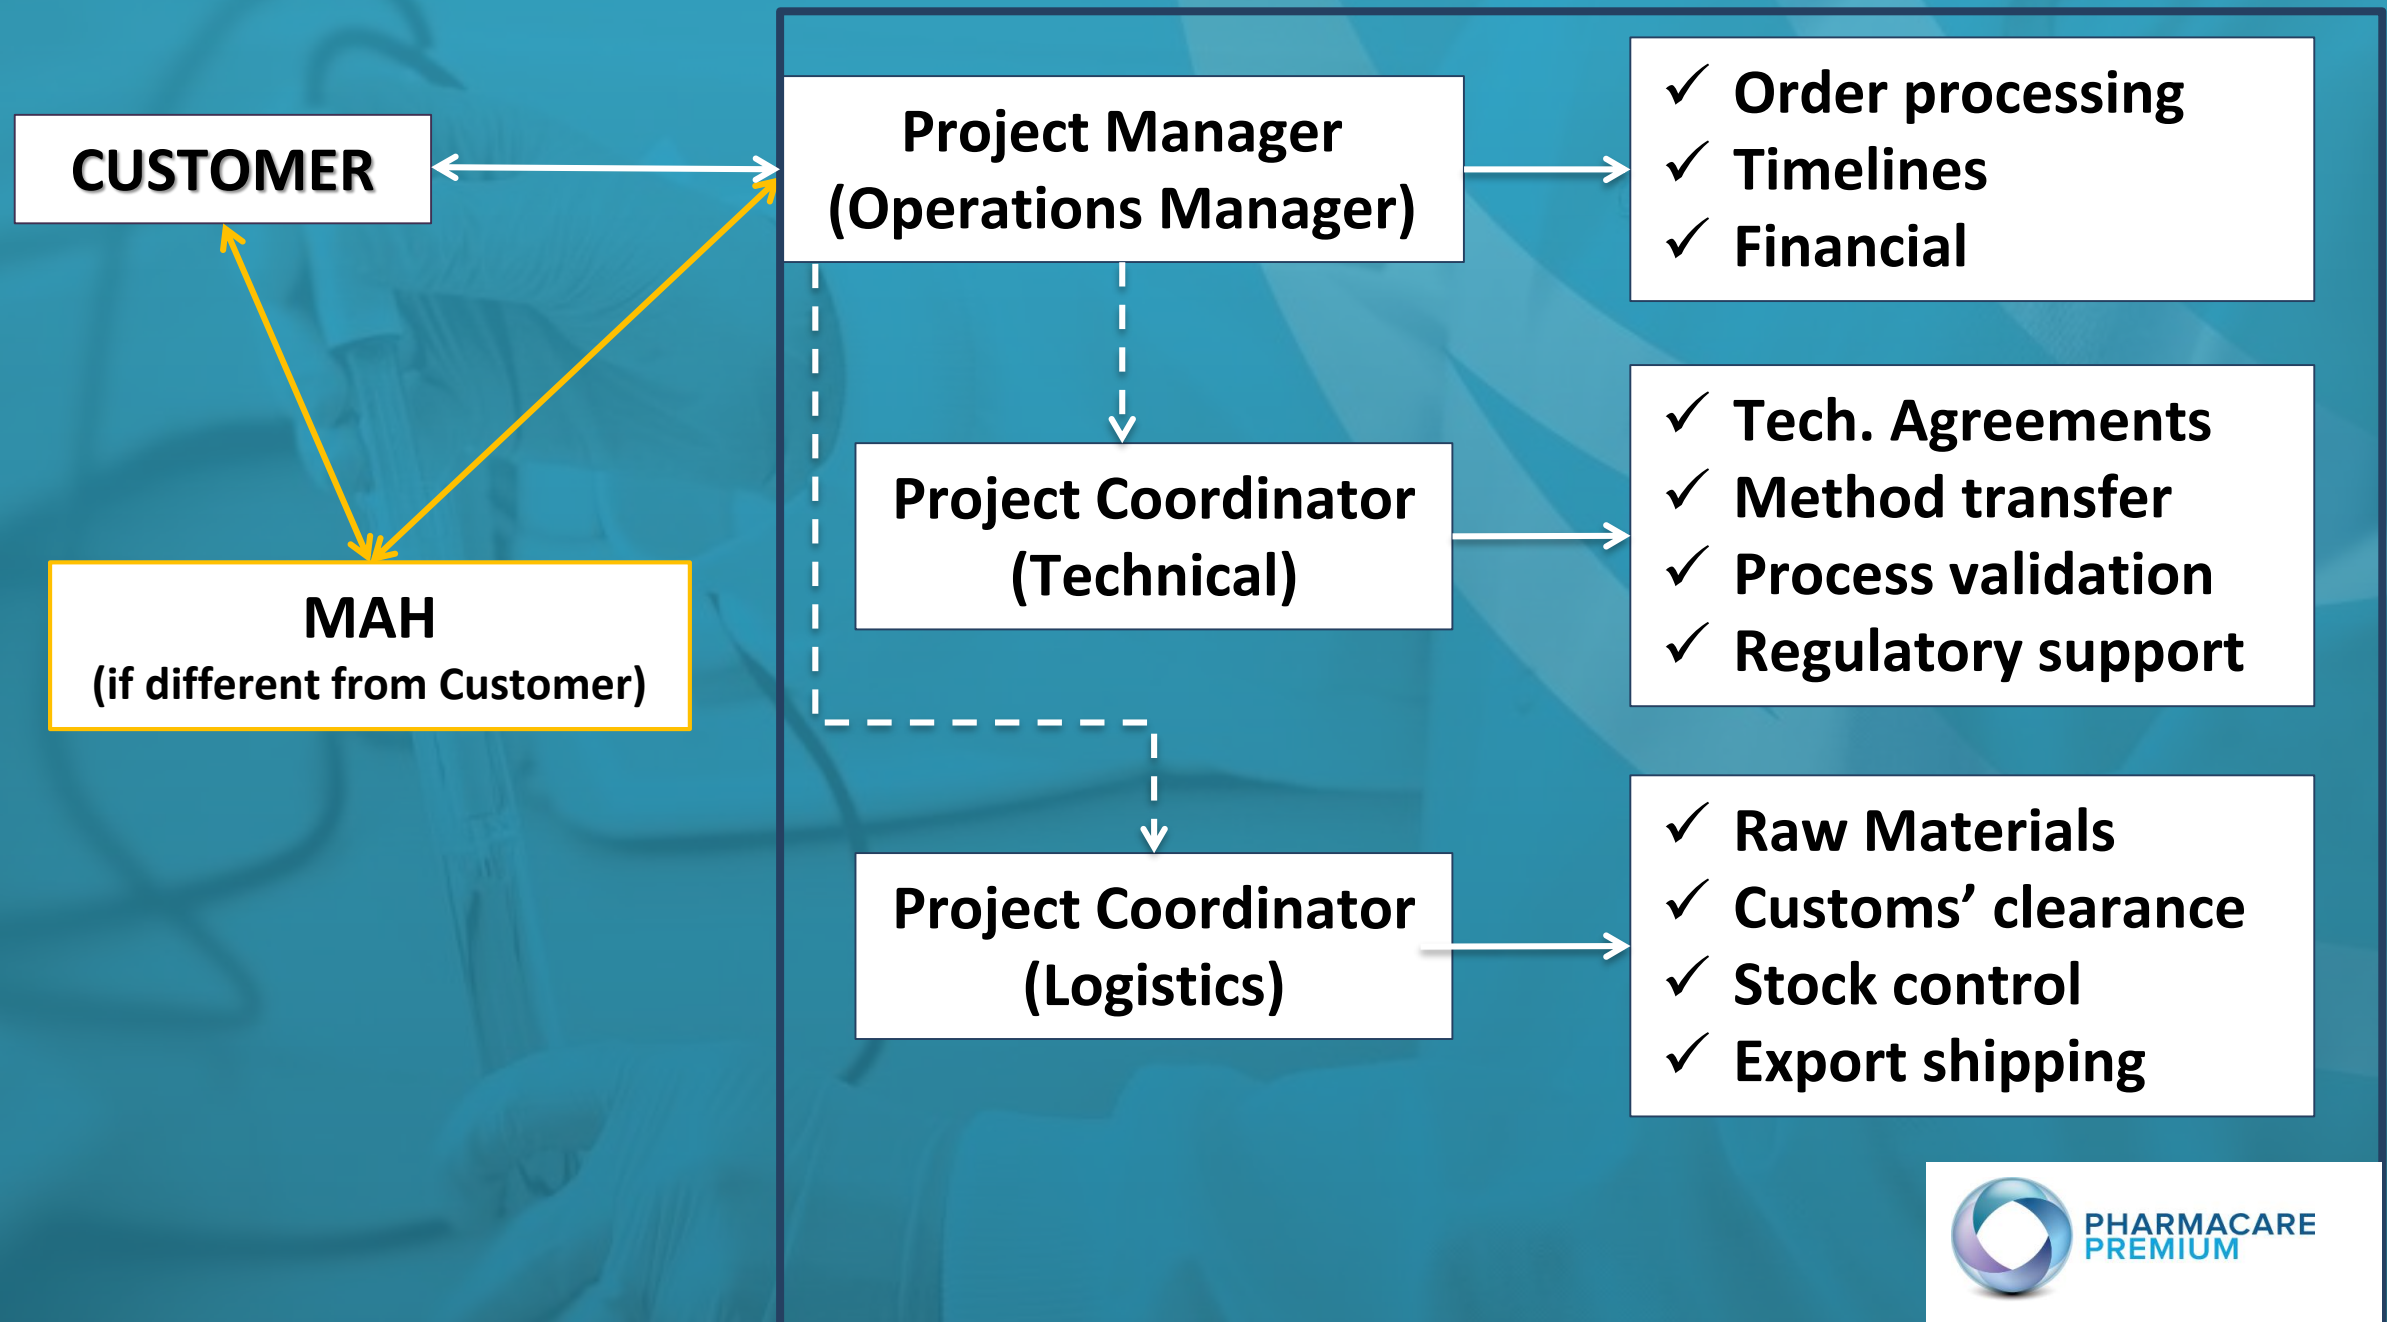

BATCH TESTING & EU RELEASE

- ✓ Full physical, chemical and microbial testing
- ✓ Batch certification and EU releasing by a Qualified Person
- ✓ Licensed for high-potency products
- ✓ Bulk and finished products

