

Making chemistry work

# A strong portfolio in key markets

[HOME](#) ◀ [OUR PRODUCTS](#)

**ACTIVE PHARMACEUTICAL INGREDIENTS**

**INTERMEDIATES**

*A focused API portfolio that includes generics and complex APIs*

Synthokem Labs has over three decades of experience in developing APIs across diverse therapeutic areas. Over the decades we have become trusted partners for many leading generic and innovator companies within India and Internationally. Our team ensures that all APIs and processes developed for various markets comply with applicable regulatory requirements.

# Our Products

Synthokem is focused on developing new products, improving existing products as well as expanding product applications.
