

# Shandong Boyuan Pharmaceutical

## About us

We are one of well-known manufactures of key Active Pharmaceutical Ingredients (APIs) and Intermediates in China, with 20 years of experience and presence in 20+ countries in pharma sector. At Boyuan, we are committed to providing high quality products and services with a team of experienced & qualified experts in R&D, QA, QC and Manufacturing function.

Formerly known as “Jinan Boyuan Chemical Co., Ltd” and “Shandong Boyuan Chemical Co., Ltd.” Boyuan was founded in June 2001. We obtained the Drug Manufacturing License in January 2012. Now Boyuan has two manufacturing plants in cities of Jiyang and Yucheng in Shandong province, China. Covering an area of 30000 m<sup>2</sup>. The Jiyang plant has 6 workshops with complete facilities and support functions. Covering an area of 106668 m<sup>2</sup>, the Yucheng plant has 12 workshops with complete facilities and public utilities including quality inspection center, warehousing, purified water preparation center, power distribution, boiler, sewage disposal, tank farm and other auxiliary facilities. Both plants are in line with the GMP standard, following a strict quality management system and conforming with international standards.

Boyuan is dedicated to anti-cancer, anti-fungal and other APIS and intermediates associated with a team of experienced and qualified employees. We are devoted to technological innovation, extraordinary product quality and pursuing excellent and responding customer service in a global vision.

### About Us
