- Make customer groups to share the same documents to many customers by one click (done 23.09.19)
- ...
- With your feedback we continue to add functions and improve Qualit-e

We don't believe in complicated price blocks, modules or counting user licences, therefore we made it simple:

1. One yearly price for an unlimited number of users in your company
2. The price only depends on the number of products you wish to upload documents for.
3. For each product, you can upload an unlimited number of documents including marketing material or even explanatory movies if you wish
4. You can share the documents unlimited times with unlimited customers or distributors
5. You get access to all the features.
6. User support is included in the price.
