

Dear Friend,

Good day.

for your convenience and you can know our company well, hope you can take some time to look through all we prepare specially for you. For Yasin, we sincerely hope we both company will establish long term busines relationship.

We are specilized the producing pharmaceutical and edible gelatin in China for 30 years, which are enjoyed good reputation in gelatin line and also received satisfaction from our customers in different countries.

Experienced and Professional Boss, eigneers, QC, PD, and R&D will gurantee gelatin quality.

Here we would like to introduce above colleagues especially, you can see that all of them are not

so young, they are in our factory for more than 15 years, all of them are full of experienced in handling all processes of producing gelatin and strictly in testing quality. This is why we can keep stable quality to our customers.

Our Sales Team

Energetic and professional sales teams can show us best services to all our customers.

In order to let you know us very well, here we would like to intruduce some details as below:

1. Specification of Yasin Gelatin

Edible Gelatin: 80-280Bloom

Pharmaceutical Grade Gelatin:

120Bloom, 150Bloom

180Bloom, 200Bloom

220Bloom, 250Bloom

2. Quality of gelatin

YASIN GELATIN CO.,LTD.

www.asiangelatin.com

Tel: 86-592-6012094 Fax: 86-592-6020974

Email: info@asiangelatin.com Skype: ysgelatin1314 Msn: ysgelatin@hotmail.com

No.	Specification	National Standard	Our Quality Promise
2	Chromium	≤10mg/kg	≤1mg/kg
3	Transparency	≥300mm	≥500mm
4	Bacteria	≤1000mg/kg	≤10mg/kg
5	E.Coli	in 100g	Negative
6	Salmonella	in 25g	Negative

1. For gelatin, we produce gelatin in strict accordance with the Chinese standard of edible & pharmaceutical gelatin, and even far better than Chinese gelatin standard. Such as transparency ≥500mm, bacteria content<10cfu/g etc.
2. Comparing with the same gelatin manufacturer in domestic, for our gelatin 150bloom, we can reach the quality range as their 180bloom, and our 180bloom can reach their 220bloom...etc.
3. The most important is that we can customize gelatin according to the quality you need.

Our quality is equal to Rousselot, Gelita etc. but price is more competitive. We feel confident that you will be very satisfied with our quality. If you still have hesitation, you can authorize the third testing company, like SGS to audit.

Also, by using our gelatin, which has high productivity. The data is we got the feedback from our customers who are producing soft capsule as below shows:

By using the normal quality from other domestic manufacturer to produce soft capsule, the output for per manshift only can produce 2000 grains, and the gelatin nesting will have about 30%. While **by using ours, it will reach 4000grains, and hardly has gelatin nesting, which will improve production efficiency, and reduce the labor and production costs.**

You will know our quality after you testing our sample.

3. Advanced Equipment with High Technical.

Automatic Gelatin Band Dryer Net

Filtration & Ion Exchange System

Gelatin Noodles

Packing Machine

Cotton Filtration

4. Our Lab

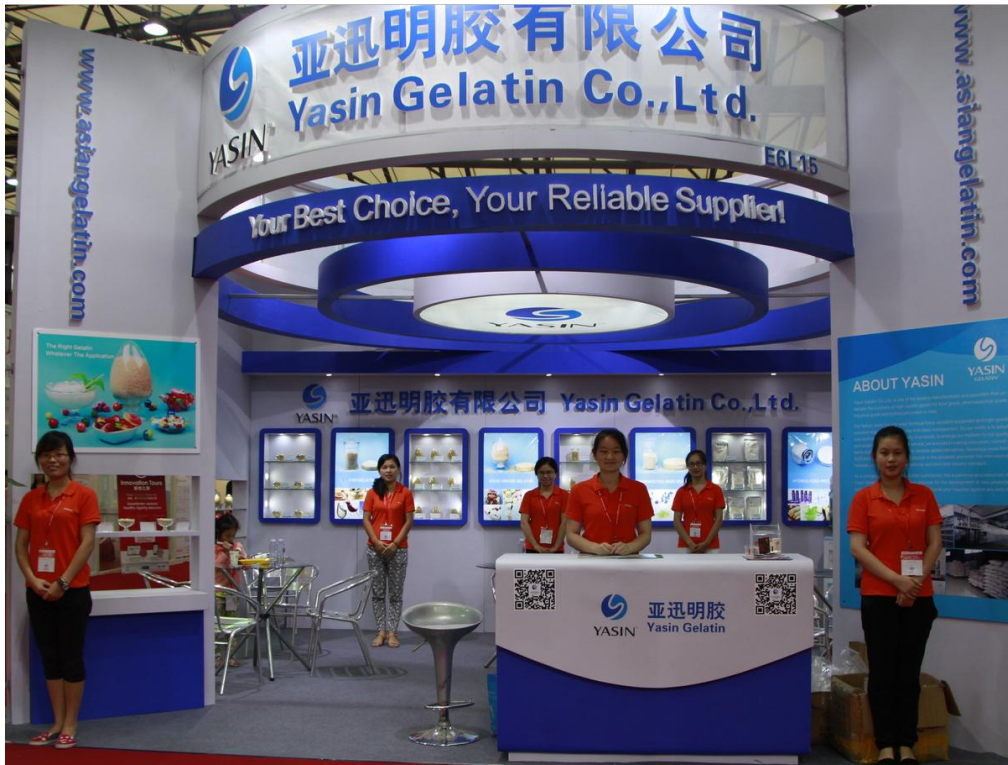

Scrupulous laboratory experts will strictly control all parameters of gelatin.

