

About Us

Building A Bridge Of Partnership Through Time-Honored Values

From the US to China, Europe, and South America, Rochem has been developing partnerships with our customers for over 26 years. Our 16 offices, with locations worldwide, are poised to offer our customers the best in Food, Nutrition, and Pharmaceutical ingredients.

1. Integrity

Trust Rochem to deliver the utmost in service and value. We are honest, ethical and fair in every action and decision we take.

2. Passion

A precedent set by our founder, we value bold actions and solutions. We work passionately with each other, our partners and our customers to deliver extraordinary results.

3. Ownership

We hold ourselves to the highest standards for our customers and partners. We are accountable and do what we say we will do.

About Our Founder

An inspirational story of one woman's tenacity and leadership to establish a global success.

Our History

Growing to 16 locations throughout the world, Rochem supplies Food, Nutrition, and Pharmaceutical ingredients to the largest companies on the planet.

Leadership Team

We have assembled a premier team of leaders in commercial sourcing, logistics, and manufacturing fields who are expert at developing partnerships.

Our Products

We Are Committed To Healthful Living

Rochem provides a strong bridge in the distribution chain. We bring high quality ingredients manufactured in China to food, nutrition, and pharmaceutical manufacturers worldwide.

Health For Humans

For over the counter (OTC) or prescription medications, Rochem delivers top quality ingredients with the health of everyone in mind.

Food & Beverage

We supply flavorings, sweeteners, and enhancements to food & beverage manufacturers worldwide.

Nutritional

We are your trusted source for FDA-compliant vitamins, nutraceuticals, and nutrition additives and ingredients for your products promoting a healthy lifestyle.

Health For Animals

Exceeding stringent quality guidelines, our animal feed and pharmaceutical ingredients are second to none.

Regulatory Compliance

Quality, Reliability, Trust – You Can Count On Us

We are committed to meeting and exceeding all regulatory and compliance guidelines to ensure our customers receive only the finest ingredients. You can rest assured that our partners employ FDA-compliant Current Good Manufacturing Practices (cGMPs) in all of their technologies and systems.

Regulatory Expertise

Our regulatory group ensures that our participating sourcing, manufacturing, and logistics partners are well-versed and compliant in all regulatory expectations within the countries where we operate.

Auditing Program

Our experienced compliance auditing team ensures our partner manufacturers are in compliance with all cGMP requirements in both the US and China.

Services

We Have A Well-Developed Source-To-Manufacturer Chain Ready To Go

For over 25 years, Rochem has been developing a time-tested supply chain and distribution system that is foundational to our customers' success. As nutritional and pharmaceutical ingredients have changed and evolved, so have we.

Sourcing

We spend the time to identify and recruit quality suppliers with verified credentials that resource top grade ingredients.

Logistics

Our logistics team stands ready to ensure the flow of goods to our customers on time every time.

Supply Chain Management

Rochem manages the entire supply chain from sourcing to delivery of ingredients with the sole focus of maximizing our customers' competitive advantage.

Strategic Partnerships

We excel at developing long-term, strategic partnerships with our customers, our suppliers, and our outstanding employees. Our alliance of business partners is paramount for our success.
