MEDICINE
BY PROCAPS

SoftGels

Softgel capsules encapsulate liquid, paste, or oil-based active compounds in solution or suspension within an outer shell, made from animal-derived gelatin.

Since Softgel capsules are hermetically sealed, they provide multiple advantages including Safety (Tamperproof), accuracy of fill ingredients, precise dosages, among others.

Softgel capsules are used in **a broad range of consumer products, including prescription drugs, over-the-counter medications, dietary supplements, unit-dose cosmetics, and veterinary formulations.**

unigel™

A First to Market Technology

Incorporating other delivery systems such as tablets, microgranules or pellets into one single Softgel Capsule, is now possible.

Unigel™ (US Patent No. 8,967,989B2) is the only technology available for fixed dose combinations, allowing multiple ingredients, some of which are not chemically compatible in other formats, to co-exist in one capsule.

Unigel™ is also patented in Colombia, The European Union, Japan and Korea.

Why UNIGEL™?

For Health Reasons

For The Product

For The Brand

Chew gels

Chew gels

Convenient, consumer preferred, totally ingestible,
and ideal for children

Chewgels™ is softigel's latest technology in chewable soft capsules, that offers not only taste and flavor, but a convenient and an easy-to-swallow dosage form.

With a variety of shell textures and flavored fills, Chewgels™ offers great tasting formulations for a wide range of therapeutic lines for the global healthcare and nutritional supplement industry.

Powered by:

Fun-trition!™

CHEWGELS™

Advantages

Easily ruptured, simply swallowed and rapidly dissolved, leaving a good mouth feel.

Wide range of fill and shell formulations, flavors and sweeteners.

Shell solubility and stability assurance.

Portable exact dose form: within our chewable burstlets the fill content may contain solutions, suspensions, pastes and emulsions.

Non sticky softgel due to its drying process.

Ability to select the right gelatin and appropriate excipients to hold the ingredients and the flavoring.

Lipid coating of the API for special taste masking applications.

CHEWGELS™

Consumer Benefits

No water needed: Taken easily on the run without water or food.

Easy to swallow: Suitable for children or senior adults who often reject traditional dosage forms.

Fast effect: immediate release and absorption in the mouth and stomach.

Great taste: Our Chewgels™ technology delivers ingredients that consumers love and ensures an ongoing consumption.
