GLOBALLY AND NATIONALLY

**Dedicated to Discovery,  
Committed to Care**

Shaimil Laboratories, division of “Pramesh Wealth Pvt. Ltd.” has grown formidably from a small domestic company to an integrated **WHO-GMP** approved pharmaceutical company. Shaimil has a Team of igniting minds who is passionate towards Research and has experience in developing new pharmaceutical technologies. We are determined to capitalize on the untapped opportunities in pharmaceuticals field based on our strong fundamentals of innovation, entrepreneurship, and aggressive marketing.

we at Shaimil Laboratories are making efforts in delivering quality formulations and adding value to patient’s life. We remain committed to enhancing value as we actively pursue our strategy of growth through organic and inorganic means. As we step into the next phase, we are driven by our ambition, willing to invest in the growth of our people and business, marching towards the new horizon of leadership.

## VISION

To make patient life easy through continuous *innovation, development, and manufacturing* affordable pharmaceutical products complying with the regulatory standards.

## MISSION

We make our vision real through robust organizational growth, by delivering innovative health products to all segments of society in alignment of our core values.

## VALUES

### Care

Protect and enhance interest of our customer, community, employee, partner and stake holders.

---

### Performance

Achieve goals with determination, striving for excellence without compromising on quality and safety.

---

### Integrity

Consistence in our action, thought, and speech.

---

### Team work

Together Everyone Achieve More.

---

### Innovation

Promote out of box thinking and coming up with new ideas. We learn from mistakes and pursue continuous improvement.

Foresee - Addition of OpticStrive - R&D wing, Regulatory and clinical service support, Liquid manufacturing facility.
