

# SALICYLATES AND CHEMICALS

**SPECIALIZED INGREDIENTS  
AT THE HEART OF YOUR FORMULATIONS**

## ABOUT US

Established in 1978 in Hyderabad, India, Salicylates and Chemicals Pvt. Ltd. began its journey by specializing in the production of Salicylic Acid. Today, we have expanded our manufacturing capabilities and operate in over 60 countries, providing a comprehensive range of natural and synthetic preservatives, UVA and UVB filters, skin and hair care actives, nutraceuticals, and natural extracts to the global personal care and pharmaceutical industries.

At Salicylates, we are dedicated to delivering value to all our stakeholders. Our commitment to ongoing research and development allows us to refine our processes and improve our product quality standards. As a result, our diverse product portfolio adheres to international standards and has earned various certifications. We prioritize our customers' needs by staying up-to-date on market trends and regulatory requirements.

**We envision a better future for beauty, wellness, and healthcare, and we strive to achieve this through innovative solutions.**