In Dec. 2015, we are applying GMP certificate. All were setted according to GMP standard. Welcome you to visit our factory to audit if you need it.

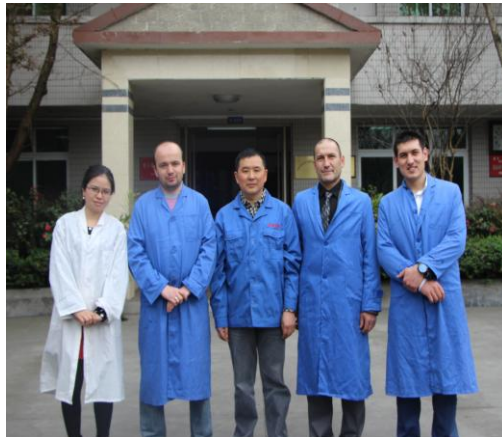

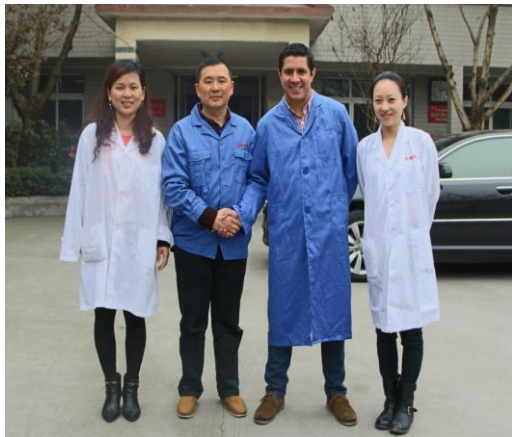

5. Our Exhibition

We were attending the CPHI China in Shanghai and many our customers visited our booth.

6. Customers Visiting

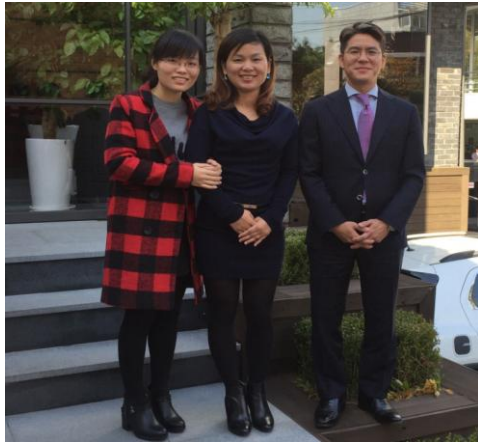

We welcome all of our customers to visit our factory. Many of our customers are very satisfied with our factories and quality after visiting our factory, and place continuous orders with us cause of our stable & satisfied quality and best service.

7. Our visiting to USA, Colombia & Korea in 2015

In 2015, we began to visit our customers from different countries, cause we hope we can talk about gelatin issues face to face. We hope we can support all of our customers to expand market with satisfied quality. We are confident on our quality, this is why we dare to go out to visit our customers.

Frankly, In China, government has been very strict since 2012 gelatin case, many unqualified gelatin factories are closed. And it has been stated that Chromium content should be within 2 ppm for pharmaceutical and edible gelatin. Otherwise above 2ppm will be regarded as industrial grade gelatin. We feel confident that our gelatin quality is equal to Rousselot, Gelita or Sammi Gelatin (Korea), but we will have more competitive price. Many of our potential customers from domestic & abroad place trial order from us after testing our sample and speak highly of our quality, then keep continuous orders from us. And we have received some factory visiting after Chinese Spring Festival from some of our customers.

Here we would like to share you some big capsule factories in our domestic and USA as below for your reference:

Shanxi Guangsheng Medical Capsule Co., Ltd. (<http://www.gscapsule.com>)

Donghai Pharmaceutical (<http://www.donghaipharm.com>)

Weihai Zi Guang Biotechnology Co., Ltd. (<http://www.whqhzg.com>)

Baihe Biotechnology Co., Ltd. (<http://www.baihekang.com.cn>)

Weihai Kanghao Biotechnology Co., Ltd. (<http://www.kanghaoguoji.net/>)

Beijing LvJian Yuan Biotechnology Co., Ltd. (<http://bjljy.com>)

Hunan Er-Kang Pharmaceutical Co., Ltd. (<http://en.hnerkang.com>)

YASIN GELATIN CO.,LTD.

www.asiangelatin.com

Tel: 86-592-6012094 Fax: 86-592-6020974

Email: info@asiangelatin.com Skype: ysgelatin1314 Msn: ysgelatin@hotmail.com

Hallo Chem Group Co., Ltd. (<http://www.hallochem.com>)

Di Ao Group Chengdu Pharmaceutical Co., Ltd. (<http://www.diaocdy.com>)

A Hui Hai Kang Pharmaceutical Co., Ltd. (<http://www.hkpharm.cn/>)

Etc.

Also, one of our regular customers from USA needs 3 containers/month of pharmaceutical 150bloom gelatin, the following are the shipping data of 2015 for your reference:

Feb.13, 2015 2 containers

Feb.17, 2015 1 container

Mar. 19, 2015 3 containers

Mar.31, 2015 1 container

Apr.22, 2015 3 containers

May.15, 2015 3 containers

Jun.16, 2015 3 containers

...

Some of above factories had used Rousselot gelatin before, and now have switched all orders from us, cause of our satisfied quality and compotitive price.

Dear partner, although this is our first time to talk about gelatin business, we sincerely hope we can establish long term business relationship based on satisfied quality, best price and excellent service. Believe that Yasin can be your best choice, your relibale supplier.

Best wishes

Yasin Gelatin
