

INDIA'S SMALL GIANTS

COMPANY PROFILE

Mr. Rabindra P. Sinha
Managing Director

SIGACHI INDUSTRIES Pvt. Ltd.

Sigachi is a professionally managed company with a team of technocrats, well qualified and richly experienced in the field of Pharma, Cellulose based filter coatings, Plasticizers and Chlorinated synthetic resins. Sigachi was incorporated in the year 1989 to produce Chlorinated Paraffin & Hydrochloric Acid and then added another product Microcrystalline Cellulose in the year 1995.

Sigachi has been witnessing a period of continued expansion across every product range of its business. Sigachi is a Manufacturer, Exporter and Supplier of Micro Crystalline Cellulose, Filter Aid Cellulose, Hydrochloric Acid, Chlorinated Paraffin Oil etc.

Sigachi Manufactures:

- Chemical Compound
- Chlorinated Paraffin Oil
- Cellulose Powder

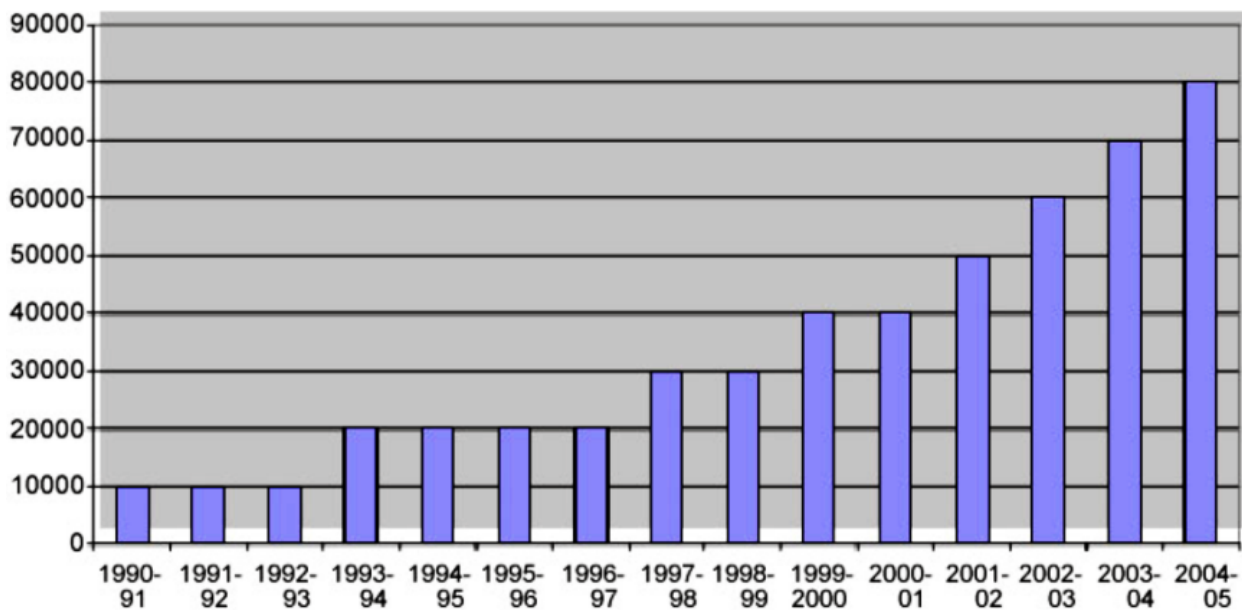

- Micro Crystalline Cellulose
- Filter Aid Cellulose

The Company meets the growing and changing needs of the customers consistently, through continual improvement in the processes, Quality Management System and compliance of requirements.

The Indian chemical industry is standing at a very critical juncture, where immense growth opportunities coupled with intense competition are acting as major drivers behind the dynamic growth being witnessed in certain segments. The National chemical policy aims to gauge the competitive edge of all the segments and ensure integrated and overall long-term growth of the Indian chemical industry. The specialty chemicals sector is characterized by the need for high-value products, high-volume requirements with expanding customer base, a product-driven market and addition of new participants at various levels of the value chain.

Their leadership in the industry is cemented by the fact that in the last three years, Sigachi has tripled its manufacturing capacity of Cellulose based products. To meet the growing demands from customers, Sigachi started a new plant in Jhagadia, Gujarat exclusively for manufacture of Filter Aid Cellulose. Another state of art facility with sophisticated technology as per USFDA norms has commenced operations at Special Economic Zone Dahej, Gujarat. This plant is a 100% Export Oriented Unit catering to Customers all over the globe.