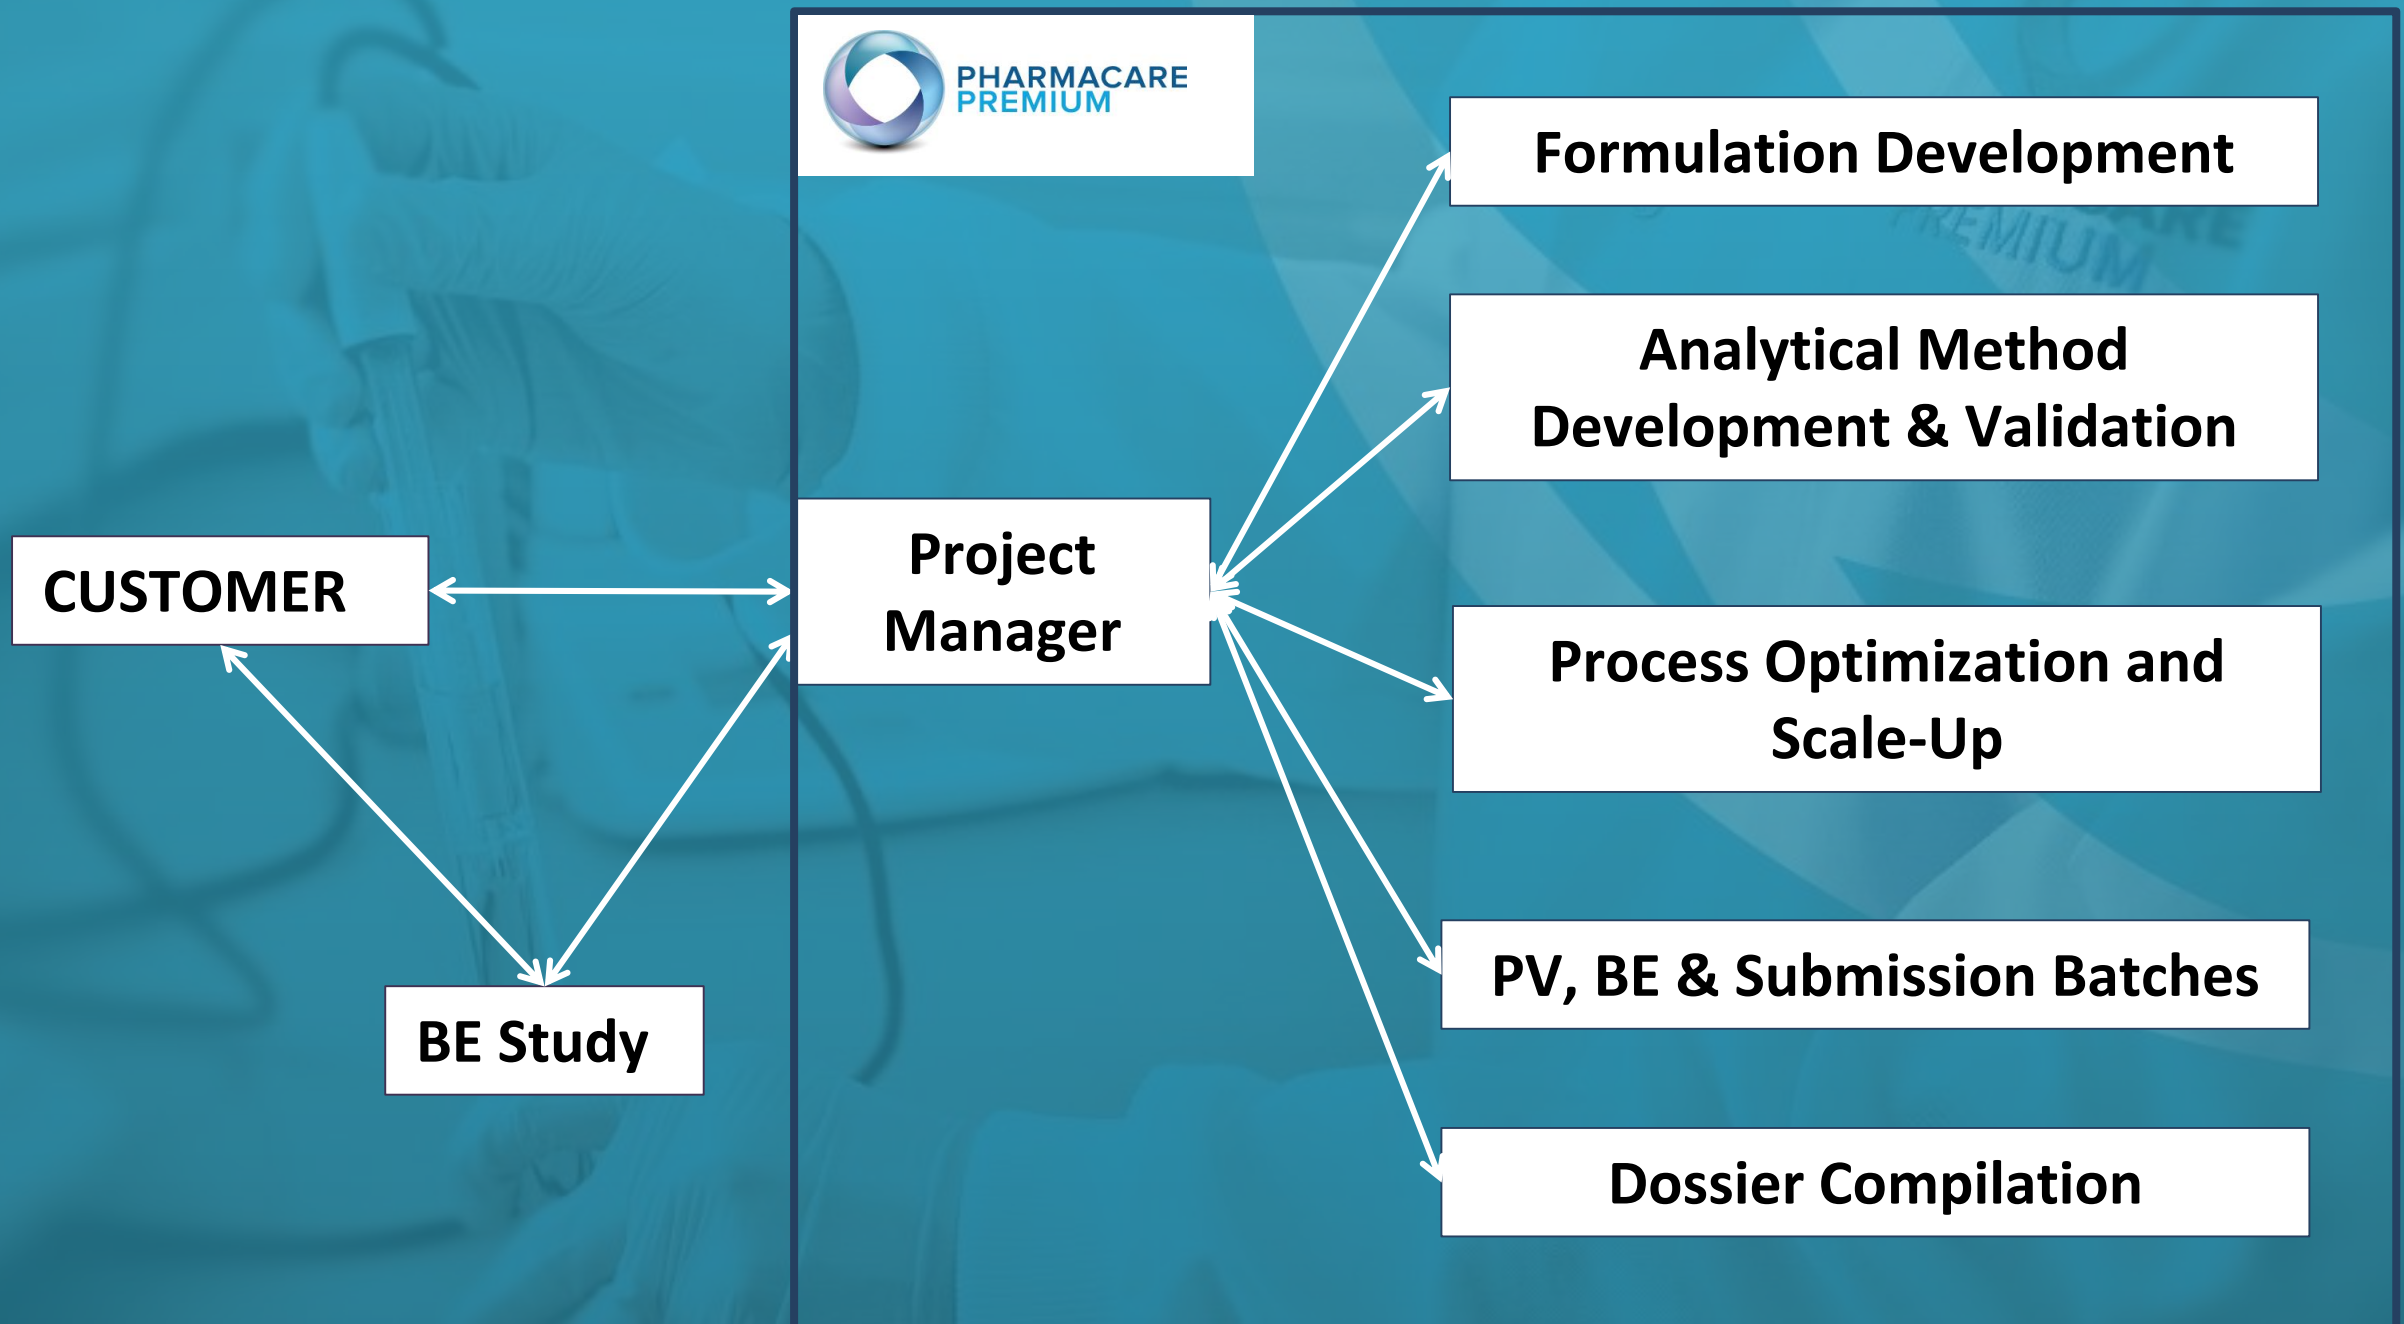

Pilot-Scale Production and Formulation

- ✓ Wet Granulation and FBD (0.5-5Kg)
- ✓ Cone Mill
- ✓ Single-punch tablet press
- ✓ 4-station tablet press
- ✓ Manual capsule filling
- ✓ Pilot-scale tablet press (9,600 tab/h)
- ✓ Coating (0.5-6Kg)

Management of Contract testing and Manufacturing Projects:

Management of Development Projects:

Pharmacare Premium's current customers include:

- SANDOZ (NOVARTIS) – Switzerland
- SALUTAS - Germany
- STADA - Germany
- AET - Germany
- KERN - Spain
- KRKA - Slovenia
- HELM – Germany
- POLPHARMA - Poland
- MEDAC - Germany
- INTAS - India
- AZEVEDOS - Portugal
- VALEANT - Slovakia
- CIPLA - India
- ACCORD – UK
- WELDING - Germany
- EDICTA – Croatia
- BLUEFISH – Portugal
- GLENMARK – Czech
- EGIS – Hungary
- VIPHARM - Poland

THE FACILITY

- Total land area 7,800 m²
- Footprint of built area 4,600 m²
- Total floor area 5,900 m²
- Production area (High Potency Solids) 1,100 m²
- Building ready for additional production line 1,300 m²
- Laboratories (chemistry and microbiology) 450 m²
- Warehouses: 800 m² (capacity of 650 pallets)
